PART 3 – CONSULTATIVE ARRANGEMENTS

9. Collective Industrial Relations

- 9.1 The QAS and UWW acknowledge that structured, collective industrial relations will continue as a fundamental principle of the management of the QAS. The principle recognises the important role of unions and the traditionally high levels of union membership in the public sector. The principle supports constructive relations between management and unions and recognises the need to work collaboratively with relevant unions and employees in an open and accountable way.
- 9.2 The Queensland Government as an employer recognises that union membership and coverage issues are determined by the provisions of the *Industrial Relations Act 2016* and any determinations of the Commission.
- 9.3 The QAS is committed to collective agreements with Registered Industrial Organisations.

10. Consultation

- 10.1 The QAS and UWW shall develop appropriate processes to allow them to properly consult with each other on matters affecting the implementation and operation of this Agreement and other matters affecting their relationship.
- 10.2 The QAS and UWW are committed to involving employees and their union representatives in the decision-making processes affecting the workforce through encouragement of participation, analysis and seeking of advice from UWW to respond to information.

11. Function of Union Workplace Delegates

- 11.1. The QAS acknowledges the constructive role union delegates undertake in the workplace in relation to union activities that support and assist members. That role will be formally recognised, accepted, and supported.
- 11.2. QAS employees will be given full access to UWU delegates or officials during working hours to discuss any employment matter or seek union advice, provided that service delivery is not disrupted.
- 11.3. UWU delegates will be provided convenient access to facilities for the purpose of undertaking union activities; such facilities include: telephones, iPad, computers, email, photocopiers, facsimile machines, storage facilities, meeting rooms and notice boards. It is expected that management and delegates will take a reasonable approach to the responsible use of such facilities for information and communication purposes.
- 11.4. Subject to the relevant QAS staff member's approval and any confidentiality provisions, UWU delegates may request access to documents and policies related to a member's employment.
- 11.5. As a representative of UWU, delegates will be able to make public comment in relation to union issues. As a representative of UWU, these delegates will not be speaking on behalf of the QAS but will be making comments on behalf of UWU members and will make it clear that the comments are made only on behalf of the UWU. Delegates will ensure they comply with the appropriate laws of privacy, confidentiality, and information management.

12. Union Encouragement

The QAS recognises the Queensland Government commitment to encourage union membership to the applicable Registered Industrial Organisations (union) among its employees in accordance with the Queensland Government Commitment to Union Encouragement policy. As part of this commitment, the QAS is supporting this policy by:

- (a) recognising the right of individuals to join the UWU as the applicable Registered Industrial Organisation and encourage that membership, such as ensuring that the QAS provide all new starters with written advice about the government's commitment to union encouragement and how to access further information and union materials including union membership applications;
- (b) providing information on the UWU in induction materials;
- (c) providing UWU representative/s with the opportunity to discuss union membership with new employees;
- (d) providing UWU with data for new starters including: Employee Name, Title, Classification, Position Title, Worksite and Work email address;
- (e) providing UWU with data for all QAS employees covered by this Agreement on an annual basis including: Employee Name, Title, Classification, Position Title, Worksite and Work email address.

13. Industrial Relations Education Leave

- 13.1 Industrial relations education leave is paid time off to acquire knowledge and competencies in industrial relations. Such knowledge and competencies can allow QAS employees to effectively participate in consultative structures, perform a representative role and further the effective operation of grievance and dispute settlement procedures.
- 13.2 QAS employees may be granted up to five working days (or the equivalent hours) paid time off (non-cumulative) per calendar year to attend industrial relations sessions, approved by the Commissioner.

- 13.3 Additional leave, over and above the five working days non-cumulative (or the equivalent hours) in any one calendar year may be granted, where approved structured training courses involve more than five working days (or the equivalent hours). Such leave will be subject to consultation between the Commissioner and union and the QAS staff member.
- 13.4 Upon request and subject to approval by the Commissioner, QAS staff will be granted paid time off in special circumstances to attend management committee meetings, union conferences and Australian Council of Trade Unions Congress.
- 13.5 The granting of industrial relations education leave, and any additional leave should not impact adversely on service delivery, work requirements and the effectiveness and efficiency of the Service. At the same time leave shall not be unreasonably refused.
- 13.6 The QAS and UWU may agree that QAS employees may be released to undertake employment with the UWU. The terms and conditions of employment are to be agreed to between the parties prior to the release.

14. Consultative Committees

- 14.1 A State Consultative Committee (SCC), consisting of nominated QAS management representatives and nominated union representatives, will be established. The SCC will be used to provide an opportunity for the QAS and UWU to meet regularly to discuss strategic industrial relations matters relating to this Agreement.

- (a) Service delivery requirements;
 - (b) Workplace health and safety;

- 14.3. The QAS and UWU will continue joint union/QAS management consultative committees at each Region. The Regional Consultative Committees (RCC's) will operate in accordance with Terms of Reference as agreed by the SCC.

15. Monitoring Finish on Time

- 15.1 The QAS and UWU agree to monitor frontline service delivery throughout the life of the Agreement.
- 15.2 To enable the continued effective delivery of ambulance services to the Queensland community, the QAS is committed to providing a healthy and safe working environment for all employees and will ensure high standards of patient care through the continual improvement of safety and quality of service delivery.
- 15.3 The QAS operational environment is complex and requires strong controls for management of fatigue. The QAS is committed to ensuring that systems are in place to protect and promote the health and fitness for duty of our workforce.
- 15.4 The frontline service delivery outcomes are to support the following initiatives:
- (a) Focused management of the last hour of an employee shift to provide employees with a greater ability to finish on time including the identification of the types of cases which an employee will be required to respond to.
 - (b) Improved support to employees on-call to ensure:
 - (i) Clarification of obligations on employees' movements whilst on-call but not at work;
 - (ii) In areas where there are recalls, to support the greater ability to ensure hygiene and sustenance activities;
 - (iii) Focused management of fatigue leave and especially when this leave needs to be broken; and

- (c) Focused management on the mutual obligation for staff to access breaks during designated meal windows.
- 15.5 To that end, the QAS will review and obtain support from the UWU for the implementation of the following operating procedures:
- (a) Mandatory Out of Service Operational Procedure;
 - (b) Fatigue Risk Management Operational Procedure; and
 - (c) Other strategies as agreed by both parties.
- 15.6 Other strategies that the QAS will utilise includes:
- (a) Staggering of shift start and end times and other rostering parameters;
 - (b) Review of relevant Operations Centre rules and practices;
 - (c) Expansion of the Clinical Hub;
 - (d) Regular review and monitoring of station categorisation and resourcing; and
 - (e) Other strategies as agreed by both parties.
- 15.7 Regions will be responsible for the implementation and management of any agreed state-wide strategies and other locally identified strategies. RCCs will be responsible for reviewing the effectiveness of these strategies. RCCs will need to provide a quarterly report to SCC on their progress.
- 15.8 The SCC will review the RCC reports and monitor the effectiveness of the strategies in place from a state-wide perspective.

PART 4 – CLASSIFICATION STRUCTURE

16. Classification Structure

- 16.1 The QAS classification structure bands together similar levels of skill, knowledge, expertise and accountability, including recognition of minimum qualifications into six levels.
- 16.2 The structure includes:
- (a) A range of increments to recognise experience;
 - (b) Senior level roles within the operational/clinical stream to recognise operational leadership;
 - (c) Graduate/internship bands;
 - (d) Two broad streams:
 - (i) Operational/Clinical stream; and
 - (ii) Supervisory/Management stream;
 - (e) Increasing levels of responsibility and complexity within the levels, including the recognition of advanced specialist positions; and
 - (f) Greater flexibility to meet changing requirements in roles and service delivery.
- 16.3 Generic Level Statements for each level of the classification structure are recorded in Schedule 2 – Generic Level Statements. The Generic Level Statements in Schedule 2 may be subject to appropriate refinement during the life of the Agreement by agreement between the QAS and UWU.
- 16.4 The Generic Level Statements reflect the degree of complexity and responsibility of skill, knowledge, expertise and accountability within each of the classification levels.
- 16.5 The QAS classification structure and wage rates prescribed in this Agreement are based upon the Remuneration Inquiry report dated 19 June 2017.
- 16.6 The QAS and UWU acknowledge that the remuneration prescribed by this Agreement includes recognition of work value changes up to April 2017. The time from which any future work value changes should be measured is from May 2017.

17. Role Evaluation

- 17.1 All new roles, or any existing role that the QAS substantively changes the duties, that may result in a classification level and/or band change, is required to be submitted through the relevant Regional Manager to be evaluated by the QAS Classification Committee.
- 17.2 The QAS Classification Committee is to determine the appropriate classification level and/or band. Any assessment by the QAS Classification Committee is then required to be approved by the relevant Deputy Commissioner that the role reports to and is to include documented reason for the decision.
- 17.3 Any wage increase resulting from a role evaluation process will take effect from the date of either appointment to the position or decision of the relevant Deputy Commissioner, whichever is the later.
- 17.4 Where a substantive position holder is dissatisfied with the outcome, access to the relevant grievance procedure is available.

18. Appointment to and Movement between Classification Levels

- 18.1 Except where otherwise provided in this Agreement, appointment to a classification level will be based on appointment in accordance with applicable public sector legislation and an employee will be appointed to increment 1 of the relevant classification level and band.
- 18.2 The increment commencement level for the Level 1, Ambulance Officer stream is specific to the role and is outlined further in Schedule 3 – Progression and Maintenance Arrangements.
- 18.3 Level 4 (both Band 1 and Band 2) has a specific advancement of increment arrangement and access to a Senior increment that is for recognition of specifically approved qualifications as determined by the QAS. Level 4 employees with the relevant Critical Care Paramedic (CCP) qualifications, including maintenance and use of CCP scope of practice are eligible for this specific arrangement. Further details are outlined in Schedule 3.
- 18.4 An existing employee appointed to or acting in a position at a higher classification within the classification structure, will be appointed to increment 1 of the relevant higher classification level and band.
- 18.5 An employee who moves between classification levels, either through appointment or higher duties, where increments overlap is to move to an increment that is equal to or the next highest, in that band, to which the employee was paid at the previous classification level.
- 18.6 Where such an employee in clause 18.5 is in a Supervisory role and is required to perform clinical duties in their role, and the clinical duties being performed is paid at a higher rate, the employee is to be paid an amount that is no less than the highest increment of the rate payable to their clinical duties.
- 18.7 An employee may have previous relevant employment experience in a similar role with the same level of skill, knowledge, expertise and accountability. The QAS, upon receipt of sufficient information, may accept the experience as being equivalent or higher to the proposed level, and count the employment time for the purpose of determining an increment at a level higher than increment 1.

19. Movement within Classification Levels and between Bands

- 19.1 Movements between all increments within a band of a classification level are progressive except for Level 1, which has no defined bands. Specific arrangements for current roles within Level 1 are outlined in Schedule 3.
- 19.2 Movement between bands will be based on appointment in accordance with applicable public sector legislation and employees will be appointed to increment 1 of the relevant band, except for Graduate/Internship roles in Band 1 of Level 2 and Level 3, as outlined in Schedule 3.

- 19.3 Except where otherwise provided in Schedule 3, incremental progression depends upon satisfactory work performance and conduct of at least 12 months' duration (unless otherwise stated in Schedule 3) at the current increment level that is certified by the relevant manager.
- 19.4 It is expected that the level of skill and experience of each employee will increase as they move through the increments within each classification level. At each level, an employee is required to share their skills with other employees and assist other employees in achieving excellence. Within the Operational/Clinical stream there are specific expectations of the senior roles.
- 19.5 Failure to complete or maintain the requirements of each level, will result in adjustment to the employee's pay to reflect the appropriate level of skill and performance.
- 19.6 If an employee meets all other requirements for progression and the opportunity to undertake the relevant and required educational component has not been provided by the QAS, the employee will not be disadvantaged.
- 19.7 Specific progression and maintenance arrangements are outlined in Schedule 3.

20. Utilisation of Local-area Assessment and Referral Unit Officer

- 20.1 Where a Local-area Assessment and Referral Unit (LARU) qualified employee, who does not occupy a LARU designated position, is required to regularly use their clinical skills, knowledge and expertise associated with the higher-level qualification in their role, the Deputy Commissioner may approve for the employee to be paid at Level 3, Band 1.
- 20.2 The Deputy Commissioner may periodically review whether there remains a demonstrated ongoing need for the employee to use their extended clinical skills, knowledge and expertise associated with the higher-level qualification in their role. Where there is no longer a demonstrated ongoing need for the employee to use their extended clinical skills in their role, the employee will no longer be eligible to be paid at Level 3, Band 1.
- 20.3 An employee who is approved to receive a LARU rate of pay under this clause does not become a permanently appointed LARU Extended Role (ACP) – Level 3, Band 1 Officer.

21. Utilisation of Patient Transport Officers (PTO's) with Certificate IV Qualification

Within the first 12 months of the agreement, the QAS and UWU agree to review the appropriate utilisation of PTOs with the approved Certificate IV qualification. The outcome of the review is to be tabled and implementation to be discussed at the SCC.

PART 5 – WAGES, ALLOWANCES AND PENALTIES

22. Wages

- 22.1 Wage rates for this Agreement will commence from Thursday, 1 September 2022 and are as outlined in Schedule 1 – Wage Rates.
- 22.2 The wage rates incorporate the following wage increases:
- (a) 4% payable from 1 September 2022; and
 - (b) 4% payable from 1 September 2023; and
 - (c) 3% payable from 1 September 2024.

23. Cost of Living Adjustment (COLA) Payments

23.1 Definitions

The following definitions apply for the purposes of the Cost-of-Living Adjustments (COLA) Payments clause:

agreement year – means one of the three 12-month periods from 1 September in one year to 31 August in the following year that includes a *calculation date*.

base wages – for an *eligible employee*, means the salary actually payable to the particular employee in the relevant *agreement year* for work covered by this Agreement and includes higher duties performed by the employee under this Agreement and includes the casual loading where applicable. It does not include any other allowances or additional payments howsoever described (such as: disability allowances or special rates, all-purpose allowances, overtime payments, shift penalties, weekend penalties, public holiday penalties, aggregated penalties or allowances, any payments of accrued leave where the leave is not taken; any payments for TOIL where the TOIL is not taken, COLA payments from previous periods, etc).

calculation date – means, either:

31 August 2023 (COLA Payment Year 1); or
31 August 2024 (COLA Payment Year 2); or
31 August 2025 (COLA Payment Year 3).

COLA payment percentage – see section 23.3.2

CPI – means the Brisbane Consumer Price Index (all groups, March quarter annual percentage change from the March quarter of the previous year), for the March that falls within the relevant *agreement year*, as published by the Australian Bureau of Statistics. Treasury will advise agencies of the CPI relevant to COLA considerations upon its release in each year.

eligible employee – see section 23.2.

Queensland government employee – means a person employed in a government entity, as defined in section 24 of the *Public Service Act 2008* as in force at 1 October 2022, and the entities specified at sections 24(2)(c), 24(2)(d) and 24(2)(h) of the Act: the parliamentary service, the Governor’s official residence and its associated administrative unit, and the police service.

wage increase under the Agreement – means the wage increase of either 4%, 4% or 3%, as specified in clause 22 of this Agreement, that occurs at the commencement of an *agreement year*.

23.2 *Eligibility*

23.2.1 *Eligible employees* covered by this Agreement may be entitled to receive Cost of Living Adjustment (COLA) payments based on the *calculation dates*, for up to three years only, and ending for the *calculation date* of 31 August 2025.

23.2.2 An employee is an *eligible employee* if they performed work under this Agreement during a relevant *agreement year* and they are covered by this Agreement on the relevant *calculation date* for the associated COLA Payment.

23.2.3 In recognition of employee mobility across the sector, where an employee would otherwise be an *eligible employee* in accordance with clause 23.2.2, but they are not covered by this Agreement on the relevant *calculation date* due to being employed elsewhere as a *Queensland government employee* on the *calculation date*, they will be deemed to be an *eligible employee* for the associated COLA Payment. To facilitate payment of the COLA Payment in this circumstance, the employee is required to provide relevant details of their eligibility to qas.hrservices@ambulance.qld.gov.au.

Example – an employee works for the first 3 months under this Agreement, during a relevant agreement year, then takes up employment with a different department. They remain employed with the new department as at the relevant calculation date under this Agreement. Provided the employee provides the required notice and details of their current employer (as specified above) which confirms that they are a Queensland government employee as at the calculation date, they will be an eligible employee for that particular COLA Payment.

23.2.4 An employee who starts being covered by this Agreement after a *calculation date* is not eligible for the associated COLA Payment.

Example – an employee starts being covered by the agreement on 17 September 2023. The employee is not eligible for COLA Payment Year 1.

23.2.5 An *eligible employee* who did not perform work under this Agreement for the full *agreement year*, will receive a pro-rata COLA payment by reference to the *base wages* they received that was attributable to work under this Agreement.

Example one – an eligible employee is employed and works for 5 months under this Agreement during a relevant agreement year. Their base wages for the agreement year will reflect the 5 months they worked.

Example two – an eligible employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months, takes 3 months leave at half pay and takes 3 months leave without pay, under this Agreement. Their base wages for the agreement year will reflect the 6 months they worked, 3 months where they earned half pay and 3 months where they earned no pay.

Example three – an employee is employed for 12 months under this Agreement during a relevant agreement year and in those 12 months, works for 6 months under this Agreement and is temporarily seconded and works for 6 months under a different Agreement. Their base wages for the agreement year will reflect 6 months they worked under this Agreement.

23.2.6 An *eligible employee* who is casual or part-time will receive a pro-rata COLA payment based on the hours they worked in the relevant *agreement year* because of the definition of *base wages*.

Example – a part-time employee works 0.6 full-time equivalent during the agreement year. The employee's base wages for the agreement year reflect their hours of work.

23.2.7 In addition to the other requirements of clause 2, casual employees are eligible employees provided they have performed work under this Agreement, or as a *Queensland government employee*, within the 12-week payroll period immediately prior to the relevant *calculation date*.

23.3 Calculation and payments

Step one

23.3.1 A COLA Payment is only payable if, for the relevant *agreement year*, *CPI* exceeds the *wage increase under the Agreement*.

Step two

23.3.2 The relevant COLA Payment is calculated by first determining the percentage difference between the *wage increase under the Agreement* and *CPI* for the relevant *agreement year* and each COLA Payment is capped at 3% (the 'COLA percentage').

Example one: For COLA Payment Year 3, the agreement year is 1 September 2024 to 31 August 2025. The wage increase under the Agreement is 3% on 1 September 2024. In April 2025, the ABS releases the CPI figure for March 2025 as 3.9%. The COLA Payment is calculated as the difference between 3% and 3.9%, i.e. 0.9%. 0.9% is less than the 3% cap, therefore the COLA percentage is 0.9%.

Example two: For COLA Payment Year 1, the agreement year is 1 September 2022 to 31 August 2023. The wage increase under the Agreement is 4% on 1 September 2022. In April 2023, the ABS releases the CPI figure for March 2023 as 7.5%. The COLA Payment is calculated as the difference between 4% and 7.5%, i.e. 3.5%. However, because the COLA Payment is capped at 3%, the COLA percentage is 3%.

Step three

23.3.3 To calculate an *eligible employee's* COLA Payment, the relevant employee's *base wages* for the *agreement year* are adjusted to determine what their *base wages* would have been if the *relevant wage*

increase under the Agreement had not been applied for that *agreement year*. This is done by using the following formula to first determine the value of ‘a’:

$$a = 100 / (1 + \text{relevant wage increase under the Agreement expressed as a decimal})$$

Then the relevant employee’s *base wages* are then multiplied by ‘a’, where ‘a’ is expressed as a percentage:

Example: The wage increase in the Agreement for that agreement year was 4% on 1 September 2022. The base wages payable to the relevant employee for the agreement year from 1 September 2022 to 31 August 2023 is \$90,000. The calculation occurs as follows:

$$a = 100 / (1 + 0.04)$$

$$a = 96.1538$$

$$\$90,000 \text{ adjusted by } 96.1538\% = \$86,538.42;$$

Step four

23.3.4 The figure from clause 23.3.3 is then multiplied by the COLA Percentage calculated in clause 23.3.2 to determine the particular employee’s COLA Payment for that *agreement year*.

Example: The COLA percentage is 3%.

$$\$86,538.42 \text{ multiplied by } 3\% = \$2,596.15$$

23.3.5 COLA Payments are one-off, do not form part of base salary and will be taxed according to the applicable law.

23.4 Timing of information and payments

23.4.1 For *eligible employees* under clause 23.2.2, if payable, the relevant COLA Payment will be made within three (3) months following the relevant *calculation date* and release of the *CPI*.

23.4.2 For *eligible employees* under clause 23.2.3, if payable, the relevant COLA Payment will be made within three (3) months of the employee providing the notice of their employment pursuant to clause 23.2.3.

23.4.3 The Queensland Ambulance Service will provide advice to unions and employees covered by this Agreement on the timing of payroll processing for each COLA payment.

24. Salary Sacrifice

25.2 Where an employee has not chosen a fund in accordance with clause 25.1 above, the employer will make superannuation contributions for the employee to the Government Division of Australian Retirement Trust (known as QSuper).

25.3 The employee’s choice of fund is to be made on the standard choice form released by the Australian Taxation Office (ATO) or an alternative document determined by the employer that covers all the information that the standard choice form covers. The employer will comply with its obligations regarding implementing the employee’s choice for superannuation contributions.

25.4 The employer will comply with its obligations under the applicable superannuation legislation being (the *Superannuation Guarantee (Administration) Act 1992* (Cth) and the *Superannuation (State Public Sector) Act 1990* (Qld).

26.12 Flexibility Allowance

26.12.1 An eligible employee in approved Level 4 and 5 positions will be entitled to a flexibility allowance of 23% of the employee's base rate of pay for performing ordinary hours of work flexibly. Such flexibility may require the employee to work ordinary hours over a 24-hour, 7 day a week span to meet service delivery requirements.

26.12.2 The Deputy Commissioner (DC) responsible for state-wide services is responsible for approving positions to be eligible for a flexibility allowance. For a position to be an approved position for the flexibility allowance, the Regional Assistant Commissioner is to provide a business case to the DC. The DC is able to undertake a periodic review of approved positions and the decisions of Regional Assistant Commissioners to ensure consistency of approach.

26.12.3 Regional Assistant Commissioners and eligible employees are to agree to the manner in which a flexible working arrangement is to be applied for an approved role in line with clause 26.12.8, otherwise an appropriate alternative arrangement as outlined in clause 26.12.5 will apply. Regional Assistant Commissioners and eligible employees are to review the way the flexible working arrangements are being worked and the applicability of the allowance as part of the normal performance discussions.

26.12.4 To be eligible for the allowance, the employee must:

- (a) be responsible for supervision of an operational service area with subordinate employees in Level 1, 2 and 3 who are in receipt of an Aggregated Allowance, and
- (b) have the broader responsibility of providing staff welfare over a 24-hour, 7 day a week coverage.

26.12.5 The flexibility allowance will not apply to:

- (a) OICs who claim the 20% unlimited hours loading;
- (b) Level 4 or 5 employees who equitably participate in a roster that receives the Aggregated Allowance; or
- (c) Level 4 or 5 employees who are receiving actual penalties.

- (d) sick leave where an employee is sick for a full pay period or longer.

26.12.8 Due to operational circumstances varying between operational service areas, components of flexible working arrangements may include payments of, but not limited to, the following:

- (a) performance of ordinary shift hours at night and/or on weekends; and/or
- (b) staff welfare contact/activity remotely.

26.12.9 Eligible employees' ordinary hours are still to be worked in accordance with clause 38 Full-time Arrangements or clause 39 Part-time arrangements and clause 27 Hours of work.

26.12.10 Nothing in this clause shall prevent the entitlement of employees to be paid overtime for approved shifts outside of their role as has been agreed in line with clause 26.12.3 and clause 26.12.8. Approval to work such overtime will be required from the Regional Assistant Commissioner. Due to the role requiring to perform ordinary hours of work flexibly over a 24-hour, 7 day a week span, such overtime will be in accordance with the entitlement for rostered shift workers as outlined in clause 29.

26.12.11 Reasons for such flexibility required includes but is not limited to:

- (a) Internal/external meeting/activity requirements;
- (b) Staff meetings/welfare; and/or
- (c) Significant involvement in emergency response/event as part of ordinary hours.

PART 6 – HOURS OF WORK AND OVERTIME

27. Hours of Work

- 27.1 The ordinary working hours of employees shall not exceed an average of 38 hours per week.
- 27.2 All employees are entitled to days off at the ratio of at least two days off for every five worked. For the purpose of clause 27.2, a day means the period from midnight to midnight. These days off must be grouped to provide a minimum of two consecutive days off in any fortnightly pay period. Alternatively, one day in one week and three days during the following week will satisfy the requirements of clause 27.2.
- 27.3 The method of working the 38-hour week shall be as agreed from time to time between the QAS and UWU.
- 27.4 For Level 1 to 5 employees, rosters will reflect an average of 40 hours per week. An employee who works an average of 40 hours per week will accrue the additional two hours per week (in excess of 38 hours) as accrued time.
- 27.5 A full-time employee may request to be rostered to work an average of 38 hours per week. In these circumstances, the employee will not accrue an additional two hours per week as accrued time.
- 27.6 Subject to clause 34.1(c), shift work shall be worked in accordance with a roster, or rosters, agreed upon between QAS and the UWU.
- 27.7 Any changes to the roster that results in a roster that is predominantly made up of eight hours or less can only be implemented by agreement between the QAS and UWU.
- 27.8 For any roster line change, the QAS must ensure that the requirements of clause 27.2 be applied to any changes. Any roster line change that results in back to back rotations of more than five consecutive 12 hour shifts, or more than eight consecutive 10 hour shifts, the roster change is to provide for a rostered day off at the start of the new line.
- 27.9 For Level 6 employees, the working of ordinary hours of work shall be exclusive of meal breaks and is to be conducted at times that meet business requirements.

28. Accrued Time

28.1 Level 1 to Level 5:

- 28.1.1 For employees who work a roster that is an average of 40 hours per week, accrued time, as outlined in clause 27.4, will be debited on an hour for hour basis. To avoid doubt, where eight 10-hour shifts are taken as accrued time, 80 hours will be debited from the employee's accrual. Where seven 12-hour shifts are taken as accrued time, 84 hours will be debited from the employee's accrual.
- 28.1.2 When employees access accrued time, they will be paid the same rate of pay for the day on which the accrued time is accessed as would have applied had they been at work.
- 28.1.3 Where an employee has not accessed their annual accrued time entitlement, the employee is required to access a period of accrued time to ensure their balance does not exceed 104 hours.
- 28.1.4 Accrued time is not available to casual or part-time employees including employees participating in job-share arrangements.

28.1.5 Accrued time shall not be accumulated for periods including:

- (a) Leave without pay;
- (b) Where an employee is in receipt of salary maintenance through the superannuation scheme; or
- (c) Where an employee has been suspended from duty with or without pay.

28.1.6 Accrued time does not attract the annual leave loading.

28.1.7 Any employee leaving employment with the QAS with a negative accrued time balance will have the negative balance deducted from the employee's termination pay. Any employee leaving employment with the QAS with a positive accrued time balance will have the balance paid out on termination.

28.1.8 A full-time employee who reverts to part-time, and who has a positive accrued time balance at the time of reversion, will have the balance paid out as at the date of reversion or access the time off within twelve months of working as a part-time employee.

28.1.9 An employee and the QAS are mutually responsible for managing fatigue in relation to the working of overtime on accrued time off. As such, utilisation of employees on accrued time for overtime shifts is only to occur when all other options have been exhausted and is to be approved by an appropriate senior manager.

28.1.10 QAS recognises that all relevant staff are able to request single day accrued time to allow greater flexibility and work-life balance. Any application to access single day blocks of accrued time within the three months roster projection must be submitted at the earliest possible time. QAS must not unreasonably withhold access to single day accrued time, provided that service delivery is not disrupted. Any employee who accesses single day accrued time and who works within their own station on that day will be deemed to be no longer on accrued time and will be paid at the applicable ordinary time rate for that day.

28.2 *For Level 6 employees:*

28.2.1 An employee and their relevant manager may agree that the working of ordinary hours in excess of 38 hours per week may accrue a day off. Accrued time off accumulated may only be taken with prior approval from the relevant manager.

28.2.2 Accrued time must be taken prior to cessation of employment as no payment will be made for unused accrued time. Supervisors shall not unreasonably prevent employees from taking accrued time immediately prior to an employee's separation from employment.

28.2.3 A newly appointed Level 6 employee who has a positive accrued time balance as a Level 1 to 5 employee at the time of appointment will have the balance paid out at the accrual rate as at the date of appointment.

29. Overtime

29.1 *Level 1 to 5 employees:*

29.1.1 All time worked by employees outside their normal rostered hours, as provided for in clause 27, is overtime and is paid as follows:

- (a) rostered shift workers and those employees who perform regular on-call will be paid at double the ordinary base rate of pay for all work undertaken outside normal rostered hours.
- (b) all other employees will be paid for all work undertaken outside normal rostered hours at the rate of time and a-half for the first three hours on any one day and double-time thereafter.
- (c) all employees will be paid for all overtime worked on Saturdays or Sundays, or if required by the QAS on an employee's rostered day off, at the rate of double-time. Where practicable, the QAS will give the employee concerned at least 24 hours' notice of the requirement to work on rostered days off.

- 29.1.2 For the purpose of clause 29.1.1(a), a rostered shift worker is an employee whose working arrangements satisfy the following criteria:
- (a) The employee's roster is one which is in a roster framework that provides 24-hour coverage, seven days per week; and
 - (b) The employee's roster pattern is:
 - (i) a roster which prescribes two or more shifts (day, afternoon or night) throughout the roster cycle and the majority of shifts are shifts attracting penalties; or
 - (ii) a roster of only night shifts; or
 - (iii) a roster of only afternoon shifts; and
 - (c) The employee regularly rotates through the roster that is not Monday to Friday, unless all shifts attract penalties.
- 29.1.3 An employee who works a roster of only day shifts is not a rostered shift worker for the purpose of clause 29.1.1(a).
- 29.1.4 An employee who rotates through a roster that is between Monday to Friday is not a rostered shift worker for the purpose of clause 29.1.1(a). For example, a part-time employee who is only rostered to work day and afternoon shifts between Monday and Wednesday each week will not satisfy the criterion in clause 29.1.2(c). However, a part-time employee who is only rostered to work shifts between Thursday to Saturday and the Friday shift is an afternoon shift, would satisfy the criteria in clause 29.1.2(c).
- 29.1.5 A support roster which supports a core roster that provides 24-hour coverage, seven days per week ('a support roster') satisfies the criterion in clause 29.1.2(a) even if the support roster itself does not provide 24-hour coverage. This is because it is in a roster framework that provides 24-hour coverage, seven days per week. However, a roster other than a support roster, which does not provide 24-hour coverage, and which is not in a roster framework that provides 24-hour coverage, seven days per week, does not satisfy the criterion in clause 29.1.2(a).
- 29.1.6 Where an employee is recalled to duty after having ceased work and having left the QAS's premises, the employee will be paid a minimum of two hours' work at the appropriate overtime rate.
- 29.1.7 Overtime for public holidays will be paid in accordance with the provisions of the Award.
- 29.1.8 No employee shall refuse to work a reasonable amount of overtime.
- 29.1.9 Time off in lieu of overtime (TOIL) is available to employees and is taken with the prior approval of the relevant manager. Access to TOIL is by way of mutual agreement between employees and the relevant manager and is accumulated at a rate of single time, on a shift-by-shift basis. A maximum of three shifts can be accumulated. Accrued TOIL should be managed so as to be taken within three months of the time it is accrued.
- 29.1.10 Access to TOIL must not adversely impact on operational requirements.
- 29.1.11 If accrued TOIL cannot be taken within three months, it may be paid out to the employee at the appropriate overtime rate it was worked (i.e. double-time or time and a-half). Cashing out of TOIL shall only occur with the approval of the relevant manager.
- 29.1.12 When cashing out TOIL hours, the employee must provide the QAS payroll with copies of each relevant pay sheet, showing when the TOIL was originally accrued and approved. This will ensure payment at the correct rate.
- 29.1.13 Where a TOIL balance remains at the three-month period, the employee and the QAS must discuss and agree on options around the balance to either take the TOIL, cash out the TOIL or continue the TOIL balance for a further three months. An employee may apply to their manager in writing for approval to accrue TOIL past this three-month period.

29.1.14 If on the instructions of the QAS, an employee resumes or continues work without having had ten consecutive hours off duty, the employee shall be paid at the rate of double time until released from duty for such period. The employee shall then be entitled to be absent until they have had ten consecutive hours off duty, without loss of pay for ordinary working time that has occurred during such absence.

29.2 *Level 6 employees:*

29.2.1 Level 6 employees are not entitled to remuneration for additional hours, however, are entitled to access TOIL of additional hours worked, where prior approval of the relevant manager to work additional hours is provided.

29.2.2 Employees are provided with TOIL to be taken within 12 months, which will be forfeited if not taken in this time. Applications for TOIL may be refused for exceptional operational reasons and in such circumstances, that period of TOIL may, with the approval of the relevant manager, be continued beyond 12 months.

29.2.3 Where an employee is required to perform duties on a public holiday, such employees will be paid at their normal pay rate and will accrue a day off in lieu. These days must be taken within 12 months of their accrual and will be forfeited if not taken in this time.

30. On-call

30.1 On-call duty is essential at some stations to facilitate the timely and efficient provision of pre-hospital and emergency care. Accordingly, an employee may be required to be on-call to perform overtime work during a specified period of time outside normal rostered hours.

30.2 Employees may perform on-call from their home or a previously agreed location provided that response times are not compromised while on-call and the employee utilises an appropriate ambulance vehicle to enable an immediate response. Such location should fall within a 10 minute response time to the relevant stations operational coverage area; however in extenuating circumstances, other arrangements can be determined for specific rural locations to maintain continuity of service coverage within reasonable community expectations of service delivery. This will be as approved by the QAS upon request from the employee.

30.3 During the on-call period, an employee must be immediately contactable by the QAS in order to facilitate the timely and efficient provision of pre-hospital and emergency care as required and within acceptable response times. Due consideration will be given to employee fatigue levels and road user safety when determining an acceptable response time.

30.4 Focused management of the local response area should occur to allow employees to return to residence/location to undertake a hygiene and sustenance break at shift completion or completion of case resulting in a shift extension and/or call outs.

30.5 Employees (other than Level 6 employees) required to remain on-call will be paid a loading, in addition to their ordinary rate of pay of 15% of the hourly base rate applicable to the employee for each hour of on-call duty performed, with a minimum payment of 10 hours for each on-call period.

30.6 There is no requirement to be on-call prior to the commencement of the first shift after or immediately prior to commencing rostered days off or annual leave. If an employee is requested and agrees to provide coverage during these periods they shall be paid as follows:

- (a) for the period that falls on the normal working day - the 15% on-call payment.
- (b) for the period that falls on a rostered day off - double-time (except in instances of a full 24-hour period).
- (c) for the period that falls on an annual leave day - re-crediting of a day of annual leave (7.6 hours).

30.7 No employee will be placed on-call for more than 10 days in any continuous two-week period.

31. Call Back

- 31.1 An employee, other than a Level 6 employee, called out to perform work while on-call will be paid overtime at the prescribed rate with a minimum payment of two hours. Such payment will be calculated from the time of receiving and acknowledging receipt of the call to the time of returning home or the previously notified location. Such payment will be paid regardless of any cancellation of job before attendance.
- 31.2 Where an employee is entitled to overtime in accordance with clause 31.1, the employee will be paid overtime at the prescribed rate with a minimum payment of two hours until the time of commencement of the shift and ordinary time from the time of commencement of the shift thereafter.
- 31.3 Clause 31 will not apply where an employee commences a shift early in order to attend any pre-arranged activity. In such situations, an employee will be paid the appropriate overtime rate up to the rostered starting time.

32. Remote Call Back

- 32.1 A Level 4 or 5 employee (other than those in receipt of a Flexibility Allowance or 20% unlimited loading) who is on-call and who is required to undertake approved duties without the need to leave the employee's place of residence shall be entitled to payment of overtime rate at the prescribed rate for the actual time worked with a minimum payment of one hour for each time the employee performs such duties. If the employee is required to again perform duties within that one-hour period, no further minimum payment shall apply. Duties may include but are not limited to the co-ordination of operational incidents, staff welfare calls, and significant incident notification.
- 32.2 The employee will be responsible for the recording of the nature and the times of contact in respect of the types of matters mentioned in clause 32.1 for subsequent verification by the QAS.
- 32.3 Implementation of this clause will occur within six months of certification of agreement.

33. Twenty-four Hour Periods

- 33.1 Where an employee (including OICs but excluding Level 6 employees) undertakes any combination of a 24-hour period of duty and on-call on their rostered days off, payment will be as follows:
- (a) minimum of 10 hours at the appropriate overtime rate for the shift period;
 - (b) the remaining hours in the 24-hour period will attract payment at 30% of the employee's hourly base rate; and
 - (c) payment for callouts performed during the on-call period will be paid at the appropriate overtime rate.
- 33.2 Where a 24-hour period commences or finishes on a rostered day off but is not contained wholly on a rostered day off, payment will be as follows:
- (a) on-call paid at double-time for the full period up to midnight on the rostered day off; and
 - (b) on-call paid at 15% for the period from midnight until the commencement of the rostered shift or from the finish of a rostered shift until midnight.
- 33.3 Payments in accordance with this clause will take precedence over other overtime and on-call provisions of this Agreement.

34. Roster Notification and Shift Swaps

- 34.1 *Roster notification*
- (a) All employees must be provided with at least three months' notification of their roster projection.

- (b) Any roster changes within this timeframe required by either the QAS or the employee/s can occur by a process of consultation, negotiation and mutual agreement. Employees must not unreasonably withhold agreement to roster changes.
- (c) In emergent circumstances, the QAS will notify the employee at least seven days prior to any roster projection change. For changes where seven days cannot be provided, the change can only occur by mutual agreement.

34.2 *Shift swaps*

A relevant manager, upon application from employees, may approve a mutual change of rostered shifts between employees.

35. Rest Pauses

35.1 Employees will have access to rest pauses as required during the period of their shift. The number and duration of such rest pauses will not be specified however, employees will have the ability to take their rest pauses at a convenient time during the shift.

35.2 Rest pauses shall always be taken as not to interfere with the continuity of work where continuity is necessary.

35.3 The QAS will not be required to direct or administer the taking of rest pauses.

36. Meal Breaks

36.1 All employees who work more than 5 hours on any shift shall be entitled to a meal break in accordance with clauses 36.2 to 36.13.

36.2 Level 6 employees are entitled to access a 30-minute unpaid meal break between the fourth and sixth hours of duty.

36.3 All other employees shall be entitled to a break of not less than 30 minutes duration for a meal during each shift.

36.4 Where the ordinary rostered shift is in excess of 10 hours in duration, employees shall be entitled to two meal breaks of not less than 30 minutes during the period of the shift.

36.5 Meal breaks shall be taken at such times that will not interfere with the continuity of work.

36.6 The QAS and UWU, through the SCC, will monitor agreed criteria for the measurement of meals access and expenditure management.

36.7 Where practicable, the timing of meal breaks will be as follows:

- (a) for shifts up to 10 hours in duration, commencing not earlier than three and a-half hours from the commencement of shift and to be completed no later than seven hours from the commencement of shift;
- (b) for shifts greater than 10 hours and up to 12 hours in duration, the first meal break will be between three hours and six and a-half hours from the commencement of shift and the second meal break will be between seven and a-half and 11 hours from the commencement of shift; and
- (c) for shifts greater than 12 hours in duration, the first meal break will be between three hours and six and a-half hours from the commencement of shift and the second meal break will be between seven and a-half and 11 hours from the commencement of shift.

36.8 To provide for a more mobile and responsive workforce, employees may be required to take their meal breaks at operationally convenient locations. When employees cannot return to their home station and

are required to be absent for their meal break, a meal or meal allowance (at the rate specified in clause 36.9 below) will be provided.

- 36.9 An employee who has commenced a meal break and is called on to attend a case or cases before completing such a break, or where an employee completes a shift without having had such a break, such employee shall be paid an allowance for the broken or missed meal in accordance with clause 16.2(b) of the Award or a suitable meal will be provided as compensation for the loss of meal.

This allowance is only applicable for relieving duties, including employees employed by an organisational unit to provide permanent relief within the unit.

3. *Industry allowance*

The industry allowance is only paid when specified duties are performed in addition to normal duties which includes but is not limited to eye tests; sight screening; glass repairs; resuscitation lectures; first aid classes; drug and alcohol testing; and hearing testing. This allowance is paid for on a per shift basis, including overtime shifts.

For permanent employees this allowance is also paid on paid leave based on a projected roster basis. The allowance is increased in line with wage increases as outlined in the Agreement and will be:

- (a) from 1 September 2022 the rate will increase by 4% to \$41.53;
- (b) from 1 September 2023 the rate will increase by 4% to \$43.19; and
- (c) from 1 September 2024 the rate will increase by 3% to \$44.49.

4. *Mine skills allowance*

This allowance is paid for on a per shift basis, including overtime shifts. For permanent employees' this allowance is also paid on paid leave based on a projected roster basis. This allowance is increased in line with State Wage Case increases.

5. *On-site allowance*

The on-site allowance of \$58.74 as of 1 September 2022, shall be paid to Industrial Paramedics in recognition of the harsh physical environment and lack of usual facilities where the employee is working. This allowance is paid for on a per shift basis, including overtime shifts. For permanent employees' this allowance is also paid on paid leave based on a projected roster basis. The industry residential allowance will only be paid to relief employees who undertake extended periods of relief duties after the performance of six weeks' relief and are no longer in receipt of a QAS locality allowance. Relief employees in receipt of a QAS locality allowance from their substantive position will continue to receive this allowance up to a maximum of six weeks after which the relief employees will then be eligible for the industry residential allowance. Industrial Sites are excluded from the QAS Remote Area Incentive arrangement however this allowance is increased in line with the QAS Remote Area Incentive policy as amended from time to time.

SCHEDULE 5 – AGGREGATED ALLOWANCE CALCULATION

The applicable percentage for each employee will be identified using the following:

Step 1: Apply the Averaged Weekend Penalty (AWP) formula

Apply the AWP as it existed immediately prior to the commencement of the *QAS Determination 2013* to each roster pattern to identify a base loading percentage:

- (a) Calculation of averaged penalty rates will be based on the roster current at any given time.
- (b) When rosters are reviewed or changed, rates will be recalculated as appropriate.
- (c) When calculating the averaged rates, the weekend penalties that are projected to be worked in 47 weeks of the year will be averaged over the full 52 weeks.
- (d) Penalties payable on any public holiday shall not be included in the averaged rate. However, where the public holiday penalty is the same as the weekend penalty, the AWP will constitute payment for the public holiday.
- (e) Where the relevant public holiday payment is higher than the weekend penalty, the AWP plus the difference between the weekend and the public holiday penalty will constitute payment for the public holiday.

Example: A twelve-line roster at Spring Hill station has an AWP of 20.69%.

Step 2: Determine the total hours in the roster that attract an afternoon shift allowance.

Calculate these hours as a percentage of the total hours worked in the roster cycle. Multiply this percentage by the afternoon shift loading of 12.5%, to derive a percentage loading, which is then added to the base loading percentage from Step 1. If a roster does not include afternoon shifts, the percentage for this step will be 0%.

Example: The twelve-line roster at Spring Hill contains 52 hours that attract the afternoon shift allowance. This is 10.83% of the total hours in the roster cycle (480 hours). When multiplied by 12.5%, this provides a 1.35% loading. This is then added to the base loading percentage from Step 1, to obtain a total percentage of 22.04%.

Step 3: Determine the total hours in a roster that attract a night shift allowance.

Calculate these hours as a percentage of the total hours worked in the roster cycle. Multiply this percentage by the night shift loading of 15%, to derive a percentage loading, which is then added to the base loading percentage from Step 1 and the additional loading from Step 2. If a roster does not include night shifts, the percentage for this step will be 0%.

Example: The twelve-line roster at Spring Hill contains 120 hours that attract the night shift allowance. This is 25% of the total hours in the roster cycle (480 hours). When multiplied by 15%, this provides a 3.75% loading. This is then added to the total from Steps 1 and 2 (22.04%), to obtain a total percentage of 25.79%.

Step 4: Add On-Call Allowance

For rosters only in Category 2 and 3 Stations which are ordinarily eight 10-hour day shifts and is required to be on-call for each of the first seven shifts worked, add the 15% on-call allowance to the total percentage loading from Steps 1-3.

Example: The two-line roster at the Highfields station is made up of 10-hour shifts worked in an eight days on/six days off pattern, and on-call is worked each night between rostered shifts. There are no afternoon or night shifts. The AWP for the roster is 18.05%. When the 15% on-call allowance is added, the total percentage is 36.5%.

Step 5: Round Up

Round the total percentage up to the nearest percentage in clause 26.10.3(a). * This is the aggregated allowance.

*Example: The Spring Hill roster total percentage from Step 3 is 25.79%. This is rounded up to 26.5%.
The current 10-line North Rockhampton station roster is rounded down by 0.01% (from 23.01% to 23%).
