3 Enterprise Bargaining Unit

This Agreement has been developed by an Enterprise Bargaining Unit (EBU), consisting of management representatives and union representatives, with the assistance of the Queensland Industrial Relations Commission.

4 Administrative arrangements

4.1 Application

This Agreement applies to the employment of all employees of Brisbane City Council who are engaged in roles classified under the Awards listed in Schedule 2 or within other Schedules to this Agreement. This Agreement shall not apply to an employee who is engaged in accordance with a written contract of employment, namely Specialist and Senior Professionals (SSP), Professional Services Employment (PSE), Senior Executive Stream (SES), and Senior Officer Stream (SOS).

4.2 Parties covered ('the Parties')

The Parties covered by this Agreement are Brisbane City Council and each of the Unions listed in Schedule 1 which become signatory to this Agreement prior to certification.

4.3 Date and period of operation

This Agreement shall operate on and from the date of certification and shall remain in force until 7 October 2020. We agree to commence negotiations for a new certified agreement no earlier than as prescribed in the *Industrial Relations Act 2016*.

4.4 Agreement to prevail

This Agreement shall operate to the exclusion of all previous Enterprise Bargaining Certified Agreements and Local Area Arrangements and Special Arrangements that had application to employees of Brisbane City Council covered by this Agreement.

4.5 Incorporation of Awards

4.5.1 This Agreement shall be read and interpreted as incorporating each of the terms and conditions of the Awards listed in Schedule 2 as they applied at the date of certification of this Agreement, except for:

- (i) General Rulings of the Queensland Industrial Relations Commission
- (ii) variations to Awards specified in Schedule 2 by consent of Council and the relevant union[s]

- (iii) variations to the Awards which arise from arbitration by the Queensland Industrial Relations Commission, where referral of the matter to arbitration was agreed by the parties.

4.5.2 The terms of this Agreement, including the Schedules (excluding Schedule 2) shall prevail to extent of any inconsistency with the incorporated Awards listed in Schedule 2.

4.6 HR procedures and employee entitlements

4.6.1 Council's HR Policies and Procedures

Council's HR Policies and Procedures are outlined at Schedule 4 and are operative as at the certification of EBA9.

Whilst the HR Policies and Procedures (HR Procedures) do not form part of EBA9, they will continue to operate in their entirety until such time as there is an agreement between the relevant parties to change, vary, terminate or propose a new HR Procedure, in accordance with the Review of HR Procedures clause (clause 4.6.2).

HR Procedures do not override the provisions of this Agreement.

HR Procedures are read in conjunction with this Agreement. Where there is an inconsistency between a HR Procedure and this Agreement, the terms of this Agreement will prevail.

4.6.2 Review of HR Procedures

Parties to EBA9 may seek to vary, terminate or propose a new HR Procedure during the life of this Agreement (EBA9).

The process for implementing a variation, termination or proposed new HR Procedure for any relevant party to EBA9 is as follows:

- (i) develop a draft variation to the HR Procedure
- (ii) consultation will occur between Council and other relevant Union party(s) to EBA9 on the impacts of the draft variation to the HR Procedure. This may include discussions and negotiations at the Union Industrial Consultation and Coordination Forum or other similar Council forum
- (iii) Council will refer an agreed variation, termination or proposed new HR Procedure to the Joint Consultative Committee (JCC) for endorsement
- (iv) Council will formally note in the JCC Agenda any proposal to endorse a varied HR Procedure
- (v) seek endorsement by the JCC
- (vi) If endorsed by the JCC, Council will communicate the updated HR Procedure to employees
- (vii) Council will implement the endorsed variation to the HR Procedure.

Variations to HR Procedures will not be implemented unless agreed by Council and the relevant Union(s) that are party to EBA9, provided that agreement will not be unreasonably withheld. Council and relevant Union(s) endorsement will be recorded in JCC minutes.

In the event that the Parties do not endorse a proposed variation, any Party may seek the assistance of the Commission to resolve the matter. This may include conciliation, and arbitration only by consent, between Council and the relevant Union(s).

4.7 Certification

The Parties agree that this Agreement will be lodged for certification in accordance with the *Industrial Relations Act 2016*.

4.8 No extra claims

4.8.1 This Agreement is intended to be in full and final settlement of all issues and claims relating to employees covered by this Agreement, and provides processes to deal with any issues that might arise while this Agreement is in operation. This Agreement regulates in whole and exclusively, the terms and conditions of employment for persons covered by this Agreement for the life of this Agreement, irrespective of whether such matters are expressly mentioned in or dealt with by this Agreement. No claims for any alteration to the terms and conditions of employment or any other matters related to the employment of employees, other than by means specifically provided for in this Agreement.

4.8.2 Reclassification of roles under relevant Awards and agreed HR Procedures, and agreements developed in accordance with clause 17 or clause 34, and other matters exempted in clause 4.5 shall not be considered to be extra claims.

8 Consultative processes

8.1 The Parties reaffirm our commitment to established consultative processes and recognise that these processes need to be continuously improved. We will provide:

- (i) clear guidelines and objectives for consultative committees
- (ii) effective induction and training of new employees who are to be committee members
- (iii) recognition for participation in the committee
- (iv) genuine consultation and consideration of management, employee and union contributions to decision making
- (v) support for implementing changes which enhance employee and organisational goals.

8.2 The Joint Consultative Committee (JCC) will monitor the implementation of this Agreement and oversee the work of any sub-committees established for specific purposes under this Agreement. JCC will meet at least once per quarter, be chaired by the CEO, and will include all divisional managers as well as one representative

from each of the Union Parties to this Agreement. A Queensland Council of Unions nominee may also attend and represent any relevant Union Party to this Agreement if they are unable to attend.

8.3 The Charter of the JCC is included in Schedule 3.

8.4 Council will provide to the JCC and each Divisional Consultative Committee (DCC), information regarding workforce composition (permanent, full-time and part-time, temporary, casual, labour hire and contractors), safety and City WorkCover performance and workplace changes proposed, progressing and implemented on a divisional basis.

8.5 Divisional, Work Unit and Local Consultative Committees will consider issues of workload management, staffing issues and excessive overtime, develop and implement strategies to address any issues identified, seeking assistance from HR Branch if required.

8.6 Introduction of changes

8.6.1 Where Council decides to introduce changes in production, program, organisation, structure or technology, that are likely to have significant effects on employees, Council shall notify the employees who may be affected by the proposed changes and, where relevant, their union or unions.

8.6.2 '*Significant effects*' includes termination of employment, major changes in the composition, operation or size of the Council's workforce or in the skills required; the elimination or diminution of job opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations and the restructuring of jobs:

Provided that where an Award or this Agreement makes provision for alteration of any of the matters referred to in this Agreement an alteration shall be deemed not to have significant effect.

8.7 Duty to consult over change

8.7.1 Council shall consult the employees affected and, where relevant, their union or unions, in writing, about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, Council intends to carry out the dismissals), and the ways it proposes to avoid or minimise the effects of the changes (e.g. by finding alternate employment).

8.7.2 The consultation must occur as soon as practicable after making the decision referred to in the 'Duty to Consult over Change' clause.

8.7.3 For the purpose of such consultation Council shall provide in writing to the employees concerned and, where relevant, their union or unions, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees, provided that Council shall not be required to disclose confidential information, the disclosure of which would be adverse to its interests.

8.8 Clauses 8.6 and 8.7 shall be read in conjunction with Council's Organisation Design Procedure.

8.9 Meaning of consultation

8.9.1 For the purposes of clause 8.6 and 8.7, the following defines the intention of consultation.

8.9.2 The requirement of consultation is not to be treated perfunctorily or as a formality. Consultation involves more than one exchange of timely information. For consultation to be effective, the participants must be contributing to the decision-making process not only in appearance, but in fact. The consultation process requires the exchange of timely information relevant to the issues at hand so that the parties have an actual and genuine opportunity to influence the outcome before a final decision is made. Except where otherwise provided within this Agreement, the parties also recognise that the consultation process does not remove the rights of management to make the final decision in matters that may affect the workplace.

9 Dispute resolution

9.1 Through this procedure we aim to avoid industrial disputes or, where a dispute occurs, to provide a means of settlement based on consultation, cooperation and discussion and the avoidance of interruption to work performance.

9.2 During any dispute, other than a workplace health and safety matter, the status quo existing immediately prior to the matter giving rise to the dispute will remain and work shall continue as it was prior to the dispute without stoppage or the imposition of any ban, limitation or restriction.

9.3 No Party shall be prejudiced as to final settlement by the continuance of work in accordance with this clause.

9.4 Any grievance or dispute about or arising from the application of this Agreement shall be handled as follows:

- (i) **Stage 1:** Discussions between the employee/s and team leader and at the request of the relevant union, shop steward/delegate.
- (ii) **Stage 2:** Discussions involving the employee/s, the shop steward/s and relevant union secretary/organiser or nominated delegates with the relevant line manager and a HR Consultant or other person nominated by the Manager, Workplace Relations.
- (iii) **Stage 3:** Discussions involving relevant union secretary/organiser or nominated delegates with divisional manager and Manager, Workplace Relations or nominated delegate.

9.5 A dispute shall not be referred to the next stage until a genuine attempt to resolve the matter has been made at the appropriate level.

9.6 There shall be a commitment by the Parties to achieve adherence to this procedure, including the earliest possible advice by one party to the other of any issue or problem which may give rise to a grievance or dispute. Throughout all stages of the procedure, all relevant facts shall be clearly identified and recorded.

9.7 Sensible time limits shall be allowed for the completion of the various stages of the discussions. Discussions outlined in Stages (1) and (2) above should, if possible, take place within 24 hours after the request of the employee or the employee's representative. At least seven days should be allowed for all stages of the discussions to be finalised, unless otherwise agreed, in writing, by the parties.

9.8 Emphasis shall be placed on a negotiated settlement. However, if the negotiation process is exhausted without the dispute being resolved, the Parties shall jointly or individually refer the matter to the Queensland Industrial Relations Commission (unless earlier referred by the Parties in accordance with this clause). The Queensland Industrial Relations Commission may exercise its power of conciliation and arbitration.

9.9 In order to allow for peaceful resolution of grievances, the parties commit to avoiding stoppages of work, lockouts or any other bans or limitations on the performance of work, while the procedures of negotiation and conciliation are being followed.

9.10 The Parties shall ensure that all practices applied during the operation of the procedure are in accordance with safe working practices and consistent with established custom and practice at the workplace.

10 Wage/salary outcomes

10.1 In recognition of the implementation of commitments made under this Agreement, wage and salary rates will be increased, as below.

10.2 First pay increase

From 8 October 2018, pay rates will be increased by 2.5%.

10.3 Second pay increase

From 8 October 2019, pay rates will be increased by 2.5% or CPI (whichever is the greater)*.

**Either 2.5% or in accordance with the published percentage increase in the Consumer Price Index (ABS series number 6410.0) – All CPI Groups, June to June Brisbane index rates, whichever is greater.*

10.4 Administrative pay payments were applied to employees prior to certification of this Agreement, as follows:

- 2% effective from 8 October 2016; and
- 2.5% effective from 8 October 2017.

The rates associated with these administrative payments are reflected in the relevant salary/wage tables in Schedules 8, 9, 10 and 11.

B Organisation of work

12 Improved systems and processes

12.1 We recognise and acknowledge that continuous improvement is a process that will take place over the life of this Agreement, in accordance with Council procedures.

12.2 Council will continue to improve business systems and processes to meet future needs and to:

- (i) deliver more responsive customer service and enhance outcomes for community and customers
- (ii) demonstrate value for money by implementing competitive and cost-effective systems
- (iii) encourage working together effectively and provide greater support for employees
- (iv) realise the benefits of investment in information and communications technology (ICT) particularly in the areas of data capture, knowledge management and electronic commerce, to more efficiently get things done.

12.3 The Parties recognise that implementation of new systems will involve changed workflows and work practices and may impact on staffing arrangements and skills needs in different areas. Council will continue to inform and consult employees and their unions about these issues, to ensure effective implementation of systems and related changes.

13 Use of internal providers and alternative suppliers

13.1 Council's preference is to use its own capable, competent and committed employees in providing services. Council will continue to use its own employees where competitive levels of quality, service, efficiency, cost effectiveness and value for money are demonstrated.

13.2 Council is committed to continuing the role for Council units as direct providers of services, provided that those services satisfy the needs of customers and provide value for money. Employees are committed to improving work practices and ensuring our competitiveness. Working together, we will encourage and support internal providers to develop and maintain commercially viable and competitive services.

13.3 Business units subject to *National Competition Policy* (NCP) legislation are encouraged to use internal service providers and other business units, subject to demonstration of service, quality, performance and value for money.

13.4 If a proposal to contract services currently provided by Council employees or to outsource an activity is to be considered, employees and their unions will be consulted. Any decision made to use external providers will be made considering, where relevant, the impact of that decision on other areas of Council and sustainable employment of existing employees. Should any area seek to source externally from Council, the opportunity will be provided for internal providers to bid for the work.

13.5 If a service is already outsourced by contract at the time of signing of this Agreement, then that service will not be affected by this clause for the life of that contract.

14 Use of contingent workforce

- 14.1** Council prefers to directly engage employees on a permanent full-time or part-time basis. Council will continue to develop and maintain critical skills within the organisation. Where possible, Council will use its permanent workforce to maximum capacity or availability, in consideration of operational impacts, before the use of any contingent modes of employment in accordance with clauses 14.2 and 14.3.
- 14.2** Acknowledging Council's preference, it is agreed that under circumstances where permanent employment is not appropriate to business needs, or where continued funding of activities cannot be guaranteed, Council may use other contingent modes of employment to meet its business needs. It is expected that Council will normally secure additional resources through the use of other contingent modes of employment, including:
- (i) temporary employment
 - (ii) casual employment
 - (iii) labour hire (agency contractors)
 - (iv) contractors.
- 14.3** Situations where the use of contingent modes of employment may be required include:
- (i) emergency or urgent work requirements; or
 - (ii) when professional or technical skills are required and cannot be obtained internally; or
 - (iii) for special projects that are time limited or linked to budget that is not guaranteed to be ongoing; or
 - (iv) meeting peaks and troughs in workload, coverage for long term leave and maximising utilisation of plant.
- 14.4** Contingent employees will be paid not less than the relevant rate payable under this Agreement for the substantive role or to Council employees performing a similar class of work.
- 14.5** Council will provide employment information to the JCC and each DCC, including workforce composition (permanent, full-time and part-time, temporary, casual, labour hire and contractors), safety performance and workplace changes proposed, progressing and implemented on a divisional basis.
- 14.6** On an annual basis, Council and the Union JCC representatives will meet to review the use of contingent labour, specifically roles that are filled by temporary employees or agency contractors. The purpose of this review is to ensure that the engagement of these roles meets the obligations in clauses 14.2 and 14.3 of this Agreement.
- 14.7** This review will consider:
- (i) ongoing requirement for the work to be performed
 - (ii) existence of ongoing funding for the potential role
 - (iii) suitability of the employee's skills and performance
 - (iv) long-term needs of Council, and
 - (v) the reason for any long term, continuous contracts or agency contractor arrangements.
- 14.8** Where Council determines that the creation of a Council role is appropriate, the role will be advertised and filled using the merit-based recruitment and selection process.

- 14.9** Where budgetary or funding variations may have a negative impact on employment levels, the parties will confer in a timely fashion to consider options to manage such impact on individual employees affected.
- 14.10** After 12 months' equivalent full-time employment, temporary or casual employees may apply for permanent employment in their role. In determining such an application for permanent employment, Council will respond in writing to the employee with consideration of the following:
- (i) whether there is an ongoing requirement for the work to be performed; and
 - (ii) the existence of ongoing funding for the role; and
 - (iii) the suitability of the employee's skills and performance; and
 - (iv) the long-term needs of Council.
- 14.11** Where an employee makes such a request, Council will not adversely treat the employee for making such a request. Nothing in this clause prevents Council at any point from permanently appointing a temporary employee to the role for which they have been selected via full merit based recruitment, giving consideration to the above criteria.
- 14.12** Where an employee's skills are considered not appropriate for permanent employment, but the employee's temporary or casual employment is maintained, access to learning and development opportunities will be provided. Further reviews of the status of temporary and casual employees may take place at six-month intervals.
- 14.13** Roles which are advertised internally will be open to applications from labour hire (agency contractors) who have been engaged within Council's operation for a period of 12 months full-time equivalent or more. To be clear, labour hire (agency contractors) are not covered by this Agreement, however where an application for an internally advertised role is received from a labour hire (agency contractor), the application may be considered as part of the closed merit selection process as for an internal candidate. In the case of appointments made under this provision, appeal rights under the ARC constitution will not apply.
- 15 Business growth through partnering arrangements and alliances**
- 15.1** The Parties agree to expand and develop new services for the community and other customers, especially in the South East Queensland region, building on the skills of employees and current infrastructure, through joint ventures with government, businesses and community agencies. Strategic alliances, joint venture and partnering arrangements that supplement and complement Council's resources will help to secure jobs in Council, expand career opportunities and introduce new skills to our workforce. Some of these arrangements will be established to grow the businesses and will be conducted on the basis of extending Council's services and Council employment.
- 15.2** In cases where Council employees are seconded to joint venture enterprises and other similar arrangements for periods of up to two years, employees will:
- (i) have their rights and entitlements preserved
 - (ii) be paid at the relevant Brisbane City Council rates (or better)
 - (iii) be engaged under similar conditions

- (iv) not have their career options limited
- (v) have the right to return to their previous role, or an equivalent role, at the conclusion of the secondment.

16 Transmission of business

16.1 This clause will apply where the Council:

- (i) proposes to transmit to a new employer the business or any part of the business covered by this Agreement
- (ii) transmits to a new employer the business or any part of the business covered by this Agreement.

16.2 Where the Council proposes to transmit the business or any part of the business, the Council shall:

- (i) notify the employees affected and the unions of the proposed transmission; and
- (ii) discuss with the employees affected and the unions the effect of the transmission of business. The discussion will commence as soon as practicable after a decision has been made by the Council to transmit the business or part of the business
- (iii) Council will make every effort to find reasonable alternative employment for employees impacted by this change, either through retraining and placement or suitable roles in the new service provider.

16.3 The Council will consider and respond to any reasonable concerns raised by employees and the unions about the terms of the proposed transmission. In the event of a dispute about the Council's response to concerns raised by employees, clause 9 - Dispute resolution of this Agreement will be utilised to resolve these concerns. The Council shall provide in writing the name of the employing entity that is proposing to acquire the business or part of the business and facilitate discussions between the employees and the unions and the proposed new employer.

16.4 The Council shall include as part of any tender specifications or offer of sale documents, and within any contractual arrangements with the new employer, the obligation for the new employer to apply terms and conditions of employment, including the employer contribution to superannuation, that are equivalent to or superior, and no less favourable, considered on an overall basis, than the terms and conditions applicable to the employee at the time of ceasing employment within Council including terms and conditions derived from this Agreement, any applicable Award, policy or common law contract or other relevant employment arrangement applicable at the time of the proposed transmission.

16.5 The Council shall require part of any tender specifications or offer of sale documents, and within any contractual arrangements with the new employer, the obligation for the new employer that the new employer recognise and accept responsibility for all previous service and accrued entitlements of employment arising from that service, including, but not limited to, accrual of benefits and service in respect of:

- (i) Annual Leave
- (ii) Long Service Leave
- (iii) Personal Leave (Sick and Carer's)
- (iv) Redundancy

of any employee of the Council transferring to work for the new employer, that the new employer shall offer a

contract of employment to transmitting employees in accordance with the provisions of this clause, and that any new offer of employment/common law employment contract offered to transmitting employees will not include any period of probationary service with the new employer such as would exclude the transmitting employee from making a claim with regard to termination of employment.

To avoid doubt, the period of employment which the employee has had with the Council or any prior employer which has been recognised by the Council shall be deemed to be service of the employee with the new employer, for all purposes.

16.6 In the event that an employee chooses not to accept work with the new employer, the Council will apply the provisions outlined in Schedule 6 Retraining and Placement or (subject to Australian Tax Office rulings) Schedule 7 Redundancy and Separation of this Agreement. If, at the point at which an employee elects not to accept work with the new employer, the Council offers an employee a Level 1 Redundancy and this offer is rejected, any subsequent offer will be for a Level 2 redundancy only.

16.7 Any dispute over the application of this Agreement may be referred to the Queensland Industrial Relations Commission in accordance with the provisions of the dispute resolution clause of this Agreement (clause 9).

17 Unforeseen outcomes of organisational change

17.1 We are committed to continuous improvement in accordance with the terms of this Agreement and anticipate that the outcomes of continuous improvement, organisation design and organisational change and other processes identified in this Agreement will be dealt with in accordance with this Agreement and Council procedures.

17.2 We acknowledge that this Agreement is intended to be comprehensive and that, consistent with clause 4.8 No extra claims, there are no matters which have been reserved for further negotiation while this Agreement is in operation.

17.3 In the event that the outcome of organisational change was not anticipated by the parties at the time of making this Agreement, and where this Agreement does not deal with such change, then the circumstances will be discussed with the affected employees and their unions. The parties may negotiate a new Agreement to address these circumstances and the unforeseen outcome of organisational change. A new Agreement may only be made through the following process.

- (i) The party proposing to make a new Agreement must provide notice in writing to the other relevant parties advising that they wish to negotiate a new Agreement, and specifying the following information:
 - (a) identify the outcome of organisational change which necessitates a new Agreement; and
 - (b) how this current Agreement does not deal with the impact of this change; and
 - (c) the new proposal to address the unforeseen outcome of this change; and
 - (d) the distinct geographic area or business unit to which the proposed new Agreement will apply.
- (ii) Subject to satisfying the criteria outlined above, the relevant parties will negotiate in good faith for a new Agreement.

- (iii) If the relevant parties are able to reach an agreement, the new Agreement will be put to a vote by the affected employees. If the affected employees vote in favour of the new Agreement it will be lodged in accordance with the *Industrial Relations Act 2016* (Queensland).
- (iv) Any new Agreement lodged in accordance with the Act will prevail to the extent of any inconsistency with this Agreement.
- (v) If the relevant parties are unable to reach agreement:
 - (a) the relevant parties may seek to resolve the matter through clause 9 - Dispute resolution contained in this Agreement, or utilise appropriate provisions in the *Industrial Relations Act 2016*
 - (b) no party can be forced to make a new Agreement and, in the absence of agreement, the status quo shall remain.

17.4 This clause does not allow industrial action that would otherwise be protected industrial action under legislation while this Agreement is in force.

- (i) undertake hazard identification and risk assessment

19 Managing drugs and alcohol in the workplace

- 19.1** Zero Harm is paramount to Council and the unions. It is Council’s expectation that employees arrive at work without being under the influence of drugs and/or alcohol in order to protect the wellbeing of employees and the community.
- 19.2** In order to achieve Zero Harm, the Parties to this Agreement will work together to develop and implement a drug and alcohol management procedure within 6 months of certification of this Agreement. The drug and alcohol procedure will:
- (i) Apply to all employees, contractors and volunteers, except as provided for at clause 19.6;
 - (ii) Take into consideration the relevant Australian Standards, work location and nature of work performed;
 - (iii) Use random selection conducted by an external independent qualified provider, which will be free from Council influence;
 - (iv) Use oral saliva testing as the preferred method of testing for drug impairment and be measured against the Australian Standard;

- (v) Use breath testing devices for alcohol impairment, having limits that vary as a result of clause 19.2(ii);
- (vi) Testing where an employee is involved in a workplace health and safety incident and suspected impairment;
- (vii) Enable employees to self-declare prior to the commencement of work;
- (viii) Focus on ensuring that employees have the right level of support to address any impairment issues, provide relevant information to employees on the effects of drugs and alcohol, and demonstrate a commitment from Council that education is an important component in dealing with drugs and alcohol in the workplace; and
- (ix) Align with the Managing Poor Performance & Misconduct Procedure for employees who fail to correct behavior relating to impairment in the workplace.

19.3 If the Parties are unable to reach agreement on a drug and alcohol procedure within 6 months of the certification of this Agreement, the Parties will seek the assistance of the Queensland Industrial Relations Commission to develop the procedure.

19.4 The procedure will be jointly reviewed by the Parties after it has been in place for 12 months.

19.5 Council agrees to provide the Union Parties with annual statistics on the operation of this procedure at JCC.

19.6 This procedure will not override Council's Drug and Alcohol Management Procedure which applies to Council's quarries, unless otherwise agreed between the Parties.

20 Heat Fatigue

20.1 The Parties accept that heat fatigue is a matter of concern for everyone. Therefore, in line with Council's Zero Harm Policy, the parties commit to jointly review the current practice through the JCC Zero Harm sub-committee within the first 3 months of this Agreement.

21 Workload management

21.1 The Parties are committed to enhancing the health and wellbeing of employees and encourage a balance of work and lifestyle. The Parties recognise the health and safety implications of excessive workloads and working arrangements and are committed to exploring opportunities to improve workload management practices across the organisation to enhance effectiveness and efficiency.

21.2 Managers, team leaders and employees shall manage work times to meet operational requirements and cooperate to manage and minimise the working of excess hours, contain the accrual of excessive flex-time or time off in lieu (TOIL or OTIL) and to ensure that accrued time off and leave can be accessed without disruption to business operation. Mechanisms will be developed to monitor, track and remedy foregone flex leave.

21.3 The Parties are committed to ensuring a balance between the appropriate level of employees to meet operational and business needs, customer demand and community expectations, in the context of funding and revenue considerations.

21.4 Divisional and/or Work Unit Consultative Committees shall:

- (i) identify any reasons for the working of excess hours
- (ii) identify any impediments to employees accessing time off
- (iii) investigate whether excessive overtime is being worked in any areas or by individuals
- (iv) develop strategies to minimise the working of excess overtime
- (v) monitor and manage the impact of organisational change, organisation design, changed or reduced number of roles on remaining employees.

If an employee has a concern in relation to this clause, the dispute resolution clause within this Agreement (clause 9) may be accessed.

22 Work and life

22.1 Brisbane City Council seeks to retain its status as an ‘employer of choice’ with demonstrated commitment to workplace diversity and a balance between work and life.

22.2 The Parties recognise that a diverse and capable workforce is essential to delivering outcomes for the city and its community, and the need to balance business needs and individual requirements. The Parties will continue to demonstrate our commitment to work/life balance through:

- (i) developing and implementing leading-edge work and life, and equity and diversity policies and practices that benefit both employees and the business
- (ii) applying flexible and innovative ways and enhancing access to the policies in daily business where possible
- (iii) undertaking proactive actions to attract, select, develop and retain employees from diverse backgrounds and abilities, so that the workforce mirrors the diversity in the Brisbane community and an enhanced customer service capability is achieved
- (iv) an expectation that managers, team leaders and employees will demonstrate respect and valuing of other employees through their behaviour
- (v) continually strengthening relationships between managers, team leaders and employees
- (vi) continuing to support and monitor local equity and diversity planning
- (vii) monitoring and improving access to work and life policies and practices, being flexible and innovative in the application of the procedures, for the benefit of both the employee and the business
- (viii) subject to operational requirements of the business, exploring barriers to accessing flexible work arrangements, especially for parents, carers and the ageing workforce, and develop strategies, options and mechanisms to improve access.

23 Learning and career development

23.1 The Parties are committed to lifelong learning at both an organisational and individual level.

- 23.2** Council recognises the diverse needs of employees within our organisation and will work with employees to address any learning and career development needs.
- 23.3** To meet the changing needs of Council and the community, we agree to monitor, review and update approaches to the development of required skills and capabilities; acquisition and sharing of knowledge; and continuing to build a workforce of capable, competent and committed employees. Employees commit to learn and apply new skills and knowledge, adapt to new ways of working and participate in initiatives which assist Council to meet future needs.
- 23.4** The Parties are committed to training and career development. Training shall be consistent with the Australian Quality Training Framework (AQTF), where appropriate, and wherever possible will aim to satisfy the requirements of the relevant industry, professional or statutory body.
- 23.5** The parties to this Agreement recognise that in order to ensure efficiency, productivity and competitiveness, Council will commit to:
- (i) Developing a skilled and flexible workforce; and
 - (ii) Providing career opportunities through appropriate training.
- 23.6** The Parties agree that DCCs are the appropriate vehicle to develop, oversee and review agreements for training, skills development and competency-based career development.
- 23.7** Where support is required to assist the parties to enable career progression or implementation of any competency standards, the Parties will discuss the most appropriate approach to gaining such support.
- 23.8** Council will adhere to the classification structures outlined in this Agreement and the relevant Award.

24 Apprenticeships and traineeships

- 24.1** Council recognises the value of developing its own capability through the employment of apprentices and trainees. Council will continue to offer apprenticeships at a minimum AQTF Certificate III level and traineeships. Together, Council, employees and unions will:
- (i) explore ways to maximise training opportunities for young people in the city entering Council's workforce
 - (ii) pursue partnering opportunities with other organisations and group apprenticeship schemes
 - (iii) develop arrangements to facilitate the transition from training roles to full-time work
 - (iv) implement employment arrangements and conditions which facilitate the achievement of these objectives.
- 24.2** Subject to business needs and the long term sustainability of the organisation, Council commits to employment programs with a targeted focus on key occupational groups necessary to build capability for delivery in critical business areas and/or areas of growth.
- 24.3** The Parties will establish a Charter for a sub-committee of JCC to ensure compliance with the above commitments.

25 Retraining, placement and separation

- 25.1** We recognise that sustainable employment depends upon improving competitiveness, implementing better systems and improving processes in all areas of Council. The Parties understand that the organisation will constantly change, so employees may be required to retrain and utilise their skills and capabilities in other areas of Council.
- 25.2** Where changes in technology, business trends, demand, organisational or budget priorities impact the number of roles or employees required, the relevant consultative committees will be advised and the agreed retraining, placement and separation procedures (see Schedule 6, Retaining and Placement Procedure) will be used to manage the impact on affected employees.

D Conditions of employment

26 Parental Leave

26.1 Paid Parental Leave (previously *Maternity Leave* of 14 weeks and *Paternity and Partner Leave* of 4 weeks) will be maintained at a maximum of 18 weeks combined between both parents as outlined below:

- (i) Birth Related Leave of 6 weeks: available to birth mothers at or around the time of birth. May be combined with either one of Primary Caregiver Leave or Secondary Caregiver Leave, to a maximum of 14 weeks.
- (ii) Primary Caregiver Leave of 8 weeks: available to the parent who will be the primary caregiver of the child. May be combined with Birth Related Leave to a maximum of 14 weeks. May not be combined with Secondary Caregiver Leave.
- (iii) Secondary Caregiver Leave of 4 weeks: Available to the parent who is not the primary caregiver. May be combined with Birth Related Leave to a maximum of 10 weeks. May not be combined with Primary Caregiver Leave.

26.2 The paid Parental Leave changes outlined at 26.1 will not become effective until the required SAP system changes have been configured. Council will endeavor to have the required system changes in place as soon as practicable. Until this occurs, the paid Maternity Leave and Paternity Leave arrangements outlined in Council's Leave Procedure (HRP022) will continue to apply.

26.3 Birth mothers will continue to require a medical certificate demonstrating fitness to work in their normal duties in order to work within the six weeks before or after birth. Where both parents are employees of Council, only one parent may access Primary Caregiver Leave or Secondary Caregiver Leave for each pregnancy/child (these leave types may not be combined).

26.4 Other arrangements for paid and unpaid Parental and Adoption Leave, including arrangements for half-pay leave, will continue to apply as outlined in the relevant Award and procedure.

26.5 Council agrees to review and update HRP022 Leave Procedure, in accordance with the relevant process as outlined at clause 4.6.2 of this Agreement, to reflect these new arrangements.

26.6 We recognise that employees may wish to seek flexible or part-time work arrangements upon return from Parental Leave. Subject to the needs of the business, managers will seek to accommodate the needs and preferences of employees. Employees are encouraged to discuss their potential needs and preferences with their manager as early as possible, including before departing on leave, providing maximum opportunity to discuss and consider potential mutually agreeable arrangements. We recognise that, in order to meet both business needs and employee preferences for working arrangements, it may be necessary for employees to seek or accept alternative placement in another role or organisational unit.

26.7 Parental Leave provisions of this Agreement shall be in addition to any state or federal statutory parental Leave entitlements.

27 Time Off in Lieu of Overtime (excluding Passenger Services employees)

27.1 Time off in lieu is an option to the payment of overtime for employees.

- 27.2** It will only be applied with the agreement of both employee and the team leader prior to the overtime being worked and must be able to be taken within four months of being worked.
- 27.3** The team leader is delegated the authority to approve the accrual and taking of time off in lieu. Such approval should not be unreasonably withheld.
- 27.4** The accrual of time will be at existing overtime rates (e.g. 1 hour worked at time and a half = 1 hour 30 minutes time off in lieu).
- 27.5** Time off in lieu must be taken ahead of annual and long service leave. Time off in lieu must be taken within a four-month period or by agreement between the employee and team leader in conjunction with the next leave period.
- 27.6** A maximum of five days, at the employee's normal working hours, may be accrued at any time.
- 27.7** Where an employee is transferred to another Work Unit, the employee will be paid out for their accrued time unless their new unit's team leader is willing to accept the leave liability.
- 27.8** Unless time is taken within four calendar months of its date of accrual or an agreement has been reached under clause 27.5, it must be paid out. However, employees are encouraged to take time off in lieu within one month of its accrual.
- 27.9** Where payment is made for accumulated time, it will be at rates current at the time of payment. Team leaders should consider the impacts of EBA and other pay rises on the potential cost of paying out accrued time.
- 27.10** Allowances will be paid when the overtime is worked, not when the time off in lieu is taken.
- 27.11** Where leave is not able to be taken within the four-month period or in conjunction with the next leave period as agreed, that time must be paid out.
- 27.12** Where Work Units direct-charge employees' time to customers, they must establish appropriate operating accounts to manage the necessary accruals.

28 Half Pay Annual Leave

- 28.1** Annual Leave may be taken at half pay to spread the Annual Leave over a longer period. The minimum period of half pay is two and a half (2.5) days (i.e. five (5) days at half pay) and the maximum period to be doubled is four (4) weeks (i.e. up to a total of eight (8) weeks at half pay) or five (5) weeks at half pay for eligible shift workers as outlined in the relevant Award. Also, where an employee is proceeding to approved, planned, extended unpaid leave (such as Mid-career Break), accrued Annual Leave greater than four (4) weeks may be paid at half pay with the approval of the Divisional Manager. This approval is to ensure there are no resourcing issues arising from such extended absences.
- 28.2** Please consider that while leave is at half pay, deductions are based on a full week's pay. This may mean that some employees will not receive enough money to cover weekly deductions. It is the responsibility of the employee to ensure that they can cover their deductions.
- 28.3** Applications for Half Pay Annual Leave will not be unreasonably denied, taking into consideration the following:
- (i) Whether the taking of half-pay annual leave meets the area's business and operational requirements;

- (ii) The employee's current leave balance to ensure accrued leave remains below Council's maximum leave accrual rate; and
- (iii) The ability to provide coverage for the leave period, including the cost associated with arranging coverage.

29 Half Pay Long Service Leave

29.1 Long Service Leave may be taken at half pay to spread the Long Service Leave over a longer period. The minimum period of half pay is five (5) days (i.e. ten (10) days at half pay) and the maximum period to be doubled is twenty-six (26) weeks (i.e. up to a total of fifty-two (52) weeks at half pay). Also, where an employee is proceeding to approved, planned, extended unpaid leave (such as Parental Leave or Mid-career Break), accrued Long Service Leave may be paid at half pay with the approval of the Divisional Manager. This approval is to ensure there are no resourcing issues arising from such extended absences.

29.2 Please consider that while leave is at half pay, deductions are based on a full week's pay. This may mean that some employees will not receive enough money to cover weekly deductions. It is the responsibility of the employee to ensure that they can cover their deductions.

30 Domestic and Family Violence (DFV) Leave

30.1 Council is committed to providing a safe workplace for all employees. Council aims to support employees who are involved in domestic violence. Domestic and family violence is an extremely sensitive issue that affects individuals, families, and communities.

- (vi) Training for Contact Officers to direct employees to available support such as EAP and other services; and
- (vii) Protection against adverse action, discrimination, harassment or bullying as a result of any disclosure, experience or perceived experience relating to domestic and family violence.

30.3 Council will also provide employees and their immediate family members with access to the Employee Assistance Program (EAP) which provides free confidential counselling (face to face, telephone or online) and access to a wide range of information and support resources. It is available to all Council employees and their immediate family members (those residing in the same household).

30.4 Entitlement

Employees experiencing domestic and family violence will have access to dedicated additional paid leave. The entitlement includes:

- (i) Up to 10 days paid leave per calendar year for full-time employees (non-cumulative).
- (ii) The leave is to be paid at the employee's base rate of pay (e.g. no shift penalties).
- (iii) The leave is pro-rata for part-time and flexible permanent part-time employees (e.g. a part-time employee who works three days per week will have access to up to six days paid leave).
- (iv) Casual employees are entitled to paid DFV leave only for rostered work already advised/ released which falls within the requested leave period, For example, if a casual employee requests 2 weeks DFV leave (10 working days) and has been rostered for 6 shifts in that period, only 6 days paid DFV will be considered). The relevant Divisional Manager may use discretion in approving the amount of leave taken up to a maximum of 10 days.
- (v) This leave may also be available to employees supporting another person experiencing domestic and family violence.

30.5 Leave approval

- (i) Employees may make requests to access DFV leave directly to the Divisional Manager.
- (ii) Where requests are made via the employee's supervisor/manager, the request for leave is to be immediately escalated to the relevant Divisional Manager to ensure confidentiality to the employee affected. This may occur by the Supervisor/Manager of the employee making contact with the Divisional Manager's office to discuss the request.
- (iii) In the event an employee requires assistance with making an application for DFV leave, Council Contact Officers or a HR representative will be available to provide support to the employee making an application for DFV Leave to the relevant Divisional Manager.

30.6 Council will not discriminate or take action against employees because they have requested and/or accessed DFV leave.

31 Industrial Relations training leave

31.1 As outlined in the Employee and Industrial Relationships clause of this Agreement (clause 7), Council recognises that unions and their delegates have a role to play on behalf of employees in consultative processes and in resolving grievances and disputes. To support this, permanent and temporary employees who are workplace delegates or nominated union members of the relevant union may access paid Industrial Relations Education Leave.

31.2 This leave is only available to eligible workplace delegates or nominated union members of union Parties to this Agreement. The leave may be accessed by workplace delegates or nominated union members for the purposes of attending training, seminars, conferences, executive meetings and any other union events.

31.3 Requests to access this leave are to be made in SAP, with notification to the Manager, Workplace Relations and including details about the training, seminar, conference or executive meeting.

31.4 Up to 35 days per union for workplace delegates or nominated union members may be granted each calendar year (non-cumulative) taking into consideration any business impact.

31.5 To assist in the planning and completion of this training, unions agree:

- (i) to formally advise Council of each accredited workplace delegate within three months of certification of this Agreement.
- (ii) to formally advise Council of each new accredited workplace delegate appointed during the term of this Agreement.
- (iii) to advise the Joint Consultative Committee on a periodic basis of the nature and number of people that may be involved in training, conferences, seminars and executive meetings.

32 Superannuation

32.1 Brisbane City Council will either:

- (i) Contribute the required superannuation on behalf of each employee to a compliant superannuation fund of the employee's choosing; or
- (ii) make contributions in accordance with the governing rules of LGIASuper.

32.2 In the event an employee does not make a choice in accordance with clause 32.2, the default superannuation fund will be Local Government Superannuation Plan (Qld) (LGIASuper).

32.3 Prior to exercising choice, Council recommends all employees, including those currently on a defined benefit scheme, seek independent financial advice.

32.4 Salary Sacrifice arrangements will continue to be available to all employees, subject to legislative provisions and Australian Taxation Office rulings.

33 Change to pay process to address timesheet estimation

33.1 During the life of this Agreement, Council will consult with employees and relevant unions on a change to the pay process for employees, other than Bus Operators.

33.2 The change in pay process is intended to:

- (i) provide employees improved levels of certainty;
- (ii) ensure more accurate payments are being made based on hours worked; and
- (iii) create greater standardisation of payment processes.

33.3 The change referred to in this clause does not involve changing the current frequency of pay (weekly).

33.4 Employees will be provided at least 3 months' notice of any proposed change.

34 Local Area Arrangements and Special Arrangements

34.1 The special arrangements outlined in Schedules 8, 9 and 11 represent the only special arrangements to be retained. The special arrangements in this Agreement replace any previously agreed Local Area Arrangements (LAAs) or special arrangements. No further LAAs/special arrangements will be negotiated during the life of this Agreement. Any previously agreed LAAs/special arrangements which are not outlined in Schedules 8 - 11 of this Agreement shall cease to have any operation or effect from the date that this Agreement comes into operation.

34.2 Nothing in this clause precludes the making of a new Agreement in the event of unforeseen circumstances, as provided for in clause 17.

34.3 Special arrangements - roster changes

Any provision of this Agreement which specifically provides for the actual terms of the roster (for example, pattern of ordinary hours, arrangement of ordinary hours, changes to start and finish times) for a work group or work area may be changed by agreement between Council and the majority of employees, in accordance with the following process:

- (i) All employees directly affected by proposed roster changes are to be consulted.
- (ii) Employees may be represented by their union representative.
- (iii) Concerns raised during consultation by individual employees relating to personal circumstances will be considered on a case-by-case basis, giving consideration to operational requirements.
- (iv) Agreement shall be deemed to have been reached if the consent of greater than 50% of employees directly affected is obtained.
- (v) Neither Party is to unreasonably withhold agreement to any proposed roster change.
- (vi) Changes or proposals for change in accordance with this clause during the life of this Agreement will not be “extra claims” within the meaning of clause at 4.8 of this Agreement.
- (vii) Any disputes arising from the application of this clause including genuine concerns that agreement is being unreasonably withheld, shall be dealt with in accordance with the dispute resolution clause in this Agreement (clause 9).
- (viii) This clause does not override or replace any specific roster change process outlined within a special arrangement contained within this Agreement.

For clarity, this clause does not apply to variation of rosters where the actual rostering arrangement is not specifically set out in this Agreement. For rostering arrangements not contained within this Agreement, relevant Award provisions will apply.

2 Structure

- 2.1** The Parties agree to maintain the following consultative committee structure and agree that the composition and operation of the Divisional, Work Unit and Local Consultative Committees, and other groups noted on the structure below, shall be determined by each group on a needs basis.
- 2.2** Other consultative mechanisms may be established as determined by the Joint Consultative Committee.

The Parties are committed to improving the overall productive performance of the organisation and to achieving improved and effective consultation in the workplace. The Parties agree that cooperation will provide employees with an opportunity, through their unions and committee representatives, to participate fully in decisions which impact on their working lives and improve productive performance. The Parties also agree that effective cooperation is dependent upon effective and timely information sharing and genuine commitment from all parties. It is therefore agreed that the establishment of a permanent Joint (Union/Management) Consultative Committee is the most appropriate method whereby commitment to the above principles can be demonstrated and given effect.

3.4.2 Special meetings may be convened to discuss particular issues or as less formal JCC Strategy Meetings, within the terms of reference.

3.5 Chair

The Chief Executive Officer shall chair JCC meetings, and the unions may nominate a coordinator.

3.6 Agenda

3.6.1 All members of the JCC can submit agenda items. The chairperson and union coordinator will discuss and finalise the agenda prior to each meeting.

3.6.2 All relevant written information and documents must be circulated electronically with the agenda to members of the committee at least one week prior to the meeting.

3.7 Minutes

3.7.1 The secretary to the JCC will be responsible for the production of the minutes of the meeting.

3.7.2 A draft copy of the minutes will be made available within one week of the meeting to the chair and coordinator, who will review the draft, propose amendments and approve release of the minutes. Minutes will then be made available to all members, Council managers and employees through Council's Intranet and/or email and other unions. The minutes will be formally accepted at the next meeting of the committee.

3.8 Responsibilities of JCC members

3.8.1 All JCC members are to attend all meetings, represent the views of their constituents and give serious consideration to all matters raised.

3.8.2 Nominated deputies may attend in exceptional circumstances.

3.9 Confidentiality and information sharing

All members agree to treat information which may impact upon the competitive advantage or political operations of the organisation with appropriate sensitivity.

3.10 Training

All employee members of the JCC may participate in necessary training to ensure they are able to represent their members and fully participate in the JCC.

3.11 Sub-committees

3.11.1 The Joint Consultative Committee may establish permanent or temporary sub-committees, reference groups and project teams in relation to specific needs, objectives or issues, within the terms of reference. Such committees, groups or teams shall have a clearly defined purpose, minute meetings and, where necessary, timeframe or meeting schedule and report regularly and as required to the JCC.

3.11.2 Sub-committees should include at least one management and one union JCC representative, and may be assigned authority to make recommendations or decisions on behalf of the JCC. Agenda and meeting minutes of sub-committees should be forwarded to all members of the JCC. All JCC members have the right to attend any meeting of JCC sub-committees and should advise the convenor beforehand of their intention to attend (as a courtesy).

4 Divisional and Work Unit Consultative Committees

4.1 Purpose of committee

To improve the performance of the division or work unit in delivering services of value to its customers and at the same time enrich the work environment of all employees.

4.2 Terms of reference

4.2.1 Each Divisional and Work Unit Consultative Committee should establish an agreed charter and operating guidelines which assist the effective provision of information, conduct of meetings and level of responsibility (e.g. discuss, recommend, advise, decide) in relation to various agenda items. The charter and operating guidelines should be readily available to all members and new or temporary members should be advised of these before participating in any meeting. Note: training for employee consultative committee members is available through HR Branch. Consultative committees should generally meet on a monthly basis, but may agree to less frequent meetings provided meetings are held at least quarterly. Minutes of meetings should be taken and made available to all managers, team leaders and employees in the division or work unit, as well as to members and relevant unions, regardless of membership or attendance.

4.2.2 In general, consultative committees should be able to:

- (i) implement the policy decisions and guidelines of the Joint Consultative Committee
- (ii) deal with workplace issues that have the potential to impact on all employees within the division or work unit
- (iii) undertake specific responsibilities and activities in accordance with the current Certified Agreement
- (iv) address any other matters raised by committee members which impacts on the workforce.

4.2.3 Individual grievances, actions or complaints are excluded, and industrial matters should not be addressed in the consultative committee context after a Notice of Dispute has been lodged with the Queensland Industrial Relations Commission.

4.3 Membership and operation of meetings

4.3.1 The divisional or work unit manager shall be a member of the relevant consultative committee, but shall not automatically assume the chair. In fact, it may be preferable that the senior manager be free to participate in discussion and that the chair/convenor focus on meeting conduct. An official of each relevant Union Party to this Agreement shall be invited to be a member of the Divisional Consultative Committee (DCC), and the agenda and minutes of each DCC meeting shall be forwarded to each relevant union regardless of membership or attendance.

4.3.2 Each committee should elect a convenor, normally for a specified period (e.g. one year), and determine whether the convenor shall chair meetings, or if the chair shall be rotated between other members.

4.3.3 Members shall be nominated in equal number by management and unions, including union-nominated employees. Membership is normally for a period of two years with a staggered timing for the retirement, replacement or renewal of members commencing after one year. Members have a responsibility to attend all

meetings and give serious consideration to all employment matters raised, within the terms of reference. Members have a responsibility to represent, inform and seek opportunities for their constituents.

4.3.4 Each committee shall determine a quorum or minimum representation for a meeting to progress, which shall include at least two management and two union nominees.

5 Local Consultative Committees

Local Consultative Committees (LCCs) operate on a less formal basis than Work Unit Consultative Committees (WUCCs) to discuss and address matters of a local nature associated with safety, physical environment, operational issues and working arrangements. A record is kept of issues discussed and agreed actions arising. Composition, membership and meeting arrangements are determined locally between management, employees and their unions.

Schedules – Procedures

Schedule 5: Personal Leave and rehabilitation procedures

1 Overview

1.1 Paid Personal Leave is provided to support employees through periods of personal illness/injury and in the rehabilitation process. Personal Leave is not an alternative to Workers' Compensation for workplace illnesses or injuries nor is it provided to be used in conjunction with income benefits from a private insurer to create individual financial benefit.

1.2 The following procedures have been agreed to establish the Personal Leave arrangements and to ensure effective rehabilitation processes and that appropriate arrangements are in place to manage extended and/or recurrent absence and clarify processes for people leaving Council for medical reasons.

2 Personal Leave (Sick and Carer's)

2.1 All employees (other than employees engaged as casuals) who are unable to perform their duties on account of illness/injury (except illness/injury covered by Workers' Compensation) or carer requirements shall have access to a paid Personal Leave entitlement, which will accumulate from year to year. Paid Personal Leave may only be accessed once an employee has worked for Council for a minimum period of six weeks of non-casual service. Accumulated Personal Leave will not be paid out on cessation of employment under any circumstances.

2.2 Employees will accrue 15 days Personal Leave (pro-rata for part-time and flexible permanent part-time employees) for each completed year of service. The annual entitlement will be accrued on a daily basis. The accrual and credit of Personal Leave for employees engaged with Council on or before 30 June 2010 will start from 30 June each year. The accrual and credit of Personal Leave for employees engaged after 30 June 2010 will start from the commencement of employment date.

2.3 Personal Leave will be reflected as equivalent hours and calculated using the employee's relevant ordinary hours of work. The ordinary hours of work for a full-time wages employee shall be 38 hours per week and 36.25 hours per week for a full-time salaried employee. The actual time absent by employees will be recorded and deducted from the employee's entitlement. Personal Leave is calculated on a pro-rata basis for part-time and flexible permanent part-time employees.

2.4 Employees employed after date of certification of this Agreement will have their first year's Personal Leave entitlement credited on date of commencement (accessible in accordance with clause 2.1 of this Schedule). From the second year of employment, Personal Leave will accrue daily as outlined in clause 2.2 of this Schedule.

2.5 Personal Leave is available to employees in the following instances:

- (i) where the employee is unable to perform their duties on account of illness or injury
- (ii) where the employee is the primary care giver and is required to care for or support a member of their immediate family* or household.

2.6 Employees will be able to access a maximum of 15 days (pro-rata for part-time and flexible permanent part-time employees) of their Personal Leave entitlement in any one year for caring requirements.

** The term 'immediate family' includes a spouse (including a former spouse), a de facto spouse, a former de facto spouse, and a partner of the same sex of the employee; and a child or an adult child (including an adopted child, a foster child, an ex-foster child, a stepchild or an ex-nuptial child), parent or step-parent (including same-sex partner of an employee's parent), grandparent, grandchild or sibling of the employee or of the spouse of the employee.*

3 Procedure requirements

3.1 Taking of Personal Leave

3.1.1 Council will approve all reasonable requests for Personal Leave. Requests for Personal Leave due to personal illness or injury will require a medical certificate from a registered medical practitioner* or other evidence to the satisfaction of Council in the following circumstances

- (i) for any period of paid Personal Leave which exceeds two working days
- (ii) after five or more absences of up to two days on paid Personal Leave without a medical certificate have been taken within 12 months from the employee's Personal Leave accrual start date. In this situation a medical certificate or other evidence will be required for every day of paid Personal Leave requested during the remainder of that particular 12 month period.

3.1.2 Requests for Personal Leave due to carer requirements may require a medical certificate from a registered medical practitioner*. Where a medical certificate is required by Council, it is to state the name of the person being cared for, the relationship to the employee, and that the person being cared for is ill and the illness is such as to require care by another person. Where a medical certificate is required, the employee will be advised of the requirement prior to the conclusion of the relevant absence.

3.1.3 Any employee who is in receipt of a medical certificate is to treat both the document and the information contained within the medical certificate confidentially, in accordance with Council's Code of Conduct.

**A medical practitioner registered with the Medical Board of Australia, or similar registration authority, but shall not, for example, include the services of physiotherapists, osteopaths, chiropractors, acupuncturists, naturopaths, herbalists and homeopaths.*

3.2 Notification of inability to attend work

To assist in making arrangements for replacing an absent employee, employees who are unable to work due to personal illness or injury should notify their immediate supervisor as soon as practical when they become aware of their inability to attend for work, including the reason they are unable to work and the estimated duration of the absence. Failure to do so may result in the non-payment of Personal Leave for that absence.

3.3 Illness at work

If an employee begins work but cannot continue because of illness, the balance of the rostered ordinary time will be treated as paid Personal Leave (where an employee's individual entitlements are sufficient to cover the absence).

3.4 Appointments at doctor or dentist

In an emergency or when an employee cannot attend a doctor or dentist appointment outside normal working hours and attends such appointment during working hours, up to four hours of paid Personal Leave will be allowed to enable attendance at such appointment, for which a certificate would normally be obtained.

3.5 Sickness during leave

3.5.1 An employee who becomes ill while on Annual Leave and/or Long Service Leave will be paid Personal Leave and a corresponding amount of time added to the employee's Annual Leave or Long Service Leave entitlement, provided that:

- (i) a registered medical practitioner certifies that the employee would be unfit to perform normal duties for a period of not less than five working days; and
- (ii) the employee notifies Council as soon as practical; and
- (iii) the employee is available for rehabilitation, where possible and appropriate.

3.5.2 Annual and Long Service Leave taken at half pay will be re-credited and replaced with Personal Leave at half pay. Personal Leave is not paid for the unpaid proportion of half-paid leave.

3.6 Workers' Compensation

3.6.1 All claims for work-related injury or illness must be submitted to City WorkCover via the employee's supervisor. Supervisors are to monitor any work-related incidents to ensure that all necessary WorkCover forms are completed.

3.6.2 An employee who is unable to attend work due to a workplace illness/injury is initially able to access any available Personal Leave while the Workers' Compensation claim is being determined. If the Workers' Compensation claim is accepted, the absence will be paid for by Workers' Compensation. Accordingly, any relevant period of Personal Leave accessed by the employee will be re-credited.

3.7 Rehabilitation processes

3.7.1 Paid Personal Leave is designed to support employees with the capability, intention and desire to return to work in their substantive role. Council has a responsibility to rehabilitate ill or injured employees and to assist those employees to return to work. Rehabilitation processes support access to accurate and relevant medical information from the treating doctor and assist a productive return to useful work as soon as practical. To benefit from these arrangements, employees have a responsibility to cooperate with the rehabilitation process, including the provision of necessary and reasonable information to allow the rehabilitation process to operate effectively.

3.7.2 Employees can be referred to a rehabilitation consultant* when they have:

- (i) absences of greater than ten consecutive working days due to illness/injury
- (ii) provided a certificate or notified their supervisor that they will be absent for more than ten days
- (iii) recurrent or patterns of absence.

3.7.3 An employee or team leader can seek advice from a rehabilitation consultant at any time about ways to ensure Zero Harm.

3.7.4 The rehabilitation consultant will make an initial assessment on the appropriateness of rehabilitation. When rehabilitation is considered appropriate or if further information is required, the rehabilitation consultant will contact the employee to:

- (i) develop a rehabilitation plan to be commenced; and
- (ii) obtain the employee's cooperation in advising their treating doctor to complete and return a standard advice form regarding work capacity and limitations, to enable development and commencement, when appropriate, of a rehabilitation program and return to work; and/or
- (iii) obtain the employee's consent for the rehabilitation consultant to contact the employee's treating doctor to clarify the information sought and discuss rehabilitation if required.

3.7.5 The requirement for the employee to support the provision of the above information is necessary to enable Council to meet its obligation to rehabilitate ill employees. Where the employee does not support the provision of this information or otherwise does not comply with rehabilitation, including attendance at medical reviews and participating in support programs, without reasonable excuse, paid Personal Leave will be suspended. In the event of any suspension, the employee and the employee's union will be notified that suspension will take effect 14 days from the date of notice. Where an employee subsequently complies with their rehabilitation responsibilities, access will be reinstated but not backdated.

3.7.6 An employee may be required to undergo a medical review where:

- (i) no information is provided by the employee's treating doctor
- (ii) the information provided by the employee's treating doctor is insufficient
- (iii) the information provided by the employee's treating doctor is conflicting.

3.7.7 The medical review may be undertaken by a Council doctor+ or an independent specialist nominated by Council, or by the employee's treating doctor, with the intention to gain information regarding the employee's work capacity and to clarify the information that is required for Council to support the employee's return to work.

3.7.8 In addition to clause 3.7.6 employees may be required to undertake an independent medical review on a quarterly basis (e.g. 3, 6, 9, 12 months and so on from date of illness/injury).

3.7.9 Council's responsibility to provide rehabilitation ceases once the employee's injury/illness is medically certified as stable and stationary, or if medical advice indicates that the employee is no longer able to perform the inherent requirements of their substantive role.

** Rehabilitation consultants possess qualifications and experience in rehabilitation case management and are engaged by Council to manage rehabilitation.*

+ Council doctor refers to any registered medical practitioner appointed and paid by Council.

3.8 Recurrent absence

3.8.1 The Parties accept that where extensive periods of leave have been taken, an employee's Personal Leave history (both short term and extended absence) can be reviewed and analysed for a period of up to three years. The purpose would be to identify any difficulties with the employee performing the duties of their role and identify

reasonable assistance to enable the employee to perform the duties of their role. In these circumstances, referral to a rehabilitation consultant will be considered.

3.8.2 On referral to a rehabilitation consultant, an employee will be required to undergo a medical review as part of the rehabilitation process. At Council's discretion, the medical review may be undertaken by a doctor/specialist nominated by Council and/or by the employee's treating doctor. The medical review will clarify whether the employee is medically fit to perform all the duties of their role/classification and if there are underlying medical condition/s causing the recurrent or patterns of absence.

3.8.3 Based on medical advice received through the medical review, an employee may be required to participate in the rehabilitation process further, including undertaking a wellness program or other support program, with defined outcomes. This program will be designed by a nominated case management team made up of the rehabilitation consultant, the employee's manager, a HR representative, the employee's union representative (if a member and requested to attend), relevant support program provider/s and the employee.

3.8.4 An employee who has been referred to rehabilitation under this provision may be required to provide medical certificates for every future absence.

3.8.5 After the initial rehabilitation process, the employee's attendance will continue to be monitored by the team leader. Where high levels of absence or patterns of absence continue, the team leader will discuss with the employee ways in which to resolve the ongoing absences (for example alternate working arrangements, a period of leave, Employee Assistance Program or other support options).

3.8.6 Where high levels of absence or patterns of absence continue and:

- (i) it has been determined through a medical review that an employee does not have an underlying medical condition/s preventing them from performing all requirements of their substantive role; and
- (ii) the employee's continued absences results in individual poor performance and impacts on business operations and/or service delivery

the employee's continued absences may be managed in accordance with the Managing Poor Performance and Misconduct Procedure.

3.8.7 Where high levels of absence or patterns of absence continue and:

- (i) it has been determined through a medical review that an employee does have an underlying medical condition/s; and
- (ii) the medical condition prevents and/or limits the employee's capacity to perform all requirements of their substantive role

the work area may seek advice from Workplace Relations regarding options to manage the employee.

3.8.8 Both Council and the employee reserve their rights under common law and legislation.

3.9 Retraining and placement

3.9.1 This clause is to be read in conjunction with Schedule 6 Retraining and placement procedure – medical condition. Assessment for retraining and placement will apply to an employee if they are medically assessed as being unable to perform their substantive role but are able to perform a suitable and available alternative role in accordance with the terms of this clause.

3.9.2 An employee's participation in the retraining and placement program will depend upon there being a reasonable expectation that a suitable vacancy and placement within Council will occur within six months, having regard to:

- (i) a medical determination that the employee's condition is stable and stationary and an assessment of fitness for duty, capability and medical restrictions by a Council doctor; and
- (ii) a vocational assessment of the employee's skills, capability and medical capacity to perform all the requirements of an available role in Council by independent Council-nominated professionals; and
- (iii) a suitable role exists or is likely to become vacant within the six-month period (refer to Retraining and Placement Procedure – medical condition in Schedule 6 Part B).

3.9.3 Once an employee has satisfied the above criteria, the employee will then be managed in accordance with Schedule 6 Part B Retraining and Placement Procedure – medical condition.

3.10 Voluntary Medical Separation

Council in its sole discretion may offer a Voluntary Medical Separation, taking into account, but not limited to, the circumstances of the employee and the operational requirements of Council.

3.11 Individual employment security

Where an employee's health or a medical condition precludes performance of the inherent requirements of their substantive role, continuing employment with Council will depend upon:

- (i) positive participation by the employee in rehabilitation
- (ii) medical certification and support from the employee's doctor, including provision of information relating to the employee's ability to participate in rehabilitation and return to work arrangements
- (iii) the employee having the potential to be placed in an available role in Council
- (iv) eligibility and active participation in retraining and placement processes to enable placement in an available meaningful role elsewhere in Council.

3.12 Total and permanent disability (T&PD) arrangements

3.12.1 As soon as medical reports indicate an employee is totally and permanently disabled, the employee may claim T&PD through the relevant insurer.

3.12.2 Personal Leave may continue (subject to the employee's Personal Leave balance) provided:

- (i) the employee provides Council with a copy of the medical report which indicates they are T&PD
- (ii) the employee provides notice to the T&PD insurer within two weeks of receiving the medical advice
- (iii) the employee makes a claim for T&PD as soon as the application form is available from the T&PD insurer
- (iv) the application for T&PD is acceptable to the insurer and meets the minimum requirements of the application form; and
- (v) the employee gives written consent for Council to liaise with the T&PD insurer in relation to the determination of the claim, and authorises the insurer to provide a copy of the T&PD determination to Council.

- 3.12.3** Where an employee does not claim T&PD despite medical advice, access to Personal Leave will cease.
- 3.12.4** If the T&PD application is successful, employment will be terminated and T&PD benefits paid.
- 3.12.5** If the T&PD application is unsuccessful, employment may continue for up to 12 months after determination of the initial T&PD application while any appeal or review is being considered.

Schedule 6: Retraining and placement procedures

Part A: Retraining and placement procedure – organisational change

1 Overview

- 1.1** Council's placement program proactively assists and demonstrates respect for people who are involved in and affected by technological or organisational change. The program balances Council's need to ensure value for money with its commitment to retaining and retraining its employees. A fundamental principle of the program is to facilitate the expeditious placement of employees to permanent roles. The retraining and placement of individuals will be in accordance with the provisions and principles outlined for retraining, placement and separation in this Agreement. The placement program provides an opportunity for employees to be placed either within Council or to consider career opportunities external to Council.

2 Applicability

- 2.1** This procedure applies to permanent employees of Brisbane City Council who have been referred to the program as a result of Organisation Design, for example, where new technology is introduced, and/or business or operational requirements change, impacting on the continuing need for existing roles. Council is committed to, where possible, using natural attrition strategies.
- 2.2** The Retraining and placement procedure – organisational change does not apply in the following work situations:
- (i) the ordinary and customary turnover of labour, temporary, casual and part-time employees
 - (ii) work program changes and re-scheduling (whether daily or annual) where employees are moved to another workplace or situation on completion of the task at hand or in response to workloads
 - (iii) where the employee is subject to performance management for poor performance, attendance or misconduct, the placement program must not be used as an alternative to the managing poor performance and misconduct process.

3 Definitions

Surplus employee – An employee whose role has become surplus to requirements.

Voluntary Redundancy – The separation of a surplus employee from Council based on the employee's acceptance of Council's redundancy offer and subject to Australian Taxation Office rulings.

Voluntary Redundancy package – The monetary package provided to an employee who leaves Council through a redundancy option.

4 Procedure requirements

4.1 Retraining and placement

- 4.1.1** After an employee is advised of changed operational requirements as a result of Organisation Design, a two-week period of support and counselling will be provided. This will include a vocational assessment to determine the employee's potential for placement and the identification of a role for placement.
- 4.1.2** In the case of Organisation Design or where there is a decision by the Establishment and Coordination (E&C) Committee or Council to exit a business or part of a business, Council, at its sole discretion, may offer a surplus employee a Voluntary Redundancy subject to Australian Taxation Office rulings. The level of the redundancy will be in accordance with the Redundancy and Separation Procedure (see Schedule 7 Part A). If Council does not exercise its discretion or the employee does not accept the offer of Voluntary Redundancy, then the employee will be referred to the placement program. Participation in retraining and placement is mandatory.
- 4.1.3** Where an employee is referred to retraining and placement, the relevant manager will ensure the following steps will occur within two weeks:
- (i) identification of role types and areas of Council where relevant roles are, or will be, performed, including any reasonable adjustment considerations
 - (ii) identification of competencies and performance standards to be acquired to support placement
 - (iii) development of a training/development plan to achieve the required competencies.
- 4.1.4** Where possible, Council will place employees referred to the program in line with that individual's preferred outcome (for example; similar vocational area; remuneration at the same level, or a similar level if agreed; located in reasonable geographic proximity to previous role; similar status and conditions as previous role). Retraining and placement will generally be directed at roles within the same employment group (i.e. City Service, Trade Service, Passenger Service, Salaried Staff); however there can be no commitment or expectation that a suitable role will be available and acceptable in all cases.
- 4.1.5** Employees may be placed in suitable roles anywhere within the organisation, across all divisions. Placement must occur in consultation with the employee to determine the suitability of the role, however employees cannot refuse a suitable role. If there is an issue with what is deemed 'suitable', the dispute resolution clause applies (clause 9 of this Agreement).
- 4.1.6** If a permanent or temporary placement is not available, the employee on the placement program must attend work in their home division and undertake duties as directed within their level of skill until a placement is sourced. This should be located within reasonable proximity to the employee's substantive work location. An employee's income will be maintained during this time.
- 4.1.7** Where an employee on the placement program has the identified competencies and can meet the performance standards of the role, and is demonstrating the commitment to work in these types of roles, Council will attempt to place the employee directly into the role, subject to clause 4.1.10 of this Schedule. This assessment and appointment must take place prior to advertising. (Note: an employee on the placement program may still be directly appointed to an advertised role).
- 4.1.8** Subject to the provisions in clause 4.1.6 of this Schedule, a manager may also directly appoint an employee on the placement program if it is their view that the employee will be able to attain the identified competencies and will meet the performance standards of the role with appropriate training and support, for a trial period of up to six months (employee is appointed on a temporary basis). Where an employee is placed on a trial basis, there should be genuine potential for the employee to be permanently placed in that role, subject to satisfactory

performance. If after six months, or such lesser time as may be determined, the manager determines the employee will not attain the identified competencies and performance standards of the role, the employee returns to the placement program. If the employee attains the competencies and performance standards after the trial period, they are permanently appointed to the role.

- 4.1.9** These provisions do not prevent the use of the transfer at level process outlined in the Recruitment and Selection Procedure.
- 4.1.10** Employees who are being considered for placement in higher classified roles than their substantive classification are subject to the requirements of the Recruitment and Selection Procedure. An employee on the placement program cannot be directly appointed to a higher classified permanent role, or higher classified temporary vacancy of greater than six months duration.
- 4.1.11** Employees on the placement program cannot be considered for roles within quarantined processes of organisation design.
- 4.1.12** Employees on the placement program have the option to seek either full-time or part-time roles.
- 4.1.13** Standard performance management procedures and processes, including Performance Leadership, apply to employees on the placement program.
- 4.2** Placement within six months
- 4.2.1** The placement timeframe is six months from the date of referral to the program (date on delegation).
- 4.2.2** An employee can be permanently placed in a suitable role at a lower level (with income maintenance) during the six-month placement program. If this occurs the employee may continue to be considered for placement in permanent roles at their substantive level for a period of 12 months from the date income maintenance commenced.
- 4.2.3** The placement timeframe of six months will not be extended under any circumstances. If an employee is undertaking a temporary placement at the time the six months has expired, a review regarding options in accordance with this procedure must still occur. If a Voluntary Redundancy is offered and accepted, the date of separation may be negotiated to take into account the temporary placement, i.e. the employee separates from the organisation after the temporary appointment has been completed. Likewise, if the employee is to be placed in any suitable role this can occur after the temporary placement has been completed.
- 4.2.4** If during the period of retraining and placement an employee does not accept an offer of suitable alternative duties/role, Council will consider disciplinary action and discuss options with the employee and their union in accordance with this procedure, including cessation of employment.
- 4.2.5** Where it has been established that an employee cannot be placed into a suitable role after six months, prior to placement of an employee into any role within the employee's current skills base, a formal meeting will be held with the affected employee and their union representative. The purpose of the meeting will be to review the process and discuss the outcomes of the placement process, the impact on the employee and to clarify the terms and conditions of the new role. Council will give prompt consideration to the issues raised by the employee and their union.
- 4.2.6** If an employee is not placed within six months then the employee will be placed into any role within the employee's current skills base, subject to the existing provisions for income maintenance. Council will exercise

its best reasonable endeavours to place employees in roles that are similar to their previous substantive role (for example, similar vocational area, remuneration at a similar level, located in reasonable geographic proximity to previous role, similar status and conditions as previous role), however there can be no commitment or expectation that employees will be placed in a similar role. If an employee is placed into any role the employee may continue to be considered for placement in permanent roles at their substantive level for a period of 12 months from the date income maintenance commenced.

Note: income maintenance commences on the date the employee is referred to the placement program.

- 4.2.7** At any time while on the placement program employees may consider their options for Voluntary Redundancy, although any offer of redundancy is at Council's sole discretion.
- 4.2.8** Voluntary Redundancy will be offered in accordance with the Redundancy and Separation Procedure. (Schedule 7 Part A)
- 4.3** Remuneration and income maintenance
- 4.3.1** Income maintenance occurs when the employee has their salary or wage maintained while they are seeking placement on the placement program or where the employee is placed in a role where they would receive less remuneration than they would have been entitled to in their previous substantive role.

- 4.3.5** The employee's income will be maintained for a fixed maximum period of 12 months from the date of referral to the placement program. Income maintenance will not exceed 12 months from the date of referral to the placement program and cannot be extended in any circumstance irrespective of the employee being placed in a temporary or permanent role.
- 4.3.6** For an employee's accrued Long Service Leave balance (including pro-rata), accrued Leave in Lieu (for stand-by employees) and an employee's accrued annual leave (up to eight weeks, or 10 weeks for shift workers), an employee who is permanently placed into a lower level role during the Placement Program will be paid the difference between the sum of the accrued leave from their previous substantive role and their new placement role. Part B: Retraining and placement procedure – medical condition

1 Overview

Council's placement program proactively assists and demonstrates respect for people who can no longer perform the inherent requirements of their substantive role due to a medical condition. The program balances Council's need to ensure value for money with its preferred approach of retaining and retraining its employees. A fundamental principle of the program is to facilitate the expeditious placement of employees to permanent roles. The retraining and placement of individuals will be in accordance with the provisions and principles outlined for retraining, placement and separation in this Agreement. The placement program provides an opportunity for employees to be placed either within Council or to consider career opportunities external to Council.

2 Applicability

2.1 This procedure applies to permanent employees of Brisbane City Council after they have participated in a rehabilitation program, where an employee's injury or illness prevents them from performing the inherent requirements of their substantive role and they meet the following criteria.

- (i) Council has received medical advice from a legally qualified medical practitioner confirming that the employee is unable to return to their substantive role; and
- (ii) Council has received a medical determination that the employee's condition is stable and stationary and the employee has undertaken an assessment of fitness for duty, capability and medical restrictions by a Council Doctor; and
- (iii) There has been a vocational assessment of the employee's skills, capability and medical capacity to perform all the requirements of an available role in Council by independent Council-nominated professionals, which will be coordinated by the Retraining and Placement Specialist; and
- (iv) Where the injury/illness preventing the employee performing their substantive role was not a Workers' Compensation injury but covered by Personal Leave/Income Protection Insurance, there is a determination that a suitable role exists or is likely to become vacant within a six-month period. In this case, an employee's participation in the retraining and placement program will depend upon there being a reasonable expectation that a suitable vacancy and placement within Council will occur within six months, having regard to the medical determination and the vocational assessment. This determination will also take into account reasonable adjustment, anti-discrimination legislation and industrial relations legislation.

2.2 The Retraining and Placement Procedure does not apply in the following work situations:

- (i) Suitable duties programs implemented as part of the rehabilitation process
- (ii) For Workers' Compensation injuries, where in the opinion of the medical practitioner there is no or very limited opportunity for the employee to be retrained and/or placed
- (iii) Where, based on the above criteria, an employee who has an injury/illness and is not eligible for retraining and placement, Council will discuss options in accordance with the Retraining and Placement

Procedure with the employee and their union, including cessation of employment. In this instance both Council and the employee reserve their rights under common law and legislation

- (iv) Where the employee is subject to performance management for poor performance, attendance or misconduct, the placement program must not be used as an alternative to the managing poor performance and misconduct process.

3 Definitions

Incapacitated employee – An employee with an injury or illness that results in their being unable to perform the inherent requirements of their substantive role, as determined by a medical practitioner.

Voluntary Medical Separation – The separation of an incapacitated employee from Council based on the employee's acceptance of Council's medical separation offer.

Voluntary Separation package – The monetary package provided to employees who leave Council through a separation option.

4 Procedure requirements

4.1 Retraining and placement

4.1.1 Participation in the placement program (retraining and placement) can only occur after a medical determination by a Council doctor that the employee's condition is stable and stationary, and the employee meets the eligibility criteria listed above.

4.1.2 Participation in retraining and placement is mandatory.

4.1.3 Where an employee commits to retraining and placement, the relevant manager will ensure the following steps will occur within two weeks:

- (i) identification of role types and areas of Council where relevant roles are, or will be, performed, including any reasonable adjustment considerations
- (ii) identification of competencies and performance standards to be acquired to support placement
- (iii) development of a training/development plan to achieve the required competencies.

4.1.4 Where possible, Council places employees referred to the program in line with that individual's preferred outcome (e.g. similar vocational area, remuneration at a similar level, located in reasonable geographic proximity to previous role, similar status and conditions as previous role). Retraining and placement will generally be directed at roles within the same employment group (i.e. City Service, Trade Service, Passenger Service, Salaried Staff); however there can be no commitment or expectation that a suitable role will be available and acceptable in all cases.

4.1.5 Employees may be placed in suitable roles anywhere within the organisation, across all divisions. Placement must occur in consultation with the employee to determine the suitability of the role, however employees cannot refuse a suitable role. If there is an issue with what is deemed 'suitable', the dispute resolution clause applies (see clause 9 of this Agreement).

4.1.6 If a permanent or temporary placement is not available, the employee on the placement program must attend work in their home division and undertake duties as directed within their level of skill and/or physical capacity

until a placement is sourced. This should be located within reasonable proximity to the employee's substantive work location. An employee's income will be maintained during this time.

- 4.1.7** Where an employee on the placement program has the identified competencies and can meet the performance standards of the role, and is demonstrating the commitment to work in these types of roles, Council will attempt to place the employee directly into the role, subject to clause 4.1.10 of this Schedule. This assessment and appointment must take place prior to advertising. (Note: an employee on the placement program may still be directly appointed to an advertised role.)
- 4.1.8** Subject to the provisions in clause 4.1.7, a manager may also directly appoint an employee on the placement program if it is their view that the employee will be able to attain the identified competencies and will meet the performance standards of the role with appropriate training and support, for a trial period of up to six months (employee is appointed on a temporary basis). Where an employee is placed on a trial basis, there should be genuine potential for the employee to be permanently placed in that role, subject to satisfactory performance. If after six months or such lesser time as may be determined, the manager determines the employee will not attain the identified competencies and performance standards of the role, the employee returns to the placement program. If the employee attains the competencies and performance standards after the trial period, they are permanently appointed to the role.
- 4.1.9** These provisions do not prevent the use of the transfer at level process outlined in the Recruitment and Selection Procedure.
- 4.1.10** Employees who are being considered for placement in higher classified roles than their substantive classification are subject to the requirements of the Recruitment and Selection Procedure. An employee on the placement program cannot be directly appointed to a higher classified permanent role or higher classified temporary vacancy of more than six months duration.
- 4.1.11** Employees on the placement program cannot be considered for roles within quarantined processes of organisation design.
- 4.1.12** Employees on the placement program have the option to seek either full-time or part-time roles.
- 4.1.13** Standard performance management procedures and processes, including Performance Leadership, apply to employees on the placement program.
- 4.2** Placement within six months
- 4.2.1** The placement timeframe is six months from the date of referral to the program (date on delegation).
- 4.2.2** An employee can be permanently placed in a suitable role at a lower level (with income maintenance) during the six-month placement program. If this occurs, the employee may choose to continue to be considered for placement in permanent roles at their substantive level until the six-month timeframe has expired.
- 4.2.3** The placement timeframe of six months will not be extended under any circumstances. If an employee is undertaking a temporary placement at the time the six months has expired, a review regarding options in accordance with this procedure must still occur. If a Voluntary Medical Separation is offered and accepted, the date of separation may be negotiated to take into account the temporary placement i.e. the employee separates from the organisation after the temporary appointment has been completed. Likewise, if the employee is to be placed in any suitable role this can occur after the temporary placement has been completed.

- 4.2.4** If during the period of retraining and placement an employee does not accept an offer of suitable alternative duties/role, Council will consider disciplinary action and discuss options with the employee in accordance with this procedure, including cessation of employment.
- 4.2.5** If an employee is not placed within six months, the employee may be placed in any suitable role, subject to the existing provisions for income maintenance. Note: income maintenance commences on the date the employee is referred to the placement program.
- 4.2.6** At any time while an employee is on the placement program (due to a medical condition), Council at its sole discretion may make an offer of Voluntary Medical Separation in accordance with the Voluntary Medical Separation Procedure. (See the Voluntary Medical Separation Procedure, Schedule 7 Part B, for more details.)
- 4.3** Remuneration and income maintenance
- 4.3.1** Income maintenance occurs when an employee has their salary or wage maintained while they are seeking placement on the placement program, or where the employee is placed in a role where they would receive less remuneration than they would have been entitled to in their previous substantive role.
- 4.3.2** Income maintenance will be determined on the basis of the level of their previous substantive role or rate of pay inclusive of all permanent allowances and permanent loadings. Permanent allowances/loadings have been defined as:
- (i) Leading Hand if it is a permanent appointment
 - (ii) all-purpose operational or site allowance if the employee was permanently on site prior to placement program participation
 - (iii) over-award payments that the employee would have received had they continued in their substantive role
 - (iv) flexibility allowance for Community Regulation Officers as this is partially a skills-based allowance.
- 4.3.3** When an employee is in receipt of income maintenance, they are entitled to EBA pay increases and other EBA payments. However, an employee is not entitled to progression for their substantive role.
- 4.3.4** During the period of income maintenance, the employee's substantive rate of pay applies in determining overtime payments and any other payments linked to the substantive pay rate.
- 4.3.5** The employee's income will be maintained for a fixed maximum period of 24 months from the date of referral to the placement program. Income maintenance will not exceed 24 months from the date of referral to the placement program and cannot be extended in any circumstance irrespective of the employee being placed in a temporary or permanent role.
- 4.3.6** After an employee has received income maintenance for 24 months, their pay rate is frozen (they are not entitled to EBA payments or progression) and the difference between their substantive rate of pay and the rate of pay of their lower classified role is bridged by a supplementary allowance.
- 4.3.7** The supplementary allowance is gradually reduced by subsequent wage or salary increases applicable to the employee's new role, until fully absorbed.
- 4.4** What costs are met by the home division and receiving division?

- 4.4.1** The employee's home division (where the employee's substantive role is located) is responsible for costs of salary/wages while the employee is not placed.
- 4.4.2** The employee's home division is responsible for the cost of career counselling and retraining. These costs will be capped at \$2500 per employee. Expenditure beyond this amount will be at the division's discretion.
- 4.4.3** When an employee is temporarily or permanently placed into a role of lower pay classification, the receiving division pays the actual rate for that lower classified role while the employee's home division pays the difference (income maintenance). Note: salaried employees who are temporarily or permanently placed in a lower classified role must be appointed at the highest pay point in the lower banded role.
- 4.4.4** In the instance that an employee is entitled to a supplementary allowance (after 24 months of income maintenance) the home division is responsible for its payment. The supplementary allowance is gradually reduced by subsequent wage or salary increases applicable to the employee's new role, until fully absorbed.
- 4.4.5** When the employee is temporarily or permanently placed in an equivalent or higher classified role, the receiving division pays the entire salary/wage.
- 4.4.6** In the case of overtime, the receiving division is responsible for all overtime payments.
- 4.4.7** Costs of Voluntary Medical Separation, if offered, are met by the home division.
- 4.5** Roles and responsibilities
- 4.5.1** Employees eligible for the placement program must:
- (i) sign a retraining and placement agreement committing to participate in training, applying for appropriate roles and not refusing suitable alternative employment
 - (ii) take advantage of every reasonable opportunity to upgrade their skills and actively participate in the program
 - (iii) be prepared to physically relocate their place of employment
 - (iv) undertake on-the-job learning.
- 4.5.2** The employee will have access to the following during the program timeframe:
- (i) the Employee Assistance Program (EAP), to help the employee deal with the personal and practical issues related to work changes
 - (ii) career and lifestyle counselling to enable the employee to make judgements about future career aspirations
 - (iii) retraining to help achieve a chosen career path, including the completion of a skills audit and the development of a training plan
 - (iv) job search assistance to allow the employee every opportunity to secure new roles. This assistance applies equally to internal and external employment or business opportunities.
- 4.5.3** Managers are responsible for:
- (i) completion of the delegation to refer the employee to the placement program (once the employee has elected to participate)
 - (ii) the appointment of a case manager

- (iii) promoting Council's commitment to the program
- (iv) providing employees with the necessary resources, support and training including the identification of suitable training programs to enable them to make employment transitions, including any reasonable adjustment considerations
- (v) ensuring the employee has access to the necessary resources for achieving the objectives of the placement strategy, e.g. provide on-the-job learning, job search assistance, access to the Employee Assistance Program
- (vi) ensuring the employee has continuing placement for the six-month period and not unreasonably withhold opportunities for placement
- (vii) conducting Performance Leadership and managing performance and attendance with employees in their division
- (viii) ensuring that all associated personnel administrative tasks are attended to, e.g. appropriate delegations completed, correct income maintenance payments
- (ix) providing relevant stakeholders with data and information about vacancies and employees requiring placement, and placed employees in their branch
- (x) appointing suitable employees on the placement program to vacancies in their division without advertising the role
- (xi) directly appointing people in the placement program into their work area
- (xii) placing the employee in any suitable role after the six-month period.

4.5.4 The case manager is responsible for:

- (i) maintaining contact with relevant branch manager, team leader, Human Resources Operations employees and union in establishing and coordinating a placement strategy for the employee
- (ii) maintaining regular contact with the employee during their participation in the placement program to monitor progress
- (iii) ensuring that a Performance Leadership process is undertaken at the beginning of each temporary placement and ensuring that a review of the employee's performance is undertaken at the completion of the placement
- (iv) managing the day to day training and placement of the employee and ensuring the manager is kept informed
- (v) liaising with the manager to ensure the employee has access to appropriate support and resources.

4.5.5 The Placement Program Coordinator is responsible for coordinating and monitoring the program by:

- (i) establishing and maintaining a process through which each division has complete and relevant information about vacancies, temporary placements and employees requiring placement in all divisions
- (ii) reviewing the Council Employment Opportunities List prior to its publication and ensuring that relevant vacancies are referred to case managers for consideration

- (iii) continually reviewing the program to enhance its effectiveness and provide the appropriate education and training for staff involved
- (iv) providing a monthly report on the status of program participants to the Executive Management Team and to other members of the Joint Consultative Committee
- (v) maintaining a careers information database of both internal and external information for use by employees
- (vi) maintaining a panel of trained and accredited career counsellors to which divisions can refer employees.

4.6 Refusal to participate, refusal of suitable role, no placement within six months

4.6.1 The manager may consider disciplinary action if:

- (i) no Voluntary Medical Separation offer is made, and the employee refuses to participate in the placement program; or
- (ii) the employee refuses to participate in the placement program; or
- (iii) the employee does not comply with reasonable requirements for retraining, temporary placement or placement in a suitable role after six months.

4.6.2 Where an employee in the placement program refuses a suitable role, the manager will discuss options in accordance with this procedure, including cessation of employment. The manager of the employee's home division, following consultation with the employee and the employee's union and having regard for all the circumstances, may terminate the provision of income maintenance to the employee and commence performance counselling.

4.6.3 If an employee is not placed within six months, the employee may be placed in any suitable role, subject to the existing provisions for income maintenance.

4.6.4 At any time on the placement program an employee may request a Voluntary Medical Separation; however an offer of separation is at the sole discretion of Council.

4.7 Voluntary Medical Separation

Council has sole discretion in offering a Voluntary Medical Separation at any time throughout the retraining and placement process. Any offer of Voluntary Medical Separation will be in accordance with the Voluntary Medical Separation Procedure (Schedule 7 Part B).

Schedule 7: Redundancy and separation procedures

Part A: Voluntary redundancy procedure – organisational change

1 Overview

- 1.1** Council is committed to supporting employees who are affected by organisational change. Council prefers to retrain and place employees made surplus to requirements into the areas where they can continue to provide value for money and make a positive contribution. In order to support this preference, Council commits to no forced retrenchments during the life of this Agreement.
- 1.2** This procedure provides options to manage situations in which these aims may not be achievable or may prove unsuccessful, and/or may not be desired by the employees involved.
- 1.3** This procedure demonstrates respect for people by assisting Council employees who are affected by technological or organisational change to leave the organisation in a fair and reasonable manner.

2 Applicability

- 2.1** This procedure applies only to permanent employees.
- 2.2** Voluntary Redundancy does not apply where:
- (i) employment is terminated as a consequence of poor performance or misconduct
 - (ii) employment is terminated due to frustration of contract, abandonment of employment or irregular or poor attendance
 - (iii) employees are engaged for a specific period of time or for a specific task or tasks (including temporary, casual or contract employees)
 - (iv) an employee voluntarily resigns.
- 2.3** Voluntary Redundancy may apply where an employee has become surplus to requirements as a result of new technologies being introduced and/or changes to business or operational requirements, and does not have required skills or capabilities or the capacity to retrain within a reasonable time.

3 Definitions

Redundancy – Council determines that a designated role that an employee has been performing is no longer required and is surplus to requirements.

Retrenchment – the termination of a surplus employee who is not needed for any available roles.

Surplus Employee – An employee whose role has become surplus to requirements.

Voluntary Redundancy – The separation of a surplus employee from Council based on the employee's acceptance of Council's redundancy offer and subject to Australian Taxation Office rulings.

Voluntary Redundancy package – The monetary package provided to employees who leave Council through a redundancy option.

Voluntary Separation – The separation of an employee by agreement following an unsuccessful period of retraining and placement or for medical reasons.

Weekly pay rate – The rate of pay (excluding shift loadings, weekend penalty payments, allowances and overtime) plus service increment payments based on the salary or wages paid, or payable, to the employee at the date of separation from Council.

4 Procedure requirements

4.1 Voluntary Redundancy

4.1.1 After an employee is advised of changed operational requirements as a result of organisation design a two-week period of support and counselling will be provided. This will include a vocational assessment to determine the employee's potential for placement, and the identification of a role for placement, unless the employee chooses to forgo this option.

4.1.2 In the case of organisation design or where there is a decision by the Establishment and Coordination (E&C) Committee or Council to exit a business or part of a business, Council, at its sole discretion, may offer a surplus employee a Voluntary Redundancy, subject to Australian Taxation Office rulings. If Council does not exercise its discretion or the employee does not accept the offer of Voluntary Redundancy, then the employee will be referred to the placement program. Participation in retraining and placement is mandatory.

4.1.3 After this initial two-week period of support and counselling, the employee may be offered a Voluntary Redundancy, subject to organisational skill requirements. The employee may consider this offer for up to two weeks, seeking external financial and other advice. Within four weeks of being advised of the changed operational requirements, the employee will either accept Voluntary Redundancy or commit to retraining and placement.

4.1.4 Where retraining and placement is offered in accordance with the Retraining and Placement Procedure (Schedule 6 Part A), but the employee is not placed within six months of their referral to this process, a Voluntary Redundancy will be offered, subject to Australian Taxation Office rulings. This will be a Level 1 Package if this is the first time a Voluntary Redundancy has been offered otherwise a Level 2 Package will be offered. If the employee does not accept the Voluntary Redundancy offer, then the employee will be placed in any role in accordance with Schedule 6 Part A Retraining and Placement Procedure – organisational change, clause 4.2.6 of this Schedule, subject to the provisions for income maintenance.

4.2 Offering Voluntary Redundancy

4.2.1 Council has sole discretion in offering Voluntary Redundancy. Redundancy is offered only in those circumstances where there is a significant net benefit to the Council, giving consideration to:

- (i) the value of the employee's skills and knowledge
- (ii) the likelihood of losing high-performance employees it wishes to retain
- (iii) its liabilities for employer contributions according to relevant superannuation schemes
- (iv) the probable effect upon organisational climate either of offering or of not offering the redundancy
- (v) the net wage or salary savings expected to flow from such a proposal

(vi) the cost effectiveness of retraining and placement, and the employee's potential in this regard.

4.2.2 The relevant divisional manager, following consultation with the relevant unions and the Manager, Workplace Relations, approves any offer of Voluntary Redundancy. The divisional manager takes into consideration the following matters before approving an offer of Voluntary Redundancy:

- (i) the net benefit to Council
- (ii) the details of consultation with the relevant union and Workplace Relations, and whether there is agreement with the proposal
- (iii) the proposals with respect to refilling/not refilling the role, together with the justification for such action.

4.2.3 There are two levels of Voluntary Redundancy as outlined in clause 4.3. The Level 1 Package is based upon three weeks' pay per year of service, uncapped, with an incentive as outlined in 4.3.1(a). The Level 2 Package is based upon two weeks' pay per year of service, capped at 52 weeks, with no incentive payment.

4.3 Entitlement

An employee accepting Voluntary Redundancy is entitled to:

4.3.1 Severance payment

- (i) Severance payments for employees will be:
 - (a) Level 1 Package: three weeks' pay per year of service uncapped (and a proportionate amount for an incomplete year of service) with Council or other local authority constituted under the *Local Government Act 2009* and a minimum incentive payment of \$10,000 or 12 weeks' pay (whichever is greater)
 - (b) Level 2 Package: two weeks' pay per year of service (and a proportionate amount for an incomplete year of service) with Council or other local authority constituted under the *Local Government Act 2009*, capped at 52 weeks.
- (ii) Level 1 Package
 - (a) The Level 1 Package may be offered to surplus employees immediately before referral to the Placement Program at the sole discretion of Council. If not previously offered, and if no suitable role has been identified during the Placement Program, a Level 1 package will be offered at the end of the six month Placement Program.
 - (b) The Level 1 Package will be paid provided the employee accepts the offer within two weeks of a written offer from Council, made through the appropriate manager or divisional manager. This package absorbs the Notice of Termination entitlements.
 - (c) The Level 1 Package will then be withdrawn if the offer has not been accepted and the employee will be committed to retraining and placement.
- (iii) Level 2 Package
 - (a) The Level 2 Package is offered to employees on the Placement Program at the end of the six months where no suitable role has been identified, and where a Level 1 Package has been previously offered.

4.3.2 Calculation of severance

The severance payment is calculated on the following basis so as not to disadvantage employees who may transition from full-time to part-time employment in their careers:

- (i) firstly, the length of the employee's full-time service with Brisbane City Council is calculated against the equivalent full-time weekly pay rate applicable to the role that the employee is occupying at the date of separation from Council
- (ii) secondly, the average proportion of part-time work over the period of the employee's service with Brisbane City Council is determined, and applied, on a pro-rata basis, to the equivalent full-time weekly pay rate applicable to the role which the employee is occupying at the date of separation from Council
- (iii) the pay rate that applies to the incentive payment in the Level 1 Package is the employee's weekly pay rate at the date of separation from Council.

4.3.3 Date of separation

The actual date of separation may be delayed where it is in Council's interests and the employee agrees in writing.

4.3.4 Leave entitlements

- (i) Payment of leave entitlements is based on the employee's rate of pay at the date of separation from Council and includes:
 - (a) Annual Leave owing, including pro-rata leave
 - (b) pro-rata Long Service Leave for employees who have worked for at least one year, on a basis of 1.3 weeks for each year of continuous service and a proportionate amount for an incomplete year of service.
- (ii) Entitlements are considered according to periods of unpaid leave and the effect those have on the employee's leave.

4.3.5 Sick Leave

Some employees who joined Council prior to 1 July 1996 may have access to unused Sick Leave credits under a package of options agreed to as part of the Council's EBA2. Employees appointed to Council following the acceptance of EBA2 are not entitled to any pay out of Sick Leave when they leave the organisation.

4.3.6 Superannuation

Employee entitlements under LGIAsuper, or other compliant superannuation fund, apply.

4.3.7 Other entitlements

Other accrued entitlements may be relevant, such as leave in lieu, which is also based upon the date of separation from Council.

4.3.8 Career options

Use of existing support mechanisms in Council to investigate future career options.

4.4 Process

- 4.4.1** When the relevant divisional manager has approved the offering of a Voluntary Redundancy to an employee:
- (i) the initiating branch prepares and forwards to the employee a letter of offer
 - (ii) the employee has two weeks from receipt of the letter to accept the offer and to indicate the date on which they would like to leave the organisation
 - (iii) on receipt of written acceptance by the employee, the initiating branch notifies the relevant superannuation fund and makes the necessary pay and administrative arrangements in preparing for the employee's termination, including the proper filing of information on the employee's personal history file.
- 4.5** Responsibilities
- 4.5.1** Management should:
- (i) treat employees fairly and with respect at all times during the redundancy and separation process
 - (ii) explore the options of the placement program before considering Voluntary Redundancy where appropriate
 - (iii) consult with the relevant union and Workplace Relations
 - (iv) ensure timely and accurate termination payments, and inform the relevant superannuation fund
 - (v) attend to relevant correspondence and administration.
- 4.5.2** Employees should:
- (i) carefully consider their decision in relation to Voluntary Redundancy and respond promptly to the Council's letter of offer
 - (ii) before considering Voluntary Redundancy, contact Payroll Services for relevant taxation details, as well as a financial adviser regarding other relevant financial issues
 - (iii) seek financial advice regarding taxation, as tax implications for bona-fide redundancy for surplus employees differ from Voluntary Separation for medical or other reasons
 - (iv) contact relevant superannuation fund to confirm their superannuation entitlements and options, and confirm with their payroll officer any leave or other entitlements due
 - (v) after acceptance of the offer, contact Payroll to finalise eligible termination payment details.
- 4.5.3** The relevant union should be consulted throughout the process.
- 4.6** Refilling role
- 4.6.1** If the role has become surplus to the organisation's requirements then it will not be replaced.
- 4.6.2** (Note: refilling or redescribing a role declared surplus may have serious taxation implications for the employee and Council.)
- 4.7** Re-employment
- 4.7.1** Employees who have left Council with a Voluntary Redundancy or Voluntary Separation package may not be re-employed unless Council has a particular need for the employee's specialised skills, and then not within five years.

- 4.7.2** Employees who have left Council with a Voluntary Redundancy or Voluntary Separation package may not be engaged on Council consultancy or contract work, either directly or as an employee of a firm, within one year of separation.

Part B: Voluntary medical separation procedure

Council has sole discretion in offering a Voluntary Medical Separation. Any offer of Voluntary Medical Separation will be in accordance with this Schedule.

1 Overview

- 1.1** Council is committed to supporting employees who are injured/ill to return to meaningful and productive work as soon as possible.
- 1.2** In some cases these aims may not be achievable or may prove unsuccessful, and/or may not be desired by the employee involved. This procedure provides options to manage such situations.
- 1.3** This procedure demonstrates respect for people by providing an opportunity for Council, in its sole discretion, to assist employees who are medically incapable of performing their role to leave the organisation.

2 Applicability

- 2.1** This procedure applies only to permanent employees. Voluntary Medical Separation may be offered at the sole discretion of Council, when an employee has an injury/illness that prevents them from performing the inherent requirements of their substantive role (incapacitated employee) and taking into account, but not limited to, the circumstances of the employee and the operational requirements of Council.
- 2.2** Voluntary Medical Separation does not apply where:
- (i) employment is terminated as a consequence of poor performance or misconduct
 - (ii) employment is terminated due to frustration of contract, abandonment of employment or irregular or poor attendance
 - (iii) employees are engaged for a specific period of time or for a specific task or tasks (including temporary, casual or contract employees)
 - (iv) an employee voluntarily resigns.

3 Definitions

Incapacitated employee – An employee with an injury or illness that results in their being unable to perform the inherent requirements of their substantive role.

Separation – Termination of employment, in this context, due to incapacity.

Separation package – The monetary package provided to employees who leave Council through a separation option.

Voluntary Medical Separation – The separation of an incapacitated employee from Council based on the employee's acceptance of Council's offer.

Weekly pay rate – The rate of pay (excluding shift loadings, weekend penalty payments, allowances and overtime) plus service increment payments based on the salary or wages paid, or payable, to the employee at the date of separation from Council.

4 Procedure requirements

4.1 Voluntary Medical Separation

4.1.1 An offer of Voluntary Medical Separation may only occur after assessment has established that rehabilitation has not, or is not likely to be, effective in returning the employee to their substantive or similar role. It would normally apply to medical conditions of a chronic and long-term nature that would effectively result in the employee's inability to perform the inherent requirements of their role. Voluntary Medical Separation may be offered, at the sole discretion of Council, to incapacitated employees who are not eligible for the Retraining and Placement Procedure (Schedule 6 Part B).

4.1.2 Voluntary Medical Separation will not be offered after the initial total and permanent disability determination.

4.2 Offering Voluntary Medical Separation

4.2.1 Council has sole discretion in offering Voluntary Medical Separation.

4.2.2 The relevant divisional manager has authority to approve an offer of Voluntary Medical Separation after consideration of the circumstances of the employee and the operational requirements of Council, consultation with the relevant union and Manager, Workplace Relations, and advice from medical practitioners regarding the employee's medical condition, prognosis and work capacity.

4.2.3 Voluntary Medical Separation may be offered, subject to organisational skill requirements, based on two weeks' pay per year of service (to a maximum of 52 weeks). An incentive payment of \$6500 or eight weeks pay, whichever is greater, will be available for two weeks from the date a written and specific offer is made.

4.3 Entitlement

An employee accepting Voluntary Medical Separation is entitled to the following.

4.3.1 Severance payment

(i) Severance payment of two weeks' pay for every year of service (and a proportionate amount for an incomplete year of service) with Council or other local authority constituted under the *Local Government Act 2009*. Note: the severance payment is calculated on the following basis so as not to disadvantage employees who may transition from full-time to part-time employment in their careers.

(ii) Firstly, the length of the employee's full-time service with Brisbane City Council is calculated against the equivalent full-time weekly pay rate applicable to the role that the employee is occupying at the date of separation from Council.

(iii) Secondly, the average proportion of part-time work over the period of the employee's service with Brisbane City Council is determined, and applied, on a pro-rata basis, to the equivalent full-time weekly pay rate applicable to the role which the employee is occupying at the date of separation from Council.

(iv) In totaling the above, consideration is then given to the following limiting factors:

a) there is no minimum payment

- b) a maximum payment of 52 weeks applies.

4.3.2 Incentive payment

- (i) Incentive payment of \$6500 or eight weeks' pay, whichever is greater, provided the employee departs within two weeks of a written offer from Council, made through the appropriate manager or divisional manager.
- (ii) This payment may be used by the employee for out-placement career counselling advice and assistance.
- (iii) Where it is in Council's interests, and the employee agrees in writing, the departure date of the employee may be delayed.
- (iv) The pay rate that applies to the incentive payment is the employee's weekly pay rate at the date of separation from Council.
- (v) The incentive payment absorbs the Notice of Termination entitlements.

4.3.3 Leave entitlements

- (i) Payment of leave entitlements is based on the employee's rate of pay at the date of separation from Council and includes:
 - (a) Annual Leave owing, including pro-rata leave
 - (b) pro-rata Long Service Leave for employees who have worked for at least one year, on a basis of 1.3 weeks for each year of continuous service and a proportionate amount for an incomplete year of service.
- (ii) Entitlements are considered according to periods of unpaid leave and the effect these have on an employee's leave.

4.3.4 Sick Leave

- (i) Some employees who joined Council prior to 1 July 1996 may have access to unused Sick Leave credits under a package of options agreed to as part of the Council's EBA2.
- (ii) Employees appointed to Council following the acceptance of EBA2 are not entitled to any pay out of Sick Leave when they leave the organisation.

4.3.5 Superannuation

Employee entitlements under LGIASuper, or other compliant superannuation fund, apply.

4.3.6 Other entitlements

Other accrued entitlements may be relevant, such as leave in lieu that is also based upon the date of separation from Council.

4.3.7 Career options

Use of existing support mechanisms in Council to investigate future career options.

4.4 Process

- 4.4.1 When the relevant divisional manager has approved the offering of a Voluntary Medical Separation to an employee:

- (i) the initiating branch prepares and forwards to the employee a letter of offer
- (ii) the relevant union is also advised that an offer of Voluntary Medical Separation is being made
- (iii) the employee has two weeks from receipt of the letter to accept the offer and to indicate the date on which they would like to leave the organisation
- (iv) on receipt of written acceptance by the employee, the initiating branch notifies the relevant superannuation fund and makes the necessary pay and administrative arrangements in preparing for the employee's termination, including the proper filing of information on the employee's personal history file.

4.4.2 Voluntary Medical Separation in no way prevents or compromises the entitlement of an employee to be considered for total and permanent disability (T&PD). Management may offer Voluntary Medical Separation at any time following medical advice that return to work is unlikely. Voluntary Medical Separation will not be offered after the initial T&PD determination.

4.5 Responsibilities

4.5.1 Management should:

- (i) treat employees fairly and with respect at all times during the separation process
- (ii) explore the options of the placement program before considering Voluntary Medical Separation where appropriate. This clause does not preclude the offer of Voluntary Medical Separation during the rehabilitation process
- (iii) consult with the relevant union and Workplace Relations
- (iv) ensure timely and accurate termination payments, and inform the relevant superannuation fund
- (v) attend to relevant correspondence and administration.

4.5.2 Employees should:

- (i) carefully consider their decision in relation to Voluntary Medical Separation and respond promptly to the Council's letter of offer
- (ii) before considering Voluntary Medical Separation, contact Payroll Services for relevant taxation details, as well as a financial adviser regarding other relevant financial issues
- (iii) seek financial advice regarding taxation as tax implications differ for ill/injured and surplus employees. For example, if leaving under a Voluntary Medical Separation, the taxation situation is more favourable if this occurs as an invalidity payment with the following conditions being met:
 - (a) Council must receive certificates from two legally qualified medical practitioners that the employee's disability is likely to result in that employee not ever being able to be employed in a capacity for which they would be reasonably qualified by virtue of their training, education and/or experience. The disability may be physical and/or mental
 - (b) The employee must have been terminated by Council due to this disability, which has rendered them unable to perform the inherent requirements of the job

- (iv) contact the relevant superannuation fund to confirm their superannuation entitlements and options, and confirm with their payroll officer any leave or other entitlements due
- (v) after acceptance of the offer, contact Payroll Services to finalise eligible termination payment details.

4.5.3 The relevant union should be consulted throughout the process.

4.6 Refilling role

4.6.1 The refilling of roles following separation should be considered against the following criteria.

4.6.2 If the employee leaves on medical grounds and the role is still necessary for ongoing business requirements by the business unit/division, the role may be filled.

4.7 Re-employment

Employees who have left Council with a Voluntary Medical Separation may not be re-employed under any circumstance.

3 Ordinary hours of work

3.1 The ordinary hours of work are as per the Award unless otherwise detailed within this Schedule.

The ordinary hours of work for a full-time employee shall average 36 hours and 15 minutes per week, including those employees who supervise, or work in close association with other employees who work 38 ordinary hours per week.

4 Ten-hour break

4.1 Employees who work so much overtime:

- (i) between the termination of their ordinary work on one day or shift, and the commencement of their ordinary work on the next day or shift that they have not had at least 10 consecutive hours off duty between these times
- (ii) on Sundays and public holidays, not being ordinary working days, without having had 10 consecutive hours off duty in the 15 hours preceding their ordinary commencing time on their next ordinary day or shift

shall be released after completion of such overtime until they have had 10 consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

4.2 Where an employee is recalled to work after their ordinary ceasing time, overtime worked in such circumstances shall not be regarded as overtime for the purposes of calculating 10 consecutive hours off duty where the actual time worked is less than two hours on such recall. Provided however, if an employee is again called out before the next day's ordinary starting time, then for the purpose of calculating 10 hour break entitlements, the call-out shall be deemed to be continuous from the start of the first call-out received to the end of the last call-out received before the employee's normal starting time.

4.3 If an employee is required to work so much overtime that a 10-hour break from work has not occurred, the employee shall not be required to report for normal work until there has been a break of 10 consecutive hours. In this situation, there is no loss of ordinary pay.

4.4 If, on the instruction of Council and giving consideration to Workplace Health and Safety, the employee resumes work without having had such 10 consecutive hours off duty, the employee shall be paid at double rates until released from duty.

4.5 The provision of clauses 4.1 and 4.4 shall apply in the case of shift workers who rotate from one shift to another as if eight hours were substituted for 10 hours when overtime is worked:

- (i) for the purpose of changing shift rosters; or
- (ii) where a shift worker does not report for duty; or

(iii) where a shift is worked by arrangement between the employees themselves

5 Averaged or annualised payments

5.1 A manager and the majority of affected employees in a defined work area or group, and their union(s), may agree to average or annualise regular payments to provide a more stable income over a roster cycle, including:

- (i) annualised salaries that may include penalties, allowances, public holidays, leave loading, overtime and other EBA payments
- (ii) averaged payments that may include accrued time, penalties and/or allowances and/or other EBA payments
- (iii) wage or salary payments owed will be made on a regular basis (currently weekly)
- (iv) overtime and other payments, not included in annualised or averaged pays, will be paid in accordance with the conditions prescribed elsewhere in this Agreement, not at the annualised or averaged rate.

Any arrangements made in accordance with this clause will have no effect unless they are authorised by the Manager, Workplace Relations.

6 Shift penalties

6.1 Shift workers will be paid in accordance with the Award, unless otherwise provided for in this Schedule.

6.2 All time worked during the employee's ordinary rostered shift between midnight Friday and midnight Saturday shall be paid for at the rate of time and a half.

- (ii) Issues associated with the design of new buses or proposed modifications to buses.

3.5.3 Terms of reference and protocols for the operation of this sub-committee, which will comprise at least two representatives of the ARTBU, will be determined by the DCC.

3.6 Rostering

3.6.1 The parties recognise that issues emerge periodically with day to day running due to changing operational, traffic and public demands, which have implications for existing schedules and rosters. These issues are generally outside the control of the parties. It is recognised that Transport for Brisbane's rostering and scheduling parameters are consistent with current legislative, statutory and Award requirements.

3.6.2 Where issues are identified with rostering arrangements, it is agreed that the parties will work cooperatively to identify the causes of these issues and develop options to remedy them.

3.6.3 It is the intent of the parties to ensure that:

- (i) running times are achievable
- (ii) Passenger Services Employees have access to reasonable layover/meal periods
- (iii) work groups achieve reasonable starting times and days off in accordance with established principles.

3.6.4 In all cases, Award conditions will be used as a base in establishing reasonable roster arrangements. Where practical established roster protocols such as variations in shift starting times (one hour) and minimum broken shift hours (9 hours 15 minutes) will be recognised.

3.6.5 Consultation relative to rostering arrangements will be conducted through a depot based roster consultation committee. Employee representatives on the consultation committee should be drawn from each roster-group and be democratically elected from all employees in each group. The ballot process for the election of the employee representative/s is to be decided at the DCC, and then implemented in each depot using the WUCC to run the ballot.

- 3.6.6** The role of the roster consultation committee will not limit Transport for Brisbane's ability to respond to current and emerging customer, business or contractual needs or impose unreasonable limitations or costs upon its operations, guided by the principles of work-life balance.
- 3.6.7** A minimum of four (4) minutes will be allowed on all Run Printed Work at termini between the end of an In-Service (Timetabled) trip where the next trip is an In-Service (Timetabled) trip.

Stand Alone time will be for a minimum period of 15 minutes and will not extend for a period of more than two hours and will not be considered in the calculation of overtime and other payments.
 - (ii) An opportunity will be given for employees to complete tasks in Stand Alone time at a time convenient to the employee. If no convenient time can be arranged the time will be scheduled by Transport for Brisbane and paid at Stand Alone rates.
 - (iii) Operational arrangements for the completion of tasks in Stand Alone time will be confirmed through local consultation between the parties at the effected work location prior to the commencement of the arrangements.
 - (iv) It is recognised that any activities undertaken in Stand Alone time will not compromise any obligations to ensure that minimum rest periods are taken.
- 3.7.2** Rostering
- (i) Attendance at training that is to extend beyond two hours will be rostered. Training that is not covered by Stand Alone time will be paid on the basis of normal rostered work or actual time worked whichever is the greater.
 - (ii) The parties recognise that the smooth operation of Transport for Brisbane requires a consultative approach to employee relations. The nature of Transport for Brisbane's operations and associated shift structure creates challenges for consultation and representation. In order to overcome these challenges and to ensure designated employee representatives, as agreed between the parties, can be effectively engaged in consultation, Transport for Brisbane will release these designated employees in each depot for two shifts per month without loss of ordinary earnings. Time for these designated employees to attend Work Unit Consultative Committee (WUCC) meetings will be in addition. No additional release without loss of ordinary earnings will be provided to these designated employees except with the agreement of the local Manager.
 - (iii) Specific arrangements for the allocation of time covered by these two shifts will be negotiated with the local Manager. Unless otherwise agreed, these designated employees will be available within the depot for the full period of these two shifts.
 - (iv) It is expected that employees participating in these arrangements will demonstrate behaviour that is consistent with Council's Values and Code of Conduct. The parties will ensure that designated

employees attend depot consultative forums and will encourage other elected Passenger Services Employee representatives to actively participate in other forums such as WUCC and team meetings.

3.8 Performance management of employees

3.8.1 The unique nature of the environment in which Passenger Services Employees work is acknowledged by the parties to this Agreement. - (i) natural justice
- (ii) innocent until proved guilty
- (iii) right for representation
- (iv) reasonable time frames

will be enshrined into complaint and performance management standards. These processes will be conducted in a manner that preserves confidentiality and respects the rights and obligations of all persons involved in these processes. Such processes will occur in paid time. Should an employee need to be suspended while a complaint is being investigated then this will be on the basis of rostered time except where provided in Council Ordinances or policy. Transport for Brisbane will validate the basis of any complaint prior to any action being taken.

2.2 School Based Apprentices (per hour)

The following hourly pay rates, inclusive of casual loading as outlined in the relevant Order for Apprentices, will apply to all School Base Apprentices in this Schedule

Description	From 8 October 2016	From 8 October 2017 (rate at	First pay increase	Second pay increase
School Based Apprentice Trades Year 1	13.85327	14.19960	14.55459	14.91845
School Based Apprentice Trades Year 2	19.04022	19.51623	18.71873	19.18670

3 Arrangement of ordinary hours

3.1 The ordinary hours may be arranged over four days per week, or eight or nine days per fortnight, or in accordance with some other roster arrangement that averages 38 hours and which meets business and operational needs. Time off may be accrued and pay may be averaged across the period to ensure employees receive a constant pay for ordinary hours, including rostered days off.

3.2 Where operational needs require and a genuine business case exists, rostered days off (RDOs) may be rostered or arranged on any day of the week and shall not be limited to Mondays or Fridays. To meet employee or business needs, RDOs may be deferred to the following week or fortnight, or otherwise rescheduled, by agreement between the Council and the employee, or the majority of employees in a section or work group involved.

4 Flexible work arrangements

4.1 By mutual written agreement between an employee and their Manager, an employee may work their ordinary hours of work outside their span of hours at ordinary rates. All such arrangements shall be recorded in writing utilising Council's 'Flexible Work Arrangements Request' form.

5 Ten-hour break

5.1 Employees who work so much overtime:

- (i) between the termination of their ordinary work on one day or shift, and the commencement of their ordinary work on the next day or shift that they have not had at least 10 consecutive hours off duty between these times
- (ii) on Sundays and public holidays, not being ordinary working days, without having had 10 consecutive hours off duty in the 15 hours preceding their ordinary commencing time on their next ordinary day or shift

shall be released after completion of such overtime until they have had 10 consecutive hours off duty without loss of pay for ordinary working time occurring during such absence

5.2 Where an employee is recalled to work after their ordinary ceasing time, or performs work as a Duty Employee, overtime worked in such circumstances shall not be regarded as overtime for the purposes calculating 10 consecutive hours off duty where the actual time worked is less than two hours on such recall.

5.3 If an employee is again called out before the next day's ordinary starting time, then for the purpose of calculating 10 hour break entitlements, the call-out shall be deemed to be continuous from the start of the first call-out received to the end of the last call-out received before the employee's normal starting time.

5.4 If an employee is required to work so much overtime that a 10-hour break from work has not occurred, the employee shall not be required to report for normal work until there has been a break of 10 consecutive hours. In this situation, there is no loss of ordinary pay.

5.5 If, on the instruction of Council and giving consideration to Workplace Health and Safety, the employee resumes work without having had such 10 consecutive hours off duty, the employee shall be paid at double rates until released from duty.

5.6 The provision of clauses 5.1 and 5.4 shall apply in the case of shift workers who rotate from one shift to another as if eight hours were substituted for 10 hours when overtime is worked:

- (i) for the purpose of changing shift rosters; or
- (ii) where a shift worker does not report for duty; or
- (iii) where a shift is worked by arrangement between the employees themselves.

6 Averaged or annualised payments

6.1 A manager and the majority of affected employees in a defined work area or group, and their union/s, may agree to average or annualise regular payments to provide a more stable income over a roster cycle, including:

- (i) annualised salaries that may include penalties, allowances, public holidays, leave loading, overtime and other EBA payments
- (ii) averaged payments that may include accrued time, penalties and/or allowances and/or other EBA payments
- (iii) wage or salary payments owed will be made on a regular basis (currently weekly)
- (iv) overtime and other payments, not included in annualised or averaged pays, will be paid in accordance with the conditions prescribed elsewhere in this Agreement, not at the annualised or averaged rate.

6.2 Any arrangements made in accordance with this clause will have no effect unless they are authorised by the Manager, Workplace Relations.

7 Christmas closedown and accrual of RDOs

7.1 Council will each year notify employees, after the JCC meeting to be held mid-year, that there will be a Christmas closedown and the relevant details.

- 7.2** Council areas will be subject to a closedown or a partial closedown during the Christmas – New Year period.
- 7.3** From 1 October to 31 December each year, with the agreement between an individual employee and their Branch Manager, in consideration of the closedown period, an employee can elect not to take up to 5 of their Rostered Days Off and work as normal on those days without payment for those days.
- 7.4** Any Rostered Days Off worked in accordance with clause 7.3 shall be taken during Council’s Christmas closedown period, without loss of pay.
- 7.5** If for any unforeseen work circumstance/s, employees are unable to use these accrued rostered days off during the closedown period, these days off shall be taken at an agreed time within 3 months, or a longer period as may be agreed with the employee’s Manager.
- 8** Banking of Rostered Day Off
- 8.1** By agreement between an individual employee and their team leader, an employee can elect not to take their rostered day off and work as normal on that day without payment for that day.
- 8.2** The employee by agreement with the team leader shall endeavour to take their accrued rostered day off, without loss of pay, within one calendar month.
- 9** Over-award payment and allowances
- 9.1** Over-award payment
- 9.1.1** In accordance with agreements dated 17 November 1992 and 19 April 1994 to rationalise allowances and over-award components into a single payment, this over-award payment includes all existing and future claims for allowances, disability or otherwise, with the exception of those listed below.
- 9.1.2** It was also agreed at that time that any future increases in rates applicable to base rates would not be absorbed into the over-award component. The over-award payment will stand separately for each classification. The C10 and BT1 base rates, and the total C10/BT1 rate with the over-award payment, have traditionally both been adjusted by the agreed pay rise. The adjusted base rate is then deducted from the adjusted total rate to identify the adjusted over-award payment, which is then applied as a common payment for all purposes to all Trades Services classifications, except Apprentices, whose previous over-award payment is adjusted by the agreed percentage pay rise.
- 9.1.3** The only allowances that are therefore available to Trade Services Employees, and which may only be claimed where the employee meets the prerequisite conditions applicable to each such allowances as outlined in the Award and this Agreement, are as listed at clauses 9.2 to 9.12.
- 9.2** Shift allowances
- 9.2.1** Shift allowance
- A 15% shift allowance for afternoon and night shifts is payable, except as otherwise provided in this Agreement.
- 9.3** Night work allowance - traffic signals

- 9.3.1** A 25% night work allowance, in lieu of any shift or other special allowance that might otherwise have been paid, is payable for all ordinary time worked between 6pm and 6am by employees engaged on traffic signals.
- 9.4** Licenced trade allowance
- 9.4.1** An allowance of \$21.86 per week will be payable to any Trade Services Employee who is required to hold a plumber's, gasfitter's or electrical licence and/or registration in order to perform their duties, and to employees who were previously paid the plumbers' over-award (registration) payment, on a present incumbent only basis.
- 9.4.2** The licenced trade allowance shall not be payable for drainers' or restricted electrical licences, nor more than once for employees who may be licensed in more than one trade as this is recognised in the classification structure. This payment absorbs the plumbers' over-award (registration) payment, satisfies the claim for an electrical safety allowance in clause 33.5 of EBA5, and is in lieu of reimbursing employees for the costs associated with obtaining and/or maintaining an electrical, plumbing and/or gas fitting licence. Reimbursement for the costs associated with maintaining an electrical contractors' licence will continue to apply for employees required by the Council to possess an electrical contractors' licence.
- 9.5** Other Award Allowances
- 9.5.1** The following Award allowances will continue to apply where employees meet the stated Award requirements:
- 9.5.2** Tool allowance of \$25.80 per week for all trades, but shall not be paid while employees are absent on Annual Leave.
- 9.5.3** Meal allowance of \$12.35. If the meal allowance is increased by General Ruling during the life of this Agreement the increase will be passed on.
- 9.5.4** First aid allowance as provided by the Award.
- 9.5.5** Leading hand (and special responsibilities) allowance, as provided by the Award.
- 9.6** Building trades obnoxious or toxic substances allowance
- A building trades employee engaged in the preparation and/or the application of epoxy-based materials or an employee using toxic substances, or materials of a like nature shall be paid in accordance with the Award.
- 9.7** Exceptionally dirty and obnoxious work allowance
- Where a Trade Services Employee or Assistant is required to carry out an engineering task (such as repairs including welding, fitting, machining on sewerage pumps, scrapers, pipes, digesters, centrifuges, motors, jetrodders and crusher plants) and comes into direct physical contact with sewerage and in carrying out the repair under these conditions, encounters these conditions on at least two days per week, then a payment of \$20.96 per week will be paid to that employee.
- 9.8** Traffic site allowance
- Field Services – Signs and Lines employees will be paid the all purpose over-award payment as outlined at clause 13.2.1 of the Award for work engaged in performing work on roads carrying traffic.
- 9.9** Work in the rain
- 9.9.1** When an employee is required to work in the rain, they shall wear waterproof clothing as provided by the Council, where practicable.

9.9.2 If an employee gets their work clothing wet as a result of a requirement to perform work in the rain, regardless of wearing the waterproof clothing supplied by the Council, the employee shall be paid single time (at the total rate including over-award payments) in addition to ordinary time or overtime payments for the time between becoming wet and changing into dry clothes or until the employee ceases work, whichever is the earlier, with a minimum payment of one hour.

9.10 Work under unpleasant conditions

Trade Services Employees engaged in cleaning covered drains, cleaning septic tanks, on live-sewer work involving personal contact with live or raw sewerage, shall be paid at the rate of time-and-a-quarter.

9.11 Fares and travelling allowance

9.11.2 Regular shop, workshop or depot employees who are required to start and/or finish on site, other than a depot or recognised centre, on an ordinary working day and not travelling in the Council's time shall be paid an allowance to compensate for the excess fares and travelling time incurred.

Travelling to and from places of work	From date of certification
Within employee's designated region	\$10.11
Within Brisbane City Council boundaries	\$20.20

9.11.3 If travelling to and from places of work outside of Brisbane City Council boundaries then the rate for travel within Brisbane City Council boundaries will apply plus actual time at the single time rate for their role, with a minimum of 15 minutes.

9.11.4 In addition, if such an employee is required by the Council to travel from job to job on the same day, the Council shall reimburse all fares reasonably incurred covering travel from the job where the employee commenced to the job on which the employee finished work for the day, or pay vehicle allowance as provided below.

9.11.5 Vehicle allowance

Where the Council requests an employee to use their own car to travel from job to job on the same day and such employee agrees to do so, the employee shall be paid 77 cents per kilometre.

9.12 Translation checkers allowance

Employees who are required to check translation material shall be paid an allowance of \$31.35 per page of translation checked. Translation checking involves the review of professionally translated material to ensure that the original English text has been clearly conveyed in the other language.

10.2.3 If another call-out occurs within three hours of the previous call-out, and the employee has returned home, another minimum of three hours will apply. If another call is received while 'out on call', overtime payment shall continue and a new minimum payment shall not apply.

10.3 Stand-by on public holidays – leave-in-lieu provisions

10.3.1 A stand-by employee shall be entitled to one ordinary working day's leave in lieu for each public holiday on which they are required to be on stand-by.

10.4 Frozen leave-in-lieu

10.4.1 Employees with leave-in-lieu balances that were 'frozen' as at date of certification of EBA6 Extension II can request access to, or request to be paid out, this entitlement with the approval of their divisional manager.

- 10.5.3** If the employee is unable to resolve the issue and is required to leave home to resolve the problem, the employee shall be entitled to paid overtime in accordance with the call-out provisions (clause 10.2) in lieu of the remote response payment in accordance with clause 10.5.1 above.
- 10.5.4** If another call or associated work is received within one hour of a call, which the employee has been paid for in accordance with clause 10.5.1 above, and
- (i) exceeds half an hour: the employee shall be paid in accordance with clause 10.5.1 above, or
 - (ii) results in the employee being required to leave home to resolve the problem: the employee shall be paid in accordance with clause 10.5.1 above.
- 10.6** Remote response – non stand-by employees
- An employee who is not on stand-by and who is required to remotely monitor and/or access to address issues shall be paid a minimum of two hours at the appropriate overtime rate from the time of initial contact. If another call is received within the two hours, another payment shall not be made.

- 10.7.2** Provided that, except in the case of unforeseen circumstances arising, the employee shall not be required to work the full four hours if the work that the employee was called back to perform is completed in a shorter period.
- 10.7.3** For the purposes of calculating the overtime threshold on that day, if any further overtime is worked, it will be deemed that the employee has worked the first three hours of overtime.
- 10.8** Non stand-by employees – planned work (pre-arranged) overtime
- 10.8.1** An employee, who is not on stand-by, who is required to work planned (pre-arranged) overtime after ceasing work and who was notified before commencement of work on that day that they were required to work such overtime, and who returns home on completion of such overtime, shall be paid a minimum payment of four hours at the appropriate overtime rates for each period of overtime they have been arranged to work.
