- (c) All applications are to be handled and approved through a single central location to assist with consistency in application of the policy.

3.9 Conduct of employees

All matters relating to the conduct of employees shall be dealt with under the relevant Code of Practice as issued by the Commissioner of the QAS or policy as issued by the Director-General, Department of Community Safety. Performance interviewing should, where appropriate, be used as an alternative to disciplinary action.

3.10 Performance interviewing

- 3.10.1 *Purpose of performance interviewing*

- (a) Performance interviewing can be used as an alternative to formal disciplinary action in resolving problems relating to the conduct of employees.
- (b) If the issue is not appropriate to be dealt with under a relevant Code of Practice or Policy, the supervisor, as determined by the Regional Assistant Commissioner, is to consider whether performance interviewing would

be more appropriate than formally disciplining the employee concerned. Performance interviewing should, where appropriate, be used as an alternative to disciplinary action.

3.10.2 *The preliminary interview (informal)*

- (a) Before deciding on formal performance interviewing, the supervisor may decide to conduct an informal preliminary interview with the employee alleged to have a problem with work performance or conduct. The main aim of the preliminary interview is to identify (in an informal way) the possible causes of the work related problem(s) and determine what remedial action is to be taken.
- (b) The supervisor should outline the aspects of the employee's conduct which are causing concern. The supervisor should then allow the employee an opportunity to respond and together, they should discuss options for resolving any problem(s) identified. The supervisor should also stress to the employee that this interview is "informal" and off the record. Employees should also understand that the "informal" procedures will not be taken into account for any subsequent disciplinary action or promotion and will not appear on the employee's personal record.
- (c) The supervisor and employee concerned should come to an agreement about the proposed course of action and set a review date to check progress.
- (d) The supervisor conducting the preliminary interview should assess the appropriateness of referring the matter to the appropriate peer support personnel if there is a possibility that the work performance deficiency is stress related. If an employee is referred for stress counselling, the procedures contained in this code should not be utilised.
- (e) The supervisor conducting the preliminary interview should also assess the appropriateness of referring the employee for a medical examination if there is a possibility that the work performance deficiency is related to a medical problem.
- (f) On the review date the supervisor should discuss with the employee how the employee has progressed. If progress has been satisfactory, the supervisor should say so and encourage the employee to maintain the good standard. If the agreed course of action has not been followed or has not resulted in an improvement, the supervisor is to consider whether a "formal" performance interview for the employee is necessary.

3.10.3 *The formal performance interview*

- (a) Before conducting a formal performance interview, the supervisor must have established the facts and outlined and considered the employee's explanation. The supervisor must then consider whether performance interviewing would be more appropriate than formally disciplining the employee.
- (b) The supervisor must advise the employee that the employee may have a Union representative or a witness present at the formal performance interview.
- (c) The main aim of the formal performance interview is to inform the employee that:
 - (i) the supervisor is of the opinion that the employee has a specific or general work related problem.
 - (ii) although it has been decided that formal disciplinary action will not be taken at this stage, the matter is regarded as serious.
- (d) A supervisor may, if the supervisor chooses, have a witness present during the performance interviews.
- (e) In the course of the interview, the following points are to be clearly explained to the employee:
 - (i) the standards of conduct or work performance which are expected of the employee;
 - (ii) how the employee has fallen short of these standards;
 - (iii) the consequences which may result from continued or repeated failure to adhere to these standards; and
 - (iv) where appropriate, measures the employee needs to take to improve the employee's performance.
- (f) Employees are to be made aware that their performance will continue to be monitored and a date is to be set to review progress. Employees should also understand that this performance interview may be taken into account in any subsequent disciplinary action and that it may be relevant to other decisions affecting their

career (e.g. in relation to promotion). However, as far as possible the interview should end on a positive note, emphasising the opportunity for the employee to remedy the situation.

3.10.4 *Records of formal performance interviews*

- (a) Written records are to be kept for all formal performance interviews conducted. At the beginning of the interview, employees are to be advised that such record will be made.
- (b) An employee is to be invited to sign the record and given a copy of it. The employee may add the employee's own comment to the record by way of explanation.
- (c) Records of formal performance interviews conducted by Assistant Commissioners or managers record action taken as an alternative to formal disciplinary action and accordingly, are to be placed on the employee's personal file.

3.10.5 Formal performance interview records will not be relied upon for any disciplinary purpose unless disciplinary action has been initiated within two years of the performance interview occurring, and is relevant to that action.

3.11 **Two classes of work**

Where an employee on any one day performs two or more classes of work to which a differential rate fixed by this Determination is applicable, such employee if employed for more than four hours on the class or classes of work carrying a higher rate, shall be paid in respect of the whole time during which the employee works on that day at the same rate which shall be at the highest rate fixed by this Determination in respect of any such classes of work. If employed for four hours or less on the class or classes of work carrying a higher rate the employee shall be paid at such higher rate for four hours.

3.12 **Anti-discrimination**

3.12.1 It is the intention of the parties to this Determination to prevent and eliminate discrimination, as defined by the *Anti-Discrimination Act 1991* and the Act as amended from time to time, which includes:

- (a) discrimination on the basis of sex, marital status, family responsibilities, pregnancy, parental status, age, race, impairment, religion, political belief or activity, trade Union activity, lawful sexual activity and association with, or relation to, a person identified on the basis of any of the above attributes;
- (b) sexual harassment; and
- (c) racial and religious vilification.

3.12.2 Accordingly, in fulfilling their obligations under the grievance and dispute settling procedure in clause 2.1, the parties to this Determination must take reasonable steps to ensure that neither the Determination provisions nor their operation are directly or indirectly discriminatory in their effects.

3.12.3 Under the *Anti-Discrimination Act 1991* it is unlawful to victimise an employee because the employee has made or may make or has been involved in a complaint of unlawful discrimination or harassment.

3.12.4 Nothing in clause 3.12 is to be taken to affect:

- (a) any different treatment (or treatment having different outcomes) which is specifically exempted under the *Anti-Discrimination Act 1991*; and
- (b) an employee, employer or registered organisation, pursuing matters of discrimination, including by application to the Human Rights and Equal Opportunity Commission/Anti-Discrimination Commission Queensland.

3.13 **Termination of employment**

3.13.1 *Statement of employment*

The employer shall, in the event of termination of employment, provide upon request to an employee who has been terminated a written statement specifying the period of employment and the classification or type of work performed by the employee.

3.13.2 Termination by employer

(a) An employer may dismiss an employee only if the employee has been given the following notice:

Period of Continuous Service	Period of Notice
Not more than 1 year	1 week
More than 1 year, but not more than 3 years	2 weeks
More than 3 years, but not more than 5 years	3 weeks
More than 5 years	4 weeks

(b) In addition to the notice in clause 3.13.2(a), employees 45 years old or over and who have completed at least two years' continuous service with the employer shall be entitled to an additional week's notice.

(c) Payment in lieu of notice shall be made if the appropriate notice is not given:

Provided that employment may be terminated by part of the period of notice specified and part payment in lieu thereof.

(d) In calculating any payment in lieu of notice the minimum compensation payable to an employee will be at least the total of the amounts the employer would have been liable to pay the employee if the employee's employment had continued until the end of the required notice period. The total must be calculated on the basis of:

- (i) the ordinary working hours to be worked by the employee; and
- (ii) the amounts payable to the employee for the hours including for example allowances, loadings and penalties; and
- (iii) any other amounts payable under the employee's employment contract.

(e) The period of notice in clause 3.13.2 shall not apply in the case of dismissal for misconduct or other grounds that justify instant dismissal, or in the case of a casual employee, or an employee engaged by the hour or day, or an employee engaged for a specific period or tasks.

3.13.3 Notice of termination by employee

(a) Written notice of resignation of not less than two weeks shall be given by the employee. Such two weeks shall not include annual leave unless mutually agreed.

(b) Where two weeks' notice is not given, the equivalent amount of salary shall be forfeited in lieu.

(c) In the case of an employee whose resignation is to take effect less than two weeks after it is given, the employee shall forfeit two weeks' salary or such lesser amount as the employer considers to be fair and reasonable.

3.13.4 Time off during notice period

During the period of notice of termination given by the employer, an employee shall be allowed up to one day's time off without loss of pay for the purpose of seeking other employment. This time off shall be taken at times that are convenient to the employee after consultation with the employer.

3.14 Introduction of changes

3.14.1 Employer's duty to notify

(a) Where the employer decides to introduce changes in production, program, organisation, structure or technology, that are likely to have significant effects on employees, the employer shall notify the employees who may be affected by the proposed changes and, where relevant, their Union.

(b) "Significant effects" includes termination of employment, major changes in the composition, operation or size of the employer's workforce or in the skills required; the elimination or diminution of job opportunities or job tenure; the alteration of hours of work; and the need for retraining or transfer of employees to other work or locations and the restructuring of jobs:

Provided that where the Determination makes provision for alteration of any of the matters referred to herein an alteration shall be deemed not to have significant effect.

3.14.2 *Employer's duty to consult over change*

- (a) The employer shall consult the employees affected and, where relevant, their Union about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, the employer intends to carry out the dismissals), and the ways to avoid or minimise the effects of the changes (e.g. by finding alternate employment).
- (b) The consultation must occur as soon as practicable after making the decision referred to in clause 3.14.1.
- (c) For the purpose of such consultation the employer shall provide in writing to the employees concerned and, where relevant, their Union, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees.

Provided that an employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

3.15 **Redundancy**

3.15.1 *Consultation before terminations*

- (a) Where the employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour, and that decision may lead to termination of employment, the employer shall consult the employee directly affected and where relevant, their Union.
- (b) The consultation shall take place as soon as it is practicable after the employer has made a decision, which will invoke the provisions of clause 3.15.1(a) and shall cover the reasons for the proposed terminations, measures to avoid or minimise the terminations and/or their adverse effects on the employees concerned.
- (c) For the purpose of the consultation the employer shall, as soon as practicable, provide in writing to the employees concerned and, where relevant, their Union, all relevant information about the proposed terminations including the reasons for the proposed terminations, the number and categories of employees likely to be affected, the number of workers normally employed and the period over which the terminations are likely to be carried out:

Provided that the employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

3.15.2 *Transfer to lower paid duties*

- (a) Where an employee is transferred to lower paid duties for reasons set out in clause 3.15 the employee shall be entitled to the same period of notice of transfer as the employee would have been entitled to if the employee's employment had been terminated under clause 3.13.
- (b) The employer may, at the employer's option, make payment in lieu thereof of an amount equal to the difference between the former amounts the employer would have been liable to pay and the new lower amount the employer is liable to pay the employee for the number of weeks of notice still owing.
- (c) The amounts must be calculated on the basis of:
 - (i) the ordinary working hours to be worked by the employee; and
 - (ii) the amounts payable to the employee for the hours including for example, allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.

3.15.3 *Transmission of business*

- (a) Where a business is, whether before or after the date of operation of this Determination transmitted from an employer (transmittor) to another employer (transmittee), and an employee who at the time of such transmission was an employee of the transmittor of the business, becomes an employee of the transmittee:

- (i) the continuity of the employment of the employee shall be deemed not to have been broken by reason of such transmission; and
- (ii) the period of employment which the employee has had with the transmitter or any prior transmitter shall be deemed to be service of the employee with the transmittee.

- (b) In clause 3.15.3 "business" includes trade, process, business or occupation and includes a part or subsidiary (which means a corporation that would be taken to be a subsidiary under the Corporations Law, whether or not the Corporations Law applies in the particular case) of any such business and "transmission" includes transfer, conveyance, assignment or succession whether by agreement or by operation of law and "transmitted" has a corresponding meaning.

3.15.4 *Time off during notice period*

- (a) Where a decision has been made to terminate an employee in the circumstances outlined in clause 3.15.1, the employee shall be allowed up to one day's time off without loss of pay during each week of notice for the purpose of seeking other employment.
- (b) If the employee has been allowed paid leave for more than one day during the notice period for the purpose of seeking other employment, the employee shall, at the request of the employer, be required to produce proof of attendance at an interview or the employee shall not receive payment for the time absent. For this purpose a statutory declaration will be sufficient.

3.15.5 *Notice to Centrelink*

Where a decision has been made to terminate the services of employees in the circumstances outlined in clause 3.15.1, the employer shall notify Centrelink as soon as possible giving all relevant information about the proposed terminations, including a written statement of the reasons for the terminations, the number and categories of the employees likely to be affected, the number of workers normally employed and the period over which the terminations are intended to be carried out.

3.15.6 *Severance pay*

- (a) In addition to the period of notice prescribed for ordinary termination in clause 3.13.2(a), and subject to further order of the Commission, an employee whose employment is terminated for reasons set out in clause 3.15.1(a) shall be entitled to the following amounts of severance pay:

Period of Continuous Service	Severance Pay (weeks' pay)
Less than 1 year	nil
1 year but not more than 2 years	4
More than 2 years but not more than 3 years	6
More than 3 years but not more than 4 years	7
More than 4 years but not more than 5 years	8
More than 5 years but not more than 6 years	9
More than 6 years but not more than 7 years	10
More than 7 years but not more than 8 years	11
More than 8 years but not more than 9 years	12
More than 9 years but not more than 10 years	13
More than 10 years but not more than 11 years	14
More than 11 years but not more than 12 years	15
More than 12 years	16

- (b) "Weeks' pay" means the ordinary time rate of pay for the employee concerned:

Provided that the following amounts are excluded from the calculation of the ordinary time rate of pay: overtime, penalty rates, disability allowances, shift allowances, special rates, fares and travelling time allowances, bonuses and any other ancillary payments.

3.15.7 *Superannuation benefits*

The employer may make an application to the Commission for relief from the obligation to make severance payments in circumstances where:

- (a) the employer has contributed to a superannuation scheme which provides a particular benefit to an employee in a redundancy situation; and
- (b) the particular benefit to the employee is over and above any benefit the employee might obtain from any legislative scheme providing for superannuation benefits (currently the federal Superannuation Guarantee levy) or an award-based superannuation scheme.

3.15.8 *Employee leaving during notice*

An employee whose employment is terminated for reasons set out in clause 3.15.1(a) may terminate such employment during the period of notice, and, if so, shall be entitled to the same benefits and payments under this clause had such employee remained with the employer until the expiry of such notice:

Provided that in such circumstances the employee shall not be entitled to payment in lieu of notice.

3.15.9 *Alternative employment*

The employer, in a particular case, may make application to the Commission to have the general severance pay prescription amended if the employer obtains acceptable alternative employment for an employee.

3.15.10 *Employees with less than one year's service*

Clause 3.15 shall not apply to employees with less than one year's continuous service and the general obligation on employers should be no more than to give relevant employees an indication of the impending redundancy at the first reasonable opportunity, and to take such steps as may be reasonable to facilitate the obtaining by the employees of suitable alternative employment.

3.15.11 *Employees exempted*

Clause 3.15 shall not apply:

- (a) where employment is terminated as a consequence of misconduct on the part of the employee; or
- (b) to employees engaged for a specific period or task(s); or
- (c) to casual employees.

3.15.12 *Exemption where transmission of business*

(a) The provisions of clause 3.15.6 are not applicable where a business is before or after the date of operation of this Determination, transmitted from an employer (transmittor) to another employer (transmittee), in any of the following circumstances:

- (i) where the employee accepts employment with the transmittee which recognises the period of continuous service which the employee had with the transmittor, and any prior transmittor, to be continuous service of the employee with the transmittee; or
- (ii) where the employee rejects an offer of employment with the transmittee:
 - in which the terms and conditions are substantially similar and no less favourable, considered on an overall basis, than the terms and conditions applicable to the employee at the time of ceasing employment with the transmittor; and
 - which recognises the period of continuous service which the employee had with the transmittor and any prior transmittor to be continuous service of the employee with the transmittee.

The Commission may amend clause 3.15.12(a)(ii) if it is satisfied that it would operate unfairly in a particular case, or in the instance of contrived arrangements.

3.15.13 *Incapacity to pay*

The employer in a particular redundancy case may make application to the Commission to have the general severance pay prescription amended on the basis of the employer's incapacity to pay.

3.15.14 *Application of Queensland Government directives*

The provisions of clause 3.15 will not apply to employees of QAS to the extent that the provisions of the redundancy arrangements are contained in a Directive issued by the Public Service Commissioner or the Minister responsible for Industrial Relations pursuant to s. 54 of the *Public Service Act 2008*, where the Directive provides for entitlements that are superior to clause 3.15.

PART 4 - WAGES, ALLOWANCES AND PENALTIES

4.1 Payment of wages

4.1.1 All employees shall have their wages paid fortnightly.

4.1.2 Such payment shall be made by direct transfer to an employee's account with a financial institution.

4.1.3 Wages paid into an employee's account will be available no later than Thursday of each pay period.

4.1.4 If a Thursday is a public holiday, clause 4.1.3 shall be deemed to have been complied with if wages are available the following day.

4.2 Wages

4.2.1 *Wage rates for this determination*

(a) Wage rates for this Determination will commence from 1 July 2010 and are as outlined in Appendix 1.

(b) The wage rates as outlined in Appendix 1 are inclusive of new relativities which are operative from 1 July 2010 (exclusive of Non-Managerial Scale employees).

(c) The wage rates which are inclusive of relativities operative from 1 July 2010 are rounded to the nearest \$10.

(d) Future wage increases (rounded to the nearest \$10.00) shall be:

4% payable from 1 November 2010; and
3% payable from 1 October 2011.

4.3 Classification structure

Appointment to each classification level and progression between the pay points at each level shall be in accordance with the progressional arrangements as outlined in Appendix 2.

(a) The Advanced Care Paramedic third pay point will be phased in over a 16 month period during the life of this Determination on the following basis:

- eight or more years' service as at 1 July 2010;
- seven or more years' service as at 1 November 2010; and
- six or more years' service as at 1 October 2011 and thereafter.

(b) The Intensive Care Paramedic third pay point will be phased in over a 16 month period during the life of this Determination on the following basis:

- eight or more years' service as at 1 July 2010;
- seven or more years' service as at 1 November 2010; and
- six or more years' service as at 1 October 2011 and thereafter.

4.4 Occupational superannuation

4.4.1 *Definitions*

(a) "Approved Superannuation Fund" means the QSuper scheme.

(b) "Eligible Employee" means an employee as defined in clause 1.10 of this Determination.

(c) "Employer" means the QAS established pursuant to the *Ambulance Service Act 1991*.

4.4.2 Contributions

Shall be paid by all employers to each eligible employee into the Approved Superannuation Fund on the following basis:

- (a) 9% of the ordinary time earnings of each eligible employee per week; and
- (b) Ordinary time earnings shall mean the actual rate of pay the employee receives including shift loading. Ordinary time earnings shall not include overtime disability allowance, penalty rates, fares and travelling time allowances or any other extraneous payments of a like nature.

4.4.3 For the purpose of clause 4.4.2 ordinary time earnings for Station Officers who work unlimited hours shall include the loading provided for in clause 5.6.

4.4.4 Current superannuation arrangements will be unchanged with the exception of a safety net to be applied where the employer contribution to employee superannuation shall equal at least 9% of ordinary time earnings as defined by the *Superannuation Laws Amendment (2004 Measures No.2) Act 2004*.

4.5 Salary sacrifice

4.5.1 Salary packaging is available for permanent and temporary employees of the QAS as determined by the QAS from time to time. Long-term casuals as defined in clause 3.5.2(b) are also eligible to package after 12 months' employment.

4.5.2 The employee's salary for superannuation purposes under a salary packaging arrangement will be in accordance with clause 4.4, Occupational Superannuation, of this Determination. The employee's salary for superannuation purposes and severance and termination payment will be the gross salary which the employee would receive if not taking part in salary packaging arrangements.

4.5.3 Employees are *strongly recommended* to seek financial advice prior to taking up or amending a salary package.

4.5.4 Subject to any future limitations by the Australian Taxation Office (ATO), an employee may salary package the lesser of the following amounts:

- (a) up to 50% of their salary into items other than superannuation; or
- (b) where employees are eligible for the Fringe Benefits Tax (FBT) exemption cap, up to the grossed up taxable value of benefits that ensures the FBT exemption threshold amount prescribed by legislation is not exceeded.

4.5.5 Superannuation may be packaged up to 100% of salary, excluding the portion nominated as the "employer contribution". Concessional tax rates of superannuation contributions are still applicable and are not altered by this arrangement.

4.5.6 There will be no additional increase in superannuation costs or to fringe benefits payments made by the QAS and no significant additional administrative workload. Any additional administrative and FBT costs are to be met by the employee.

4.5.7 Any increases or amendments to taxation, excluding payroll tax, that result in additional costs are to be passed on to the employee as part of the salary package.

4.5.8 Under FBT legislation, the FBT exemption cap applies to all taxable fringe benefits provided by the employer, whether through the salary packaging arrangements or otherwise. Where an employee who is eligible for the FBT exemption cap salary packages benefits attracting FBT, the employee will be liable for any FBT caused by the FBT exemption threshold amount being exceeded as a result of participation in the salary packaging arrangements. To remove any doubt, any benefits provided by the employer separate from the salary packaging arrangements take first priority in applying the FBT exemption cap.

4.5.9 Any general FBT exemption cap is not an employee entitlement. The general FBT exemption cap is a tax concession under the *Fringe Benefits Tax Assessment Act* for limited categories of employers, not employees. Therefore, the manner of the application of the FBT concession is determined by the employer in accordance with FBT legislation. Employees relying on the ongoing existence of and/or access to the FBT exemption cap as part of their salary packaging arrangements do so at their own risk. Employees will not be compensated for the permanent or temporary loss of access to the FBT exemption cap.

4.5.10 To be eligible for the FBT exemption cap at the time fringe benefits are provided, the duties of the employment of the employee must be exclusively performed in, or in connection with the QAS. Employees whose

employment is transferred out of the QAS in either temporary or permanent basis cease eligibility for the FBT exemption cap.

- 4.5.11 Where an employee who is ineligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for such FBT.
- 4.5.12 If any federal taxation laws passed by the Commonwealth Parliament or rulings by the ATO in relation to salary packaging have the effect that the benefits of salary packaging for employees are reduced or eliminated at any time during the term of this Determination, the employee's rights under this Determination in respect of salary packaging will be varied accordingly and the rest of the Determination will continue in force.
- 4.5.13 The employer will be under no obligation to negotiate or agree to any changes to this Determination as a trade-off for salary packaging benefits which have been reduced or eliminated as a result of new or amended federal taxation laws or rulings by the Australian Taxation Office. The employee's right to package part of their salary is expressly made subject to any federal taxation laws affecting salary packaging arrangements or rulings of the ATO in relation to salary packaging arrangements which may be introduced or amended from time to time during the term of this Determination.
- 4.5.14 The employee may cancel any salary packaging arrangements by giving one month's notice of cancellation to the employer. Similarly the employer will give the employee two month's notice of termination, including but not limited to circumstances where the employee does not abide by the conditions as outlined in this Determination, the conditions deemed by the Queensland Government or by the signed and agreed to Participation Agreement.
- 4.5.15 The implementation of salary packaging arrangements for QAS employees, including the offering and removal of salary packaging items, will comply with any Directives issues by the Minister responsible for Industrial Relations, Government circulars and Government policy.
- 4.5.16 Where an employee has elected to sacrifice a portion of the payable salary as defined in clause 4.5.2 of this Determination:
- (a) subject to ATO requirements, the sacrificed portion will reduce the salary subject to appropriate tax withholding deductions by the amount sacrificed;
 - (b) any allowance, penalty rate, benefit, or other payment, to which the employee is entitled under this Directive, Act or Statute which is expressed to be determined by reference to the employee's salary, will be calculated by reference to the gross salary which the employee would receive if not taking part in salary sacrificing arrangements;
 - (c) salary sacrificing arrangements will be maintained during all periods of leave on full pay, including the maintenance of cash and non-cash benefits; and
 - (d) the employee's salary for superannuation purposes and severance and termination payments will be the gross salary which the employee would receive if not taking part in the salary sacrificing arrangements.

4.6 Allowances

The following provisions only apply to employees engaged under this Determination except for employees classified as QAS Managerial Scale (M-Scale) Levels 6 to 8 and QAS Non-Managerial Scale Levels 1 to 4.

4.6.1 *Shift allowance and shift definitions*

The shift allowance will be 12.5% of the ordinary base hourly rate for each hour of the afternoon shift (or \$9.70 per shift, whichever is the greater) and 15% of the ordinary base hourly rate for each hour of the night shift (or \$19.40 per shift, whichever is the greater).

- (a) Such allowance shall not be paid for shifts that attract penalty rates (i.e. Saturday, Sunday, public holiday or overtime shifts) and shall not be taken into account in the calculation of overtime, sick leave and long service leave, but may be paid during periods of annual leave in accordance with clause 6.3.
- (b) For the purposes of shifts of less than 12 hours' duration the following definitions apply:
 - (i) "Afternoon Shift" means any shift finishing after 1800hrs and at or before midnight; and
 - (ii) "Night Shift" means any shift finishing after and/or spanning midnight and at or before 0800hrs.

(c) For the purposes of shifts of 12 hours duration within Category 5 Stations and Communication Centres only the following definitions apply:

- (i) "Afternoon Shift" means any shift finishing after 1900hrs and at or before midnight; and
- (ii) "Night Shift" means any shift finishing after and/or spanning midnight and at or before 0800hrs.

4.6.2 *Late finish/overtime meal allowance*

(a) Where an employee is required to work overtime in excess of one hour after normal ceasing time, if this is 5 p.m. or later on a day or afternoon shift, or 6 a.m. or later on a night shift, the employee will be entitled to a meal allowance of \$9.60:

Provided that this allowance is subject to change by declaration by the Commission of a general ruling to meal allowances.

(b) Where an employee is required to work overtime in excess of two hours after the normal ceasing time, if this is prior to 5 p.m. on any other shift, the employee shall be entitled to a meal allowance of \$9.60:

Provided that this allowance is subject to change by declaration by the Commission of a general ruling to meal allowances.

4.6.3 *Travelling and relieving allowances*

(a) Travelling and relieving allowances apply to relief work to undertake the approved duties at a location other than the usual place/s of employment for a period less than 12 weeks. Where a vacancy is expected to be greater than 12 weeks, an expression of interest will be called for a temporary transfer and the following provisions will not apply.

(b) Travel and relieving arrangements do not apply to casuals, to transfers or overtime shifts. **These provisions do not apply** to the performance of on-call as part of an employee's normal place/s of employment at a notified location other than their place of residence due to an employee being unable to perform on-call duties from home.

(c) Where an employee is required to be absent overnight from their place of residence for relief work or other approved travel (i.e. attending a conference in another town), the QAS will:

- (i) provide suitable accommodation at no cost to the employee; and
- (ii) provide a meal or pay a meal allowance of \$14.81 for breakfast, \$16.29 for lunch and \$22.21 for dinner for each meal away from their place of residence. However where adequate kitchen facilities are not available the QAS will pay \$14.81 for breakfast, \$16.29 for lunch and \$31.09; and
- (iii) provide employees with \$11.09 out-of-pocket incidental expenses.

(d) When an employee attends a course of instruction conducted by the QAS Education Centre and a meal is unable to be provided, a meal allowance of \$9.60 will be paid to employees:

Provided that this allowance is subject to change by declaration by the Commission of a general ruling to meal allowances.

(e) All extra fares involved in such travelling shall be paid by the employer and where, in the absence of normal public transport or a QAS vehicle and in agreement with the employer, an employee may use their own motor vehicle. The kilometres travelled will be paid at the rate of 42.83c per kilometre of those that are in excess of the kilometres usually travelled both ways from the employee's place of residence and their usual place of employment.

(f) Where an employee is approved to use their own motor vehicle in the course of the employer's business, such employee shall be paid at the rate of 42.83c per kilometre for each kilometre so travelled.

(g) It is also important to note that some travelling and relieving expenses, when paid for an extended period (i.e. greater than four weeks) could be deemed by the Australian Taxation Office as a "living away from home allowance" which is taxable under the Fringe Benefits Tax (FBT) legislation as opposed to the allowances being subject to the Pay as You Go taxation regime.

- (h) Where these allowances are taxable under the FBT legislation it can affect an employee's Federal Government Benefits or Surcharges payments or salary sacrificing arrangement. It is the onus of the employee to take full account of any non-salary sacrifice fringe benefit by factoring in a reasonable estimate into their salary sacrificing arrangements. Any FBT liability incurred as a result of participating in salary sacrificing is the responsibility of the employee.
- (i) When rostering an employee away from their home base, QAS will provide information specifically to the employee as to possible FBT ramifications of the move.
- (j) All allowances referred to in clause 4.6.3, except for 4.6.3(d), are subject to change by applying the Brisbane Consumer Price Index calculated annually between the June to June quarters. Such calculation and subsequent change is to be completed by 1 September of each year of the Determination.

4.6.4 *Industrial sites allowances*

- (a) Industrial Sites Allowances are only applicable to employees working at the following industrial sites: Clermont, Goonyella, Peak Downs, Saraji and Norwich Park.
- (b) Definitions for this purpose of this clause include:
 - (i) a permanent employee is a permanent Industrial Paramedic who is appointed to the relevant Mine and/or Industrial Site Organisational Unit: and
 - (ii) a relief employee is a Paramedic drawn from another operational Station that is trained and provides unscheduled emergency coverage.

4.7 **Weekend penalty rates**

All ordinary time for employees, other than employees classified as Managerial Scale, worked between midnight on Friday and midnight on Saturday shall be paid for at one and a-half times the ordinary rate; and all ordinary time worked between midnight on Saturday and midnight on Sunday shall be paid for at double the ordinary rate.

4.8 **Averaged weekend penalties**

4.8.1 *Eligibility*

- (a) The averaged weekend penalty (AWP) rate will only apply to employees whose income varies each fortnight due to rostered shifts.
- (b) The averaged rate will not apply to:
 - (i) relieving duties which are not part of the roster and incur a higher pay rate;
 - (ii) those employees who do not work on weekends, employees classified as QAS Managerial Scale (M-Scale) Levels 6 to 8 and QAS Non-Managerial Scale Levels 1 to 4 and those employees who work the same penalties every fortnight thereby receiving a regular rate of pay; and
 - (iii) certain periods as outlined in this Determination when penalty rates do not apply (long service leave, sick leave, paid maternity leave or attendance at training courses equal to or greater than five days).

4.8.2 *Calculation of averaged rates*

- (a) Calculation of averaged penalty rates will be based on the roster current at any given time.
- (b) When rosters are reviewed or changed, rates will be recalculated as appropriate.

- (c) When calculating the averaged rates, the weekend penalties that are projected to be worked in 47 weeks of the year will be averaged over the full 52 weeks.
- (d) Penalties payable on any public holiday shall not be included in the averaged rate. However where the public holiday penalty is the same as the weekend penalty, the AWP will constitute payment for the public holiday. Where the relevant public holiday payment is higher than the weekend penalty, the AWP plus the difference between the weekend and the public holiday penalty will constitute payment for the public holiday.

4.8.3 *Sick leave*

- (a) Sick leave taken on a weekend shall result in a reduction in the penalties earned for that fortnight.
- (b) Employees who are rostered to work a shift on a Saturday, and apply for and are granted sick leave, shall have the amount of the averaged rate reduced by one sixth for each such absence during a fortnightly pay period.
- (c) Employees who are rostered to work a shift on a Sunday, and apply for and are granted sick leave, shall have the amount of the averaged rate reduced by one third for each such absence during a fortnightly pay period.

4.8.4 *Overtime*

Employees shall continue to receive overtime payments at the appropriate rate of pay in accordance with this Determination.

4.8.5 *Annual leave*

- (a) Employees in receipt of the averaged rate of weekend penalties shall continue to receive 17.5% leave loading as prescribed by clause 6.3 in addition to the averaged rate.
- (b) For those employees who receive five weeks of loaded leave in six weeks and two days of leave, the 17.5% annual leave loading will be spread over the full six weeks and two days at the rate of 13.67%.
- (c) If projected rostered penalties are greater than 17.5% annual leave loading, the difference will be calculated into the averaged rate weekend penalty payment.

4.8.6 *Training*

The averaged rate will not apply to attendance at a course of instruction conducted by the QAS or its partners in delivery of education, provided the course is equal to or greater than five consecutive days' duration.

4.8.7 *Relieving duties*

If an employee relieves at a higher rate of pay, the averaged weekend penalty rate will not apply. When relieving duties at a higher rate of pay are performed, penalty rates are to be claimed for the actual hours worked in place of the averaged penalty rate, if applicable.

4.8.8 *Monitoring of penalty hours*

- (a) A register of actual penalty hours worked for each employee for each fortnightly pay period will be kept at the employee's station or by the regional rostering department. This register will record a "balance figure" of actual penalty hours worked and the penalty hours that have been paid under the averaged rate of weekend penalties.
- (b) On each occasion that an employee takes annual leave or long service leave the following shall occur:
 - (i) If an employee has been rostered in such a way that the employee has worked excess penalties over the period since the last reconciliation, the employee shall be paid for the excess penalties.
 - (ii) If an employee has been rostered in such a way that the employee has worked less penalties over the period since the last reconciliation, the employee will not be required to repay the additional amount, however the negative balance will be carried forward for the next reconciliation period.
- (c) The only time the monitoring register "balance figure" will be cleared will be when excess penalties that have been worked are paid out, therefore returning the "balance figure" to nil.

- (d) Any employee leaving employment with the QAS with a negative penalty hours balance, will have the negative balance deducted from the employee's termination pay. Any employee leaving employment with the QAS with a positive penalty hours balance will have the balance paid out on termination.

PART 5 - HOURS OF WORK AND OVERTIME

5.1 Hours of work

- 5.1.1 The ordinary working hours of employees shall not exceed an average of 38 hours per week. The ordinary hours of work for QAS Managerial Employees Levels 6 to 8 and QAS Non-Managerial Employees Levels 1 to 4 shall be 38 hours per week.
- 5.1.2 All employees shall be entitled to days off at the ratio of at least two days off for every five worked. For the purpose of clause 5.1.2, a day shall mean the period from midnight to midnight. These days off must be grouped to provide a minimum of two consecutive days in any fortnightly pay period. Alternatively, one day in one week and three days during the following week shall satisfy the requirements of clause 5.1.2.
- 5.1.3 Rosters will continue to reflect an average of 40 hours per week and the additional two hours per week "accrued time" will be accumulated and taken in scheduled blocks for employees other than QAS Managerial Employees Levels 6 to 8 and QAS Non-Managerial Employees Levels 1 to 4:
- Provided that the relevant manager may, subject to operational convenience, approve an application for accrued time for periods other than scheduled blocks.
- 5.1.4 Employees who access their accumulated accrued time will be paid the same rate of pay for the day on which the accrued time is accessed as would have applied had they been at work.
- 5.1.5 Accrued time is not available to casual or part-time employees or employees participating in job share arrangements.
- 5.1.6 Accrued time shall not be accumulated for periods including:
- (a) leave without pay; or
 - (b) where an employee is in receipt of salary maintenance through the superannuation scheme; or
 - (c) where an employee has been suspended from duty with or without pay.
- 5.1.7 Where an employee has not accessed their annual accrued time entitlement, the employee is required to access a period of accrued time to ensure their balance does not exceed 104 hours.
- 5.1.8 Accrued time will be debited on an hour for hour basis. To avoid doubt where eight 10 hour shifts are taken as accrued time, 80 hours will be debited from the employee's accrual. Where seven 12 hour shifts are taken as accrued time 84 hours will be debited from the employee's accrual.
- 5.1.9 Accrued time does not attract the annual leave loading.
- 5.1.10 Any employee leaving employment with the QAS with a negative accrued time balance, will have the negative balance deducted from the employee's termination pay. Any employee leaving employment with the QAS with a positive accrued time balance will have the balance paid out on termination.

5.2 Overtime

- 5.2.1 *Overtime other than QAS non-managerial scale employees levels 1 to 4 and QAS managerial scale employees levels 6 to 8.*
- (a) All time worked by employees outside their normal rostered hours, as provided for in clause 5.1 of this Determination, shall be deemed to be overtime and shall be paid as follows:
 - (i) Rostered shift workers and those employees who perform regular on-call will be paid at double the ordinary base rate of pay for all work undertaken outside normal rostered hours.
 - (ii) All other employees shall be paid for all work undertaken outside normal rostered hours at the rate of time and a-half for the first three hours on any one day and double-time thereafter.

- (b) For the purpose of this clause the definition of a rostered shift worker is an employee whose ordinary hours of work regularly rotate through a roster pattern that prescribes two or more shifts (day, afternoon or night) per day, throughout the roster cycle, in a framework that provides 24 hour coverage, seven days per week.
- (c) All employees shall be paid for all overtime worked on Saturdays or Sundays, or if required by the employer on an employee's rostered day off, at the rate of double-time. Where practicable, the QAS shall give the employee concerned at least 24 hours notice of the requirement to work on rostered days off.
- (d) Where an employee is recalled to duty after having ceased work and having left the employer's premises, the employee shall be paid as for a minimum of two hours work at the appropriate overtime rate.
- (e) Overtime for public holidays shall be paid in accordance with clause 6.5 of this Determination.
- (f) No employee shall refuse to work a reasonable amount of overtime.
- (g) Time off in lieu of overtime (TOIL) is available to employees and is taken with the prior approval of the relevant manager. TOIL is by way of mutual agreement between employees and the relevant manager and is accumulated at a rate of single time, on a shift by shift basis. A maximum of three shifts can be accumulated. Accrued TOIL should be managed so as to be taken within three months of the time it is accrued.
- (h) Access to TOIL must not adversely impact on operational requirements.
- (i) If accrued TOIL cannot be taken within three months, it will be paid out to the employee at the appropriate overtime rate as it was worked (i.e. double-time or time and a-half). An employee may apply to their Manager in writing for approval to accrue TOIL past this three-month period. This should only occur in exceptional circumstances.
- (j) When cashing in TOIL hours, the employee must provide the Pay Office with photocopies of each relevant pay sheet, showing when the TOIL was originally accrued and approved. This will ensure payment at the correct rate.
- (k) Cashing out of TOIL shall only occur with the approval of the relevant Manager.

5.2.2 *QAS non-managerial scale employees levels 1 to 4*

The method of calculating overtime for QAS Non-Managerial Employees Levels 1 to 4 shall be as follows:

- (b) All work undertaken on a Sunday shall be paid at double-time.
- (c) Overtime for work performed on a public holiday shall be paid in accordance with the rates provided for at clause 6.5 of this Determination.

5.2.3 *QAS managerial scale employees levels 6 to 8.*

The method of calculating overtime for QAS Managerial Employees Levels 6 to 8 shall be as follows:

- (a) Overtime payments do not apply.
- (b) Employees are provided with TOIL to be taken within 12 months and will be forfeited if not taken in this time. Applications for TOIL may be refused for exceptional operational reasons and in such circumstances, that period of TOIL may, with the approval of the relevant manager, be continued beyond 12 months.
- (c) Where an employee is required to perform duties on a public holiday, such employees shall be paid at their normal pay rate and will accrue a day off in lieu. These days must be taken within 12 months of their accrual and will be forfeited if not taken in this time.

5.3 **On-call**

- 5.3.1 On-call duty is essential at some stations to facilitate the timely and efficient provision of pre-hospital and emergency care. Accordingly, an employee may be required to be on-call to perform overtime work during a specified period of time outside normal rostered hours.

- 5.3.2 During the on-call period an employee must be immediately contactable by telephone, pager, radio or similar approved device in order to facilitate the timely and efficient provision of pre-hospital and emergency care as required and within acceptable response times.
- 5.3.3 An acceptable response time will be 10 minutes, however other arrangements can be determined for specific rural locations to maintain continuity of service coverage within reasonable community expectations of service delivery. This will be as approved by the employer upon a request of the employee.
- 5.3.4 Employees may perform on-call from their home or a previously notified location provided that response times are not compromised while on-call and the employee utilises an appropriate ambulance vehicle to enable an immediate response.
- 5.3.5 An employee, other than QAS Non-Managerial Employees Levels 1 to 4 and QAS Managerial Scale Employees Levels 6 to 8, placed on-call shall be paid 15% of the hourly base rate applicable to the employee for each hour of on-call duty performed with a minimum payment of 10 hours for each on-call period.
- 5.3.6 There is no requirement to be on-call prior to the commencement of the first shift after or immediately prior to commencing rostered days off or annual leave. If an employee is requested and agrees to provide coverage during these periods they shall be paid as follows:
- (a) for the period that falls on the normal working day - the 15% on-call payment.
 - (b) for the period that falls on a rostered day off - double-time (except in instances of a full 24 hour period).
 - (c) for the period that falls on an annual leave day - re-crediting of a day of annual leave (7.6 hours).
- 5.3.7 No employee shall be placed on-call for more than 10 days in any continuous two week period.

5.4 Call back

- 5.4.1 An employee, other than QAS Non-Managerial Employees Levels 1 to 4 and QAS Managerial Scale Employees Levels 6 to 8, called out to perform work while on-call shall be paid overtime at the prescribed rate with a minimum payment of two hours. Such payment shall be calculated from the time of leaving home or the previously notified location to the time of returning home or the previously notified location.
- 5.4.2 An employee called out to perform work within two hours of commencing their ordinary shift shall be paid ordinary time from the time of commencement of the shift. In such a circumstance an employee shall be paid the minimum period of two hours at the applicable overtime rate, regardless of the length of the case time.
- 5.4.3 This provision will not apply where an employee commences a shift early in order to attend a pre-arranged transport case. In such situations, an employee shall be paid the appropriate overtime rate up to the rostered starting time.

5.5 Twenty-four hour periods

- 5.5.1 Where an employee (including Officers in Charge (OIC) but excluding QAS Managerial Scale Employees Levels 6 to 8), undertakes a 24 hour period of duty and on-call time combined (from the commencement of shift on one day to the commencement of shift on the next day) on their rostered days off, payment will be as follows:
- (a) Minimum of 10 hours at the appropriate overtime rate for the shift period'
 - (b) The remaining hours in the 24 hour period will attract payment at 30% of the employee's hourly base rate; and
 - (c) Payment for callouts performed during the on-call period will be paid at the appropriate overtime rate.
- 5.5.2 Where a 24 hour period commences or finishes on a rostered day off but is not contained wholly on a rostered day off, payment will be as follows:
- (a) on-call paid at double-time for the full period up to midnight on the rostered day off; and
 - (b) on-call paid at 15% for the period from midnight until the commencement of the rostered shift or from the finish of a rostered shift until midnight.
- 5.5.3 Payments in accordance with this clause will take precedence over other overtime and on-call provisions of this Determination.

- (b) unlimited hours loading as specified below for on-call and overtime on rostered duty days.

Officers may opt to change their preferences when transferred or annually during the first pay period on or immediately following 1 July each year.

5.6.1 Unlimited hours loading

- (a) If an OIC is required to work unlimited hours, they will be paid a 20% loading of the appropriate Station Officer weekly rate (i.e. 38 hours). Such loading will be deemed to be in recognition of the time spent on-call for clinical responses and to compensate for the absence of any limitation applying to the ordinary working hours of work performed on the rostered duty days in the week.
- (b) The loading shall also include the first four callouts or eight hours' overtime (excluding overtime performed on a rostered day off) and all casualty room cases in any fortnightly pay period. Any callout/overtime in addition to this shall be paid for at the appropriate overtime rate.

5.6.2 Housing and callouts

- (a) OIC's at Category 7 stations will have the option to elect to receive on-call payments and conditions, in lieu of the unlimited hours loading and will still be entitled to free accommodation as per the Remote and Rural Incentive Program. All OIC's at Category 7 stations will have all callouts and casualty room cases paid at the appropriate overtime rates.
- (b) OIC's other than those in Category 7 stations who choose to move to on-call arrangements rather than the unlimited hours loading are no longer eligible for free accommodation under any arrangement and will either pay the appropriate rent for the QAS supplied accommodation (according to the arrangements detailed under the Remote and Rural Incentive Program) or move out of the QAS supplied residence and make their own arrangements for residential accommodation.
- (c) OIC's who are in receipt of the unlimited hours loading and who are also in receipt of free accommodation are required to attend to the first four callouts or eight hours overtime and all casualty room cases. Nothing within the clause provides an OIC with an entitlement to free accommodation.
- (d) OICs in private accommodation or paying rent on a QAS provided house, currently receiving unlimited hours loading, shall be required attend to four callouts or eight hours' overtime. Callouts for casualty room cases shall be included in the four callouts or eight hours overtime.
