PART 2 - FLEXIBILITY

2.1 Enterprise flexibility

- 2.1.1 As part of a process of improvement in productivity and efficiency, discussion should take place at each enterprise to provide more flexible working arrangements, improvement in the quality of working life, enhancement of skills, training and job satisfaction and to encourage consultative mechanisms across the workplace.
- 2.1.2 The consultative processes established in an enterprise in accordance with clause 2.1 may provide an appropriate mechanism for consideration of matters relevant to clause 2.1.1. Union delegates at the place of work may be involved in such discussions.
- 2.1.3 Any proposed genuine agreement reached between an employer and employee/s in an enterprise is contingent upon the agreement being submitted to the Commission in accordance with Chapter 6 of the Act and is to have no force or effect until approval is given.

PART 3 - COMMUNICATION, CONSULTATION AND DISPUTE SETTLING PROCEDURES

3.1 Consultative mechanisms and procedures in the workplace

- 3.1.2 The parties to this Award are committed to co-operating positively to increase the efficiency, productivity and competitiveness of the industries covered by this Award and to enhance the career opportunities and job security of employees in such industries.
- 3.1.3 At each plant or enterprise, an employer, the employees and their relevant Union or Unions commit themselves to establishing a consultative mechanism and procedures appropriate to the size, structure and needs of that plant or enterprise. Measures raised by the employer, employees or Union or Unions for consideration consistent with the objectives of clause 3.1.2 shall be processed through that consultative mechanism and procedures.

3.2 Grievance and dispute settling procedure

The matters to be dealt with in this procedure shall include all grievances or disputes between an employee and an employer in respect to any industrial matter and all other matters that the parties agree on and are specified herein. Such procedures shall apply to a single employee or to any number of employees.

- 3.2.1 In the event of an employee having a grievance or dispute the employee shall in the first instance attempt to resolve the matter with the immediate supervisor, who shall respond to such request as soon as reasonably practicable under the circumstances. Where the dispute concerns alleged actions of the immediate supervisor the employee(s) may bypass this level in the procedure.
- 3.2.2 If the grievance or dispute is not resolved under clause 3.2.1, the employee or the employee's representative may refer the matter to the next higher level of management for discussion. Such discussion should, if possible, take place within 24 hours after the request by the employee or the employee's representative.
- 3.2.3 If the grievance involves allegations of unlawful discrimination by a supervisor the employee may commence the grievance resolution process by reporting the allegations to the next level of management beyond that of the supervisor concerned. If there is no level of management beyond that involved in the allegation the employee may proceed directly to the process outlined at clause 3.2.5.
- 3.2.4 If the grievance or dispute is still unresolved after discussions mentioned in clause 3.2.2, the matter shall, in the case of a member of a Union, be reported to the relevant officer of that Union and the senior management of the employer or the employer's nominated industrial representative. An employee who is not a member of the Union may report the grievance or dispute to senior management or the nominated industrial representative. This should occur as soon as it is evident that discussions under clause 3.2.2 will not result in resolution of the dispute.
- 3.2.5 If, after discussion between the parties, or their nominees mentioned in clause 3.2.4, the dispute remains unresolved after the parties have genuinely attempted to achieve a settlement thereof, then notification of the existence of the dispute is to be given to the Commission in accordance with the provisions of the Act.
- 3.2.6 Whilst all of the above procedure is being followed, normal work shall continue except in the case of a genuine safety issue.
- 3.2.7 The *status quo* existing before the emergence of the grievance or dispute is to continue whilst the above procedure is being followed.
- 3.2.8 All parties to the dispute shall give due consideration to matters raised or any suggestion or recommendation made by the Commission with a view to the prompt settlement of the dispute.

3.2.9 Any Order or Decision of the Commission (subject to the parties' right of appeal under the Act) will be final and binding on all parties to the dispute.

3.2.10 Discussions at any stage of the procedure shall not be unreasonably delayed by any party, subject to acceptance that some matters may be of such complexity or importance that it may take a reasonable period of time for the appropriate response to be made. If genuine discussions are unreasonably delayed or hindered, it shall be open to any party to give notification of the dispute in accordance with the provisions of the Act.

PART 4 - EMPLOYER AND EMPLOYEES' DUTIES, EMPLOYMENT RELATIONSHIP AND RELATED ARRANGEMENTS

4.1 Termination of employment

4.1.1 Statement of employment

An employer shall, in the event of termination of employment, provide upon request to the employee who has been terminated a written statement specifying the period of employment and the classification or type of work performed by the employee.

4.1.2 Termination by employer

(a) An employer may dismiss an employee only if the employee has been given the following notice:

Period of Continuous Service	Period of Notice
Not more than 1 year	1 week
More than 1 year but not more than 3 years	2 weeks
More than 3 years but not more than 5 years	3 weeks
More than 5 years	4 weeks

(b) In addition to the notice in (a) above, employees 45 years old or over and who have completed at least 2 years' continuous service with the employer shall be entitled to an additional week's notice.

(c) Payment in lieu of notice shall be made if the appropriate notice is not given:

Provided that employment may be terminated by part of the period of notice specified and part payment in lieu thereof.

(d) In calculating any payment in lieu of notice the minimum compensation payable to an employee will be at least the total of the amounts the employer would have been liable to pay the employee if the employee's employment had continued until the end of the required notice period. The total must be worked out on the basis of:

- (i) the ordinary working hours to be worked by the employee; and
- (ii) the amounts payable to the employee for the hours including for example allowances, loadings and penalties; and
- (iii) any other amounts payable under the employee's employment contract.

(e) The period of notice in this clause shall not apply in the case of dismissal for misconduct or other grounds that justify instant dismissal, or in the case of a casual employee, or an employee engaged by the hour or day, or an employee engaged for a specific period or tasks.

(f) Provided that notice given shall not be counted as annual leave and further provided that no employee shall be deemed dismissed for incompetence after they have worked one week for an employer.

4.1.3 Notice of termination by employee

The notice of termination required to be given by an employee shall be 2 days notice or forfeit 3 days pay in lieu of such notice.

4.1.4 Time off during notice period

During the period of notice of termination given by the employer, an employee shall be allowed up to one day's time off without loss of pay for the purpose of seeking other employment. This time off shall be taken at times that are convenient to the employee after consultation with the employer.

4.2 Introduction of changes

4.2.1 Employer's duty to notify

- (a) Where an employer decides to introduce changes in production, program, organisation, structure or technology, that are likely to have significant effects on employees, the employer shall notify the employees who may be affected by the proposed changes and, where relevant, their Union or Unions.
- (b) 'Significant effects' includes termination of employment, major changes in the composition, operation or size of the employer's workforce or in the skills required; the elimination or diminution of job opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations and the restructuring of jobs:

Provided that where the Award makes provision for alteration of any of the matters referred to herein an alteration shall be deemed not to have significant effect.

4.2.2 *Employer's duty to consult over change*

- (a) The employer shall consult the employees affected and, where relevant, their Union or Unions about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, the employer intends to carry out the dismissals), and the ways to avoid or minimise the effects of the changes (e.g. by finding alternative employment).
- (b) The consultation must occur as soon as practicable after making the decision referred to in clause 4.2.1.
- (c) For the purpose of such consultation the employer shall provide in writing to the employees concerned and, where relevant, their union or unions, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees, provided that any employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.3 **Redundancy**

4.3.1 *Consultation before terminations*

- (a) Where an employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour, and that decision may lead to termination of employment, the employer shall consult the employee directly affected and where relevant, their Union or Unions.
- (b) The consultation shall take place as soon as it is practicable after the employer has made a decision, which will invoke the provisions of clause 4.3.1(a) and shall cover the reasons for the proposed terminations, measures to avoid or minimise the terminations and/or their adverse effects on the employees concerned.
- (c) For the purpose of the consultation the employer shall, as soon as practicable, provide in writing to the employees concerned and, where relevant, their Union or Unions, all relevant information about the proposed terminations including the reasons for the proposed terminations, the number and categories of employees likely to be affected, the number of workers normally employed and the period over which the terminations are likely to be carried out:

Provided that any employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.3.2 *Transfer to lower paid duties*

- (a) Where an employee is transferred to lower paid duties for reasons set out in clause 4.3.1 the employee shall be entitled to the same period of notice of transfer as the employee would have been entitled to if the employee's employment had been terminated under clause 4.1.
- (b) The employer may, at the employer's option, make payment in lieu thereof of an amount equal to the difference between the former amounts the employer would have been liable to pay and the new lower amount the employer is liable to pay the employee for the number of weeks of notice still owing.
- (c) The amounts must be worked out on the basis of:
 - (i) the ordinary working hours to be worked by the employee; and
 - (ii) the amounts payable to the employee for the hours including for example, allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.

4.3.3 *Transmission of business*

- (a) Where a business is, whether before or after the date of insertion of this clause in the Award transmitted from an employer (transmittor) to another employer (transmittee), and an employee who at the time of such transmission was an employee of the transmittor of the business, becomes an employee of the transmittee:
- (i) the continuity of the employment of the employee shall be deemed not to have been broken by reason of such transmission; and
 - (ii) the period of employment which the employee has had with the transmittor or any prior transmittor shall be deemed to be service of the employee with the transmittee.
- (b) In clause 4.3.3, 'business' includes trade, process, business or occupation and includes a part or subsidiary (which means a corporation that would be taken to be a subsidiary under the Corporations Law, whether or not the Corporations Law applies in the particular case) of any such business and 'transmission' includes transfer, conveyance, assignment or succession whether by agreement or by operation of law and 'transmitted' has a corresponding meaning.

4.3.4 *Time off during notice period*

- (a) Where a decision has been made to terminate an employee in the circumstances outlined in clause 4.3.1, the employee shall be allowed up to one day's time off without loss of pay during each week of notice for the purpose of seeking other employment.
- (b) If the employee has been allowed paid leave for more than one day during the notice period for the purpose of seeking other employment, the employee shall, at the request of the employer, be required to produce proof of attendance at an interview or the employee shall not receive payment for the time absent. For this purpose a statutory declaration will be sufficient.

4.3.5 *Notice to Centrelink*

Where a decision has been made to terminate employees in the circumstances outlined in clause 4.3.1, the employer shall notify Centrelink as soon as possible giving all relevant information about the proposed terminations, including a written statement of the reasons for the terminations, the number and categories of the employees likely to be affected, the number of workers normally employed and the period over which the terminations are intended to be carried out.

4.3.6 *Severance pay*

- (a) In addition to the period of notice prescribed for ordinary termination in clause 4.1.2(a), and subject to further order of the Commission, an employee whose employment is terminated for reasons set out in clause 4.3.1(a), shall be entitled to the following amounts of severance pay:

- (b) 'Weeks' Pay' means the ordinary time rate of pay for the employee concerned:

Provided that the following amounts are excluded from the calculation of the ordinary time rate of pay: overtime, penalty rates, disability allowances, shift allowances, special rates, fares and travelling time allowances, bonuses and any other ancillary payments.

4.3.7 *Superannuation benefits*

- (a) the employer has contributed to a superannuation scheme which provides a particular benefit to an employee in a redundancy situation; and
- (b) the particular benefit to the employee is over and above any benefit the employee might obtain from any legislative scheme providing for superannuation benefits (currently the federal Superannuation Guarantee levy) or an award based superannuation scheme.

4.3.8 *Employee leaving during notice*

An employee whose employment is terminated for reasons set out in clause 4.3.1(a), may terminate such employment during the period of notice, and, if so, shall be entitled to the same benefits and payments under this clause had such employee remained with the employer until the expiry of such notice:

Provided that in such circumstances the employee shall not be entitled to payment in lieu of notice.

4.3.9 *Alternative employment*

An employer, in a particular case, may make application to the Commission to have the general severance pay prescription amended if the employer obtains acceptable alternative employment for an employee.

4.3.10 *Employees with less than one year's service*

Clause 4.3 shall not apply to employees with less than one year's continuous service and the general obligation on employers should be no more than to give relevant employees an indication of the impending redundancy at the first reasonable opportunity, and to take such steps as may be reasonable to facilitate the obtaining by the employees of suitable alternative employment.

4.3.11 *Employees exempted*

Clause 4.3 shall not apply:

- (a) where employment is terminated as a consequence of misconduct on the part of the employee; or
- (b) to employees engaged for a specific period or task(s); or

4.3.12 *Employers exempted*

- (a) Subject to an order of the Commission, in a particular redundancy case, clause 4.3 shall not apply to an employer including a company or companies that employ employees working a total of fewer than 550 hours on average per week, excluding overtime, Monday to Sunday. The 550 hours shall be averaged over the previous 12 months.
- (b) A 'company' shall be defined as:
 - (i) a company and the entities it controls; or

4.3.13 *Exemption where transmission of business*

- (a) The provisions of clause 4.3.6 are not applicable where a business is before or after the date of the insertion of this clause into the Award, transmitted from an employer (transmittor) to another employer (transmittee), in any of the following circumstances:
 - (i) where the employee accepts employment with the transmittee which recognises the period of continuous service which the employee had with the transmittor, and any prior transmittor, to be continuous service of the employee with the transmittee; or
 - (ii) where the employee rejects an offer of employment with the transmittee:
 - (A) in which the terms and conditions are substantially similar and no less favourable, considered on an overall basis, than the terms and conditions applicable to the employee at the time of ceasing employment with the transmittor; and
 - (B) which recognises the period of continuous service which the employee had with the transmittor and any prior transmittor to be continuous service of the employee with the transmittee.

- (b) The Commission may amend clause 4.3.13(a)(ii) if it is satisfied that it would operate unfairly in a particular case, or in the instance of contrived arrangements.

4.3.14 *Incapacity to pay*

An employer in a particular redundancy case may make application to the Commission to have the general severance pay prescription amended on the basis of the employer's incapacity to pay.

4.4 **Casual employment**

Casual employees shall be paid at an hourly rate one and a-quarter times the hourly rates fixed herein for the different classes of work, such hourly rates to be determined by dividing the weekly wage by the number of ordinary working hours.

Casual employees shall be paid within 30 minutes of dismissal, otherwise full rates shall be paid for the whole time the employee is kept waiting.

4.5 **Two or more classes of work**

When any employee on any one day performs 2 or more classes of work for which a differential rate is fixed by this Award, they shall be paid in respect of the whole time occupied in work on that day at the highest rate fixed herein in respect of the different classes of work.

4.6 **Incidental or peripheral tasks**

4.6.1 An employer may direct an employee to carry out such duties as are reasonably within the limits of the employee's skill, competence and training.

4.6.2 An employer may direct an employee to carry out such duties and use such tools and equipment as may be required provided that the employee has been properly trained in the use of such tools and equipment (where relevant).

4.6.3 Any direction issued by an employer pursuant to clauses 4.6.1 and 4.6.2 shall be consistent with the employer's responsibilities to provide a safe and healthy working environment.

4.7 **Anti-discrimination**

4.7.1 It is the intention of the parties to this Award to prevent and eliminate discrimination, as defined by the *Anti-Discrimination Act 1991* and the *Industrial Relations Act 1999* as amended from time to time, which includes:

- (a) discrimination on the basis of sex, marital status, family responsibilities, pregnancy, parental status, age, race, impairment, religion, political belief or activity, trade union activity, lawful sexual activity and association with, or relation to, a person identified on the basis of any of the above attributes;
- (b) sexual harassment; and
- (c) racial and religious vilification.

4.7.2 Accordingly, in fulfilling their obligations under the grievance and dispute settling procedure in clause 3.2, the parties to this Award must take reasonable steps to ensure that neither the Award provisions nor their operation are directly or indirectly discriminatory in their effects.

4.7.3 Under the *Anti-Discrimination Act 1991* it is unlawful to victimise an employee because the employee has made or may make or has been involved in a complaint of unlawful discrimination or harassment.

4.7.4 Nothing in clause 4.7 is to be taken to affect:

- (a) any different treatment (or treatment having different outcomes) which is specifically exempted under the *Anti-Discrimination Act 1991*;
- (b) an employee, employer or registered organisation, pursuing matters of discrimination, including by application to the Human Rights and Equal Opportunity Commission/Anti-Discrimination Commission Queensland.

PART 5 - WAGES AND WAGE RELATED MATTERS

5.1 **Classification or re-classification**

5.1.1 Classification or re-classification of an employee into one of the levels by the employer is to be achieved by reference to the classification definition as set out in this Award. The classification definitions refer to the characteristics and non-exhaustive typical duties/skills to provide a guide to determining an employee's classification level. The key issue to be looked at in properly classifying or re-classifying an employee is the level of initiative, responsibility, accountability, competency and skill the employee is required to exercise in the work they have to perform with the parameters of the characteristics and not the duties they perform per se. For instance, in the typical duties and skills referring to the training in Levels 2, 3 and 4 there is little differentiation needed between the levels except that a higher level of skills must be utilised. Hence the allocation of any employee's classification level must be determined in light of the characteristics. The Gas Corporation of Queensland, in consultation with the employee, is to allocate each employee into one of the levels of the new Award. The parties have agreed that the re-classifying of all employees should be completed within one month of the Commission's ratification of this classification structure.

5.2 Definition of classifications

Employees shall be graded at a level in accordance with the following characteristics:

5.2.1 Clerks

(a) Level 1:

- (i) Employees may include the initial recruit who may have limited relevant experience. Initially, work is performed under close direction using established practices, procedures and instructions. Later, work is likely to be performed under routine supervision with intermittent checking.
- (ii) Such employees perform routine clerical and office functions requiring an understanding of clear, straightforward rules or procedures. Problems can usually be solved by references to established practices, procedures and instructions.
- (iii) Employees at this level are responsible and accountable for their own work within established routines, methods and procedures and the less experienced employee's work may be subject to checking at all stages. The more experienced employee may be required to give assistance to less experienced employees of the same classification.

(b) Level 2 must complete all Level 1 skills.

- (i) This level caters for the employees who have had sufficient experience and/or training to enable them to carry out their assigned duties under limited supervision.
- (ii) Employees at this level are responsible and accountable for their own work with checking related to overall progress. In some situations, detailed instructions may be necessary. Employees are required to exercise judgement and initiative within a broad range of their skills and knowledge.
- (iii) The work of these employees may be subject to final checking as required progress checking. Such employees may be required to check the work and/or provide guidance to other employees at a lower level and/or provide assistance to less experienced employees at the same level.

(c) Level 3 employees must complete all Level 2 skills plus training, average reconciliations, bookkeeping, spreadsheet design and problem solving.

(d) Level 4 employees must be able to complete all Level 3 tasks.

- (i) Employees at this level have achieved a standard to be able to perform specialised or non-routine tasks or features of the work.
- (ii) Work is likely to be without supervision with general guidance on progress and outcomes sought and involves the application of knowledge with depth in some areas and a broad range of skills. Initiative, discretion and judgement are required in carrying out assigned duties.
- (iii) Such employees may be required to give assistance and/or guidance (including guidance in relation to quality of work and which may require some allocation of duties to employees in Level 1, 2 and 3, and would be able to train such employees by means of personal instruction and demonstration).

(d) Level 5 employees must obtain all Level 4 skills plus people management, emergency control, fully literate responses, senior relief capability and be able to complete profit and loss statements.

- (e) Level 6 employees will have achieved a level of organisation or industry specific knowledge sufficient for them to give independent advice and/or information to the organisation and clients in relation to specific areas of their responsibility.
 - (i) Whilst not a pre-requisite, a feature of this level is responsibility for supervision of employees in lower levels in terms of co-ordinating work flow, checking progress and resolving problems.
 - (ii) They exercise initiative, discretion and judgement regularly in the performance of their duties. They are able to train employees in Level 2 to 5 by personal instruction and demonstration.
 - (iii) In addition, they should be able to assist in budgeting and have maturity, experience and dedication.
- (f) Level 7 employees must have all Level 6 skills plus experience in Departmental Management Resource allocation.
- (g) Level 8 employees must have all Level 7 employee skills in addition employees at this level are subject to broad guidance or direction and would report to more senior staff as required.

Provided however, in cases of accident, in order to receive payment for the above the employee shall provide reasonable proof that they were unable to attend for duty on account of such incapacity or illness:

Provided further that it shall not be necessary for an employee to produce such a certificate if their absence from work on account of illness does not exceed 2 days.

7.3.3 Sick leave shall be cumulative, but unless the employer and employee otherwise agree, no employee shall be entitled to receive and no employer shall be bound to make, payment for more than 13 weeks' absence from work through illness in any one year.

7.3.4 The continuity of employment of an employee with an employer for sick leave accumulation purposes shall be deemed to be not broken by any of the following:

7.3.6 Where a working hours agreement is entered into pursuant to the proviso to clause 6.1.1(a), (b) and (c) (Hours), calculation of entitlements to sick leave of employees shall be in hours as provided for in such agreements.

Note: An employee's entitlement to sick leave in accordance with clauses 7.3.1 and 7.3.2 shall not be reduced as a consequence of the operation of clause 7.3.6.

7.3.7 The parties agree to the following administrative procedure to monitor sick leave usage:

The employers and the Union recognise that abuse of sick leave constitutes a significant industrial relations issue and cost overhead, and in this agreement recognise that both the Union and employers will collaborate on reducing its abuse, and agree to a range of initiatives to examine trends and causes.

The parties further recognise that sick leave is unlike annual or long service leave in that sick leave is conditional upon an employee being ill or injured to the point of being unfit for duty. It is an insurance to protect the employee and family against hardship should they be unable to continue in their normal occupational when injured or ill.

As one measure only, the parties agree to implement the following procedure. This procedure is designed to equitably scrutinise sick leave usage by employees:

(a) At the end of each 3 monthly period, the responsible officer will review attendance of employees' records who have been absent from work for more than 3 days on uncertified sick leave.

(b) Such officer or nominated delegate will then have the matter examined in the following manner:

- (i) Check if there is an unusual pattern of sick leave.
- (ii) Check with the employee regarding any personal problems or situations that may be effecting the employee.
- (iii) If the results of 2 consecutive periods show possible unsatisfactory attendance and reasons for absence, then the following actions should be taken:

(A) Formally notify the employee of a forthcoming interview between the responsible officer, or their nominated delegate, in the presence of their supervisor and notify the employee they may have a Union representative present if that employee so requests.

If the discussion in respect to the absences does not provide satisfactory reason for the absences, then a letter is to be sent to the employee stating management's assessment and the intended procedure to be followed in future. The employee will be entitled to have filed their explanation.

(B) If a similar pattern is observed in the next period, the employee is again interviewed, as in clause 7.3.7(b)(iii)(A), and if the interview results in unsatisfactory reasons again being given, then a second letter is to be sent to the employee, also indicating proof of illness or a certificate may be required for any absence for the next 6 months.

(C) If the above action still results in further substantiated unsatisfactory attendance at work, then the employee may face disciplinary action.

7.3.8 The above procedure does not operate to withdraw the employer's right to take termination procedures or other disciplinary action against any employee if that employee has been filling out a sick leave application form and claiming sick leave pay when that person was not actually sick.

7.3.9 Similarly, the above procedures do not prejudice the Union's right to take the matter to the Commission where the employee is dismissed for alleged unsatisfactory attendance.

7.3.10 The parties agree to the establishment of a Union/Employer committee to examine sick leave statistics and reasons therefore and to develop positive mechanisms to reduce any abuse of sick leave.

PART 7 - LEAVE OF ABSENCE AND PUBLIC HOLIDAYS

7.1 Annual leave

7.1.1 Every employee (other than a casual employee) covered by this Appendix shall at the end of each year or employment be entitled to annual leave on full pay as follows:

- (a) not less than 5 weeks if employed on shift work where 3 shifts per day are worked over a period of 7 days per week;
- (b) not less than 4 weeks in any other case.

7.1.2 Such annual leave shall be exclusive of any gazetted public holiday which may occur during the period of that annual leave and (subject to clause 7.1.3) shall be paid for by the employer in advance:

- (a) In the case of any and every employee in receipt immediately prior that leave of ordinary pay at a rate in excess of the ordinary rate payable under this Appendix, at the excess rate; and
- (b) In every other case, at the ordinary rate payable to the employee concerned immediately prior to that leave under this Appendix.

7.1.3 If the employment of any employee is terminated at the expiration of a full year of employment the employer shall be deemed to have given the leave to the employee from the date of the termination of the employment and shall forthwith pay to the employee in addition to all other amounts due to the employee, the employee's pay, calculated in accordance with clause 7.1.5, for 4 or 5 weeks as the case may be and also the employee's ordinary pay for any gazetted public holiday occurring during such period of 4 or 5 weeks.

7.1.4 If the employment of any employee is terminated before the expiration of full year of employment, such employee shall be paid, in addition to all other amounts due to the employee, an amount equal to 1/9th of their pay for the period of their employment if they are an employee to whom clause 7.1.1(a) applies and 1/12th of their pay for the period of their employment if they are an employee to whom clause 7.1.1(b) applies, calculated in accordance with clause 7.1.5.

7.1.5 Calculation of annual leave pay

In respect to annual leave entitlements to which clause 7.1 applies, annual leave pay (including any proportionate payments) shall be calculated as follows:

- (a) Shift workers - Subject to clause 7.1.5(b) the rate of wage to be paid to a shift worker shall be rate payable to work in ordinary time according to the employee's roster or projected roster, including Saturday, Sunday or public holiday shifts.
- (b) All employees - Subject to the provisions of clause 7.1.5(c), in no case shall the payment by an employer to an employee be less than the sum of the following amounts:
 - (i) the employee's ordinary wage rate as prescribed by the Appendix for the period of the annual leave (excluding shift premiums and week-end penalty rates);
 - (ii) a further amount calculated at the rate of 17 1/2% of the amount referred to in clause 7.1.5(b)(i).
- (c) Clause 7.1.5(c) does not apply to any period or periods of annual leave exceeding:
 - (i) 5 weeks in any other case of employees employed in a calling where 3 shifts per day are worked over a period of 7 days per week; or
 - (ii) 4 weeks in any other case.

7.1.6 Reasonable notice of the commencement of annual leave shall be given to the employee.

7.1.7 Except as herein before provided, it shall not be lawful for the employer to give or for any employee to receive payment in lieu of annual leave.

7.2 Sick leave

7.2.1 Subject to the provisions of clause 7.2, every employee shall become entitled to not less than 10 days' sick leave for each completed year of employment. Sick leave shall be cumulative.

7.2.2 Moreover, as respects any completed period of employment of less than one year with the employer after that date, an employee shall become entitled to one day's sick leave for each 5 weeks of such period.

7.2.3 Every employee absent from work through illness on the production of a certificate from a registered medical practitioner specifying the nature of the illness of the employee and the period of approximate period during which the employee will be unable to work, or of other evidence of illness to the satisfaction of the employer, and subject to the employee having promptly notified the employer of their illness and of the approximate period aforesaid shall, subject as herein provided, be entitled to payment in full for all time so absent from work:

Provided that an employee shall inform the employer of such employee's inability to attend for duty as soon as practicable on the day or shift, and as far as possible, state the nature of the injury or illness and the estimated duration of absence:

Provided further that where an employee does not notify the employer or the employee's inability to attend for duty, if possible prior to the commencement of the day or shift, the employee shall not be entitled to payment for the first 8 hours of such absence:

Provided however, in cases of accident, in order to receive payment for the above the employee shall provide reasonable proof that they were unable to attend for duty on account of such incapacity of illness:

Provided further that it shall not be necessary for an employee to produce such a certificate if their absence from work on account of illness does not exceed 2 days.

7.2.4 Sick leave shall be cumulative, but unless the employer and employee otherwise agree, no employee shall be entitled to receive and no employer shall be bound to make, payment for more than 13 weeks' absence from work through illness in any one year.

7.2.5 The continuity of employment of an employee with an employer for sick leave accumulation purposes shall be deemed to be not broken by any of the following:

(a) Absence from work on leave granted by the employer;

(b) The employee having been dismissed or stood down by the employer, or the employee having themselves terminated their employment with the employer, for any period not exceeding 3 months:

Provided that employee shall have been re-employed by that employer.

7.2.6 The period during which the employment of the employee with the employer shall have been interrupted or determined in any of the circumstances mentioned in clause 7.2.5 shall not be taken into account in calculating the period of employment of employee with the employer.

7.2.7 Where a working hours agreement is entered into pursuant to the provision in 6.1.1 and/or 6.1.3 (Hours), calculation of entitlements to sick leave of employees shall be in hours as provided for in such agreements.

7.2.8 Procedure for monitoring sick leave usage

The employer and the Union recognise that abuse or sick leave constitutes a significant industrial relations issue and cost overhead, and in this Appendix recognise that both the Union and employer will collaborate on reducing its abuse, and agree to a range of initiatives to examine trends and causes.

The employer and the Union further recognise that sick leave is unlike annual or long service leave in that sick leave is conditional upon an employee being ill or injured to the point of being unfit for duty. It is an insurance to protect the employee and family against hardship should they be unable to continue in their normal occupation when injured or ill.

As one measure only, the employer and the Union agree to implement the following procedure. This procedure is designed to equitably scrutinise sick leave usage by employees:

(a) At the end of each 3 monthly period, the responsible officer will review attendance of employees' records who have been absent from work for more than 3 days on uncertified sick leave.

(b) Such officer or nominated delegate will then have the matter examined in the following manner:

- (i) check if there is any unusual pattern of sick leave;
- (ii) if the employee is agreeable to discuss any personal problems or situations that may be affecting the employee;
- (iii) if the results of 2 consecutive periods show possible unsatisfactory attendance and reasons for absence, then the following actions should be taken:

(A) Formally notify the employee of a forthcoming interview between the responsible officer or nominated delegate and the employee. The interview will be held in the presence of the employee's supervisor and the employee may have a representative of the union present if the employee so requests.

If the discussion in respect to the absences does not provide satisfactory reason for the absences, then a letter is to be sent to the employee stating management's assessment and the intended procedure to be followed in future. The employee will be entitled to have filed their explanation.

(B) If a similar pattern is observed in the next period, the employee is again interviewed (as in clause 76.2.8(b)(iii)(A) above) and if the interview results in unsatisfactory reasons again being given, then a second letter is to be sent to the employee, also indicating proof of illness or a certificate may be required for any absence for the next 6 months.

(C) If the above action still results in further sustained unsatisfactory attendance at work, then the employee may face disciplinary action.

7.2.9 The above procedure does not operate to withdraw the employer's right to take termination procedures or other disciplinary action against any employee if that employee has been filling out sick leave application form and claim in sick leave pay when that person was not actually sick.

7.2.10 Similarly, the above procedures do not prejudice the Union's right to take the matter to the Commission where the employee is dismissed for alleged unsatisfactory attendance.

7.2.11 The employer and the Union agree to the establishment of a union/employer committee to examine sick leave statistics and reasons therefore and to develop positive mechanism to reduce any abuse of sick leave.

Note: An employee's entitlement to sick leave in accordance with clause 7.2.1 shall not be reduced as a consequence of the operation of clause 7.2.

7.3 Public holidays

3.1 Consultation

- 3.1.1 The parties to this Appendix are committed to co-operating positively to increase the efficiency, productivity and competitiveness of the gas industry covered by this Appendix and to enhance the career opportunities and job security of the employees.
- 3.1.2 The Company, the employees and the Union shall establish a consultative mechanism and procedures appropriate to the size, structure and needs of the Company. Measures raised by the Company, employees or Union for consideration consistent with the objectives of clause 3.1.1 shall be processed through that consultative mechanism and procedures.

3.2 Grievance and dispute settling procedure

The matters to be dealt with in this procedure shall include all grievances or disputes between an employee and an employer in respect to any industrial matter and all other matters that the parties agree on and are specified herein. Such procedures shall apply to a single employee or to any number of employees.

- 3.2.1 In the event of an employee having a grievance or dispute the employee shall in the first instance attempt to resolve the matter with the immediate supervisor, who shall respond to such request as soon as reasonably practicable under the circumstances. Where the dispute concerns alleged actions of the immediate supervisor the employee(s) may bypass this level in the procedure.
- 3.2.2 If the grievance or dispute is not resolved under clause 3.2.1, the employee or the employee's representative may refer the matter to the next higher level of management for discussion. Such discussion should, if possible, take place within 24 hours after the request by the employee or the employee's representative.
- 3.2.3 If the grievance involves allegations of unlawful discrimination by a supervisor the employee may commence the grievance resolution process by reporting the allegations to the next level of management beyond that of the supervisor concerned. If there is no level of management beyond that involved in the allegation the employee may proceed directly to the process outlined at clause 3.2.5.
- 3.2.4 If the grievance or dispute is still unresolved after discussions mentioned in clause 3.2.2, the matter shall, in the case of a member of a Union, be reported to the relevant officer of that Union and the senior management of the employer or the employer's nominated industrial representative. - 3.2.6 Whilst all of the above procedure is being followed, normal work shall continue except in the case of a genuine safety issue.

 - (b) based on the operational requirements of the employer's undertaking, establishment or service.
- 4.1.2 If an employee is absent without permission on the working day preceding or the working day following a Gazetted public holiday the employee shall not be entitled to payment for such holiday nor the day or days on which the employee so absents themselves.

- (c) racial and religious vilification.

4.4.2 Accordingly, in fulfilling their obligations under the grievance and dispute settling procedure in clause 3.2, the parties to this Award must take reasonable steps to ensure that neither the Award provisions nor their operation are directly or indirectly discriminatory in their effects.

4.4.3 Under the *Anti-Discrimination Act 1991* it is unlawful to victimise an employee because the employee has made or may make or has been involved in a complaint of unlawful discrimination or harassment.

4.4.4 Nothing in clause 4.4 is to be taken to affect:

- (a) any different treatment (or treatment having different outcomes) which is specifically exempted under the *Anti-Discrimination Act 1991*;

Provided that employment may be terminated by part of the period of notice specified and part payment in lieu thereof.

- (d) In calculating any payment in lieu of notice the minimum compensation payable to an employee will be at least the total of the amounts the employer would have been liable to pay the employee if the employee's employment had continued until the end of the required notice period. The total must be worked out on the basis of:

- (i) the ordinary working hours to be worked by the employee; and

- (ii) the amounts payable to the employee for the hours including for example allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.
- (e) The period of notice in this clause shall not apply in the case of dismissal for misconduct or other grounds that justify instant dismissal, or in the case of a casual employee, or an employee engaged by the hour or day, or an employee engaged for a specific period or tasks.

4.5.3 *Notice of termination by employee*

The notice of termination required to be given by an employee shall be the same as that required of an employer, save and except that there shall be no additional notice based on the age of the employee concerned. If an employee fails to give notice, the employer shall have the right to withhold monies due to the employee with a maximum amount equal to the amount the employee would have received under clause 4.5.2.

4.5.4 *Time off during notice period*

During the period of notice of termination given by the employer, an employee shall be allowed up to one day's time off without loss of pay for the purpose of seeking other employment. This time off shall be taken at times that are convenient to the employee after consultation with the employer.

4.6 **Introduction of changes**

4.6.1 *Employer's duty to notify*

- (a) Where an employer decides to introduce changes in production, program, organisation, structure or technology, that are likely to have significant effects on employees, the employer shall notify the employees who may be affected by the proposed changes and, where relevant, their Union or Unions.

- (a) The employer shall consult the employees affected and, where relevant, their Union or Unions about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, the employer intends to carry out the dismissals), and the ways to avoid or minimise the effects of the changes (e.g. by finding alternative employment).
- (b) The consultation must occur as soon as practicable after making the decision referred to in clause 4.6.1.
- (c) For the purpose of such consultation the employer shall provide in writing to the employees concerned and, where relevant, their union or unions, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees, provided that any employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.7 **Redundancy**

4.7.1 *Consultation before terminations*

- (a) Where an employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour, and that decision may lead to termination of employment, the employer shall consult the employee directly affected and where relevant, their Union or Unions.
- (b) The consultation shall take place as soon as it is practicable after the employer has made a decision, which will invoke the provisions of clause 4.7.1(a) and shall cover the reasons for the proposed terminations, measures to avoid or minimise the terminations and/or their adverse effects on the employees concerned.
- (c) For the purpose of the consultation the employer shall, as soon as practicable, provide in writing to the employees concerned and, where relevant, their Union or Unions, all relevant information about the proposed

terminations including the reasons for the proposed terminations, the number and categories of employees likely to be affected, the number of workers normally employed and the period over which the terminations are likely to be carried out:

4.7.2 *Transfer to lower paid duties*

- (a) Where an employee is transferred to lower paid duties for reasons set out in clause 4.7.1 the employee shall be entitled to the same period of notice of transfer as the employee would have been entitled to if the employee's employment had been terminated under clause 4.5.
- (b) The employer may, at the employer's option, make payment in lieu thereof of an amount equal to the difference between the former amounts the employer would have been liable to pay and the new lower amount the employer is liable to pay the employee for the number of weeks of notice still owing.
- (c) The amounts must be worked out on the basis of:
 - (i) the ordinary working hours to be worked by the employee; and
 - (ii) the amounts payable to the employee for the hours including for example, allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.

 - (i) the continuity of the employment of the employee shall be deemed not to have been broken by reason of such transmission; and

The ordinary working hours on any one day shall not exceed 10 hours in duration. Where more than 10 ordinary hours are worked, that arrangement shall be subject to written agreement between the Company and the Union

These ordinary working hours, shall be worked between the spread of hours 6 a.m. and 6 p.m. on any days from Monday to Saturday inclusive, although no employee shall be required to work on any more than 5 out of 6 days.

Employees shall be allowed an unpaid meal break of not less than one-half hour and not more than one hour between the third and seventh hour from the commencement of work.

At least 7 days prior to the end of rosters, the Company will again seek volunteers for the next 4 week roster. Employees are not to be pressured into participating in these rosters, however, those employees who do participate are to commit themselves for the full 4 week period within each roster.

Employees will work a maximum of 4 weeks on this shift and then revert back to a day worker.

Employees shall be allowed a paid meal break during this shift of one half hour at a time to suit the company and employee.

6.1.8 The company shall keep a register of the daily hours worked for each employee and this record shall be accessible to all concerned employees and authorised officers of the Union and the appropriate inspectorate.

All written notices of change in working hours or written agreements shall be held in such register.

6.2 Overtime

6.2.1 Subject to approval by the company, all time worked by employees, except as otherwise provided, in excess of the ordinary working hours or before the ordinary starting time or after the ordinary ceasing time shall be deemed overtime and shall be paid for at the rate of time and a-half for the first 3 hours and double time thereafter.

Overtime shall be calculated to the nearest quarter hour.

However, an employee may be required to attend to any additional calls which arise during the initial call back. Where this occurs it shall be included in the payment for the initial call back unless the employee works beyond 4 hours in which case payment shall be made until completion of duty.

Clause 6.2.5 shall not apply in cases where it is customary for an employee to return to the company's premises to perform a specific job outside their ordinary working hours, or where the overtime is continuous (subject to a reasonable meal break) with the completion or commencement of ordinary working time.

6.2.6 All work done during the recognised meal period shall be paid for at the rate of double time, such payment to continue until a meal period has commenced. Such meal period shall be of the prescribed duration.

At the expiration of every 4 hours from the end of the break the employee shall be allowed one half hour rest break in the Company's time.

If on the instructions of the Company such an employee resumes or continues work without having had such 10 consecutive hours off duty, they shall be paid double rates until the employee is released from duty for such period and the employee shall then be entitled to be absent until the employee has had 10 consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

Provided that where an employee is recalled to work overtime and works not more than 2 hours' overtime clause 6.2.9 shall not apply.

6.3 **Rest pauses**

The working day shall be divided into 3 distinct working periods and every employee shall be entitled to a 20 minute pause in the company's time preferably after the expiration of the first working period. This arrangement may be changed by agreement between the company and the employee.

PART 7 - LEAVE OF ABSENCE AND PUBLIC HOLIDAYS

7.1 **Annual leave**

7.1.1 Every employee (other than a casual employee) covered by this Appendix shall at the end of each year of employment be entitled to annual leave on full pay of not less than 4 weeks.

7.1.2 Such annual leave shall be exclusive of any public holiday which may occur during the period of that annual leave and (subject to clause 7.1.5) shall be paid for by the Company in advance (subject to clause 5.1)) at the classification rate being paid to the employee prior to that leave.

7.1.3 If the employment of any employee is terminated at the expiration of a full year of employment the Company shall be deemed to have given the leave to the employee from the date of the termination of the employment and shall forthwith pay to the employee in addition to all other amounts due to the employee, the employee's pay calculated in accordance with clause 7.1.5 and also the employee's base rate pay for any public holiday occurring

during such period.

- 7.1.4 If the employment of any employee is terminated before the expiration of a full year of employment, such employee shall be paid, in addition to all other amounts due to the employee, an amount equal to 1/12th of their pay for the period of their employment calculated in accordance with clause 7.1.5.

7.1.5 Calculation of annual leave pay

In respect to annual leave entitlements to which clause 7.1 applies, annual leave pay (including any proportionate payments) shall be calculated (subject to clause 5.1) as follows:

- (a) The employee's base wage rate as prescribed by the Appendix for the period of the annual leave; and
- (b) A further amount calculated at the rate of 17 1/2% of the amount referred to in clause 7.1.5(a).

- 7.1.6 Reasonable notice of the commencement of annual leave shall be given to the employee.

- 7.1.7 Except as hereinbefore provided, it shall not be lawful for the Company to give or for any employee to receive payment in lieu of annual leave.

7.2 Sick leave

- 7.2.1 Every employee shall be entitled to 7.6 hours' sick leave for each 190 hours completed period of employment, to a maximum of 76 hours' sick leave for each completed year of employment.

- 7.2.2 Every employee absent from work through illness, shall, on the production of a certificate from a duly qualified medical practitioner certifying the inability to attend work of the employee and the period or approximate period during which the employee will be unable to work (or of other evidence of illness to the satisfaction of the Company) and subject to the Company being promptly notified, become entitled to payment in full for all time so absent from work:

Provided the employee shall inform the Company of such employee's inability to attend for duty prior to the commencement of the day or shift, and as far as possible, state the nature of the injury or illness and the estimated duration of absence:

Provided further that where an employee does not notify the Company of the employee's inability to attend for duty, if possible prior to the commencement of the day or shift, without a reasonable excuse, the employee shall not be entitled to payment for the first day of such absence, provided, however, in cases of accident, to receive payment for the above the employee shall provide reasonable proof that the employee was unable to attend for duty on account of such incapacity or illness:

Provided further that it shall not be necessary for an employee to produce such a certificate if their absence from work on account of illness does not exceed 2 days.

- 7.2.3 Sick leave shall be cumulative, but unless the Company and employee otherwise agree, no employee shall be entitled to receive and the Company shall not be bound to make, payment for more than 13 weeks' absence from work through illness in any one year.

7.2.4 Procedure for monitoring sick leave usage

The company and the Union(s) recognise that abuse of sick leave constitutes a significant industrial relations issue and cost overhead, and in this Appendix recognise that both the company and the Union(s) will collaborate on reducing its incidence, and agree to a range of initiatives to examine trends and causes.

The parties recognise that sick leave is unlike annual or long service leave in that sick leave is conditional upon an employee being ill or injured to the point of being unfit for duty.

It is an insurance to protect the employee and family against hardship should the employee be unable to continue in their normal occupation when injured or ill.

As one measure only, the parties agree to implement the following procedure:

- (a) This procedure is designed to equitably scrutinise sick leave usage by employees.
- (b) At the end of each 3 monthly period, the responsible officer will review attendance of employees' records who have been absent from work for more than 3 days on sick leave.
- (c) Such officer or nominated delegate will then have the matter examined in the following manner:

- (i) Check the pattern of leave.
 - (ii) Check if this pattern is unusual for the employee.
 - (iii) Check with the employee regarding any personal problems or situations which may be affecting the employee.
 - (iv) The results of the above checks should be recorded for future information.
- (d) If the results of 2 consecutive periods show possible unsatisfactory attendance and reasons for absence, then the following actions should be taken:
- (i) Formally notify the employee of a forthcoming interview between the responsible officer, or their nominated delegate, in the presence of the employee's supervisor and notify the employee they may have a Union representative present if that employee so requests.
 - (ii) If the discussion in respect to the absences does not provide satisfactory reason for the absences then a letter is to be sent to the employee, stating management's assessment and the intended procedure to be followed in future. The employee will be entitled to have filed their explanation.
 - (iii) If a similar pattern is observed in the next period, the employee is again interviewed (as in clause 7.2.4(d)(i) and (ii)), and if the interview results in unsatisfactory reasons again being given, then a second letter is to be sent to the employee, indicating proof of illness may be required for any further absence for the next 6 months.
 - (iv) If the above action still results in further substantiated unsatisfactory attendance at work then the employee may face disciplinary action.

7.2.5 The above procedure does not operate to withdraw the Company's right to take termination procedures or other disciplinary action against any employee if that employee has been guilty of filling out a false sick leave application form and claim in sick leave pay when that person was not actually sick.

Similarly, the above procedures do not repudiate a Union's right to take the matter to the appropriate Tribunal where the employee is dismissed for alleged unsatisfactory attendance.

7.2.6 The continuity of employment of an employee with the Company for sick leave accumulation purposes shall be deemed to be not broken by any of the following:

- (a) Absence from work on leave granted by the Company;
- (b) The employee having been dismissed or stood down by the Company, or the employee having themselves terminated their employment with the Company, for a period not exceeding 3 months: Provided that the employee shall have been re-employed by the Company.

7.2.7 The period during which the employment of the employee with the Company shall have been interrupted or determined in any of the circumstance mentioned in clause 7.2.6 shall not be taken into account when calculating the period of employment of the employee with the Company.

7.2.8 The parties agree to monitor the introduction of the above procedures in conjunction with the Joint Consultative Committee.

Proof of such death is to be furnished by the employee to the satisfaction of the employer.

7.3.2 Long-term casual employees

- (a) A long-term casual employee is entitled to at least 2 days unpaid bereavement leave on the death of a member of the person's immediate family or household in Australia.

In a district in which a holiday is not appointed for an annual agricultural, horticultural or industrial show, the employee and employer must agree on an ordinary working day that is to be treated as a show holiday for all purposes.

7.6.4 Double time and a-half

For the purposes of clause 7.6 "double time and a-half" means one and a-half day's wages in addition to the employee's ordinary time rate of pay or *pro rata* if there is more or less than a day.

Any employee, with 2 weeks or more of continuous service, whose employment has been terminated by the employer or who has been stood down by the employer during the month of December, and who is re-employed in January of the following year, shall be entitled to payment at the ordinary rate payable to that employee when they were dismissed or stood down, for any one or more of the following holidays, namely, Christmas Day, Boxing Day and New Year's Day.
