The percentage relativities column relates to percentages applying before the application of the 3 \$8.00 arbitrated Safety Net Adjustments made in accordance with the February 1994 Review of Wage Fixing Principles and the December 1994 and October 1995 State Wage Case decisions.

NOTE: The rates of pay in this Award are intended to include the arbitrated wage adjustment payable under the 1 September 2009 Declaration of General Ruling and earlier Safety Net Adjustments and arbitrated wage adjustments. This arbitrated wage adjustment may be offset against any equivalent amount in rates of pay received by employees whose wages and conditions of employment are regulated by this Award which are above the wage rates prescribed in the Award. Such payments include wages payable pursuant to certified agreements, currently operating enterprise flexibility agreements, Queensland workplace agreements, award amendments to give effect to enterprise agreements and overaward arrangements. Absorption which is contrary to the terms of an agreement is not required.

Increases made under previous State Wage Cases or under the current Statement of Principles, excepting those resulting from enterprise agreements, are not to be used to offset arbitrated wage adjustments.
