PART 3 - COMMUNICATION, CONSULTATION AND DISPUTE RESOLUTION

3.1 Grievance and dispute settling procedure

The matters to be dealt with in this procedure are to include all grievances or disputes between an employee and an employer in respect to any industrial matter and all other matters that the parties agree on and are specified herein. Such procedures are to apply to a single employee or to any numbers of employees.

Grievances and disputes in relation to workload management will be addressed in accordance with clause 4.10 of this Award.

The procedure is to promote the prompt resolution of grievances by consultation, cooperation and discussion and to reduce the level of disputation and to promote efficiency, effectiveness and equity in the workplace.

This procedure applies to all industrial matters within the meaning of the Act.

3.1.1 *Stage 1*

In the first instance the employee will inform their immediate supervisor of the existence of the grievance and they will attempt to resolve the grievance. It is recognised that an employee may exercise the right to consult such employee's union representative during the course of this stage.

3.1.2 *Stage 2*

If the grievance remains unresolved, the employee will refer the grievance to the next in line management (the manager). The manager will consult with the parties. The employee may exercise the right to consult or be represented by such employee's union representative during the course of this stage.

3.1.3 *Stage 3*

If the grievance is still unresolved, the manager will advise the Chief Executive and the aggrieved employee may submit the matter in writing to the Chief Executive of the organisation if the employee wishes to pursue the matter further. If desired by either party, the matter is to also be notified to the union.

3.1.4 The Chief Executive will ensure that:

- (a) the aggrieved employee or the employee's union representative has the opportunity to present all aspects of the grievance; and
- (b) the grievance will be investigated in a thorough, fair and impartial manner.

3.1.5 The Chief Executive may appoint another person to investigate the grievance. The Chief Executive may consult with the union in appointing an investigating person. The appointed person must be someone other than the employee's supervisor or manager.

3.1.6 If the matter is notified to the union, the investigating officer is to consult with the union during the course of the investigation. The Chief Executive is to advise the employee initiating the grievance, the employee's union representative and any other employee directly concerned about the determinations made as a result of the investigation of the grievance.

3.1.7 The Chief Executive may delegate such Chief Executive's grievance resolution powers under this clause to a nominated representative.

3.1.8 The procedure is to be completed in accordance with the following time frames unless the parties agree otherwise:

(a) Stage 1

Discussions should take place between the employee and the employee's supervisor within 24 hours and the procedure will not extend beyond 7 days.

Not to exceed 7 days.

Not to exceed 14 days.

3.1.9 If the grievance is still unresolved following Stage 3, the matter may be referred to the Public Service Commissioner or the Commission by the employee or the union as appropriate, in accordance with the respective jurisdictions of the tribunals.

3.1.10 Subject to legislation, while the grievance procedure is being followed, normal work is to continue, except in the case of a genuine safety issue. The *status quo* existing before the emergence of a grievance or dispute is to continue while the procedure is being followed. No party will be prejudiced as to the final settlement by the continuation of work.

4.7.3 In calculating any payment in lieu of notice, the minimum compensation payable to an employee will be at least the total of the amounts the employer would have been liable to pay the employee if the employee's employment had continued until the end of the required notice period. The total must be worked out on the basis of:

(a) the ordinary working hours to be worked by the employee; and

(b) the amounts payable to the employee for the hours including for example allowances, loadings and penalties; and

- (a) The employer is to consult the employees affected and, where relevant, their union about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, the employer intends to carry out the dismissals), and the way to avoid or minimise the effects of the changes (for example, by finding alternative employment).
- (b) The consultation must occur as soon as practicable after making the decision referred to in clause 4.8.1.
- (c) For the purpose of the consultation, the employer is to provide in writing to the employees concerned, and where relevant, their union, all relevant information about the changes, including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees provided that any employer will not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.9 **Redundancy**

Employees of Queensland Health will receive the superior entitlements as contained in Queensland Health Human Resources Policy B36 Surplus Employees and Priority Placement Employees. Redundancy occurs where the employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour.

4.9.1 *Consultation before termination*

- (a) Where an employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour, and that decision may lead to termination of employment, the employer is to consult with the employees directly affected and, where relevant, their union.
- (b) The consultation is to take place as soon as it is practicable after the employer has made a definite decision that will invoke the provisions of clause 4.9.1(a), and is to outline the reasons for the proposed terminations, measures to avoid or minimise the terminations and/or their adverse effects on the employees concerned.
- (c) For the purpose of the consultation the employer is to, as soon as practicable, provide in writing to the employees concerned and, where relevant their union, all relevant information about the proposed

terminations including reasons for the proposed terminations, the number and categories of employees likely to be affected, the number of workers normally employed and the period over which the terminations are likely to be carried out, provided that the employer is to not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.9.2 *Transfer to lower paid duties*

- (a) Where an employee is transferred to lower paid duties for reasons set out in clause 4.9.1 the employee is entitled to the same period of notice of transfer as the employee would have been entitled to if the employee's employment had been terminated under clause 4.7.
- (b) The employer may, at the employer's option, make payment in lieu thereof of an amount equal to the difference between the former amounts the employer would have been liable to pay and the new lower amount the employer is liable to pay the employee for the number of weeks of notice still owing.
- (c) The amounts must be worked out on the basis of:
 - (i) the ordinary working hours to be worked by the employee;
 - (ii) the amounts payable to the employee for the hours including, for example, allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.

4.9.3 *Transmission of business*

- (a) Where a business is, whether before or after the date of insertion of this clause in the Award, transmitted from an employer (transmittor) to another employer (transmittee), and an employee who at the time of such transmission was an employee of the transmittor of the business, becomes an employee of the transmittee:
 - (i) The continuity of the employment of the employee must be deemed not to have been broken by reason of such transmission; and
 - (ii) The period of employment that the employee has had with the transmitter or any prior transmittor is to be deemed to be service of the employee with the transmittee.
- (b) In clause 4.9.3 (a), "business" includes trade, process, business or occupation and includes a part or subsidiary (which means a corporation that would be taken to be a subsidiary under the corporations law, whether or not the corporations law applies in the particular case) of any such business and "transmission" includes transfer, conveyance, assignment or succession whether by agreement or by operation of law and "transmitted" has a corresponding meaning.

4.9.4 *Time off during notice period*

- (a) Where a decision has been made to terminate an employee in the circumstances outlined in clause 4.9, the employee must be allowed up to one day's time off without loss of pay during each week of notice for the purpose of seeking other employment.
- (b) If the employee has been allowed paid leave for more than one day during the notice period for the purpose of seeking other employment, the employee, at the request of the employer, will be required to produce proof of attendance at an interview or the employee will not receive payment for the time absent. For this purpose a statutory declaration will be sufficient.

4.9.5 *Severance pay*

- (a) In addition to the period of notice prescribed for ordinary termination in clause 4.7.2, and subject to further order of the Commission, an employee whose employment is terminated for reasons set out in clause 4.9 is entitled to the following amounts of severance pay:

Period of continuous service	Severance pay (weeks' pay)

More than 10 years but not more than 11 years	14
More than 11 years but not more than 12 years	15
More than 12 years	16

- (b) "Weeks' pay" means the ordinary time rate of pay for the employee concerned. The following amounts are excluded from the calculation of the ordinary time rate of pay: overtime, penalty rates, disability allowances, shift allowances, special rates, fares and travelling time allowances, bonuses and any other ancillary payments.

4.9.6 *Superannuation benefits*

- (a) The employer may make an application to the Commission for relief from the obligation to make severance payments in circumstances where:
- (i) the employer has contributed to a superannuation scheme which provides a particular benefit to an employee in a redundancy situation; and
 - (ii) the particular benefit to the employee is over and above any benefit the employee might obtain from any legislative scheme providing for superannuation benefits (currently the federal Superannuation Guarantee levy) or an award based superannuation scheme.

4.9.7 *Employee leaving during notice*

- (a) An employee whose employment is terminated for reasons set out in clause 4.9, may terminate such employment during the period of notice, and, if so, is entitled to the same benefits and payments under this clause had such employee remained with the employer until the expiry of such notice, provided that in such circumstances the employee is not entitled to payment in lieu of notice.

4.9.8 *Alternative employment*

The employer, in a particular case, may make application to the Commission to have the general severance pay prescription amended if the employer obtains acceptable alternative employment for an employee.

4.9.9 *Employees with less than one year's service*

Clause 4.9 does not apply to employees with less than one year's continuous service and the general obligation on employers should be no more than to give relevant employees an indication of the impending redundancy at the first reasonable opportunity, and to take such steps as may be reasonable to facilitate the obtaining by the employees of suitable alternative employment.

4.9.10 *Employees exempted*

Clause 4.9 does not apply:

- (a) where employment is terminated as a consequence of misconduct on the part of the employee; or
- (b) to employees engaged for a specific period of time or for a specific task or task(s); or
- (c) to casual employees.

4.9.11 *Redundancy dispute procedure*

- (a) Clauses 4.9.11(b) and (c) impose additional obligations on an employer where an employer contemplates termination of employment due to redundancy and a dispute arises (a redundancy dispute). These additional obligations do not apply to employers who employ fewer than 15 employees.
- (b) Where a redundancy dispute arises and discussions occur in accordance with this clause the employer will, as early as possible, consult on measures taken to avert or to minimise any proposed redundancies and measures to mitigate the adverse affects of any proposed redundancies on the employees concerned.
- (c) Where a redundancy dispute arises, and if it has not already done so, an employer must provide affected employees and the relevant union or unions (if requested by an affected employee) in good time, with relevant information including:
- (i) the reasons for any proposed redundancy;

- (ii) the number and categories of workers likely to be affected; and
- (iii) the period over which any proposed redundancies are intended to be carried out.

4.9.12 *Notice to Centrelink*

Where a decision has been made to terminate employees in the circumstances outlined in clause 4.9, the employer shall notify Centrelink as soon as possible giving all relevant information about the proposed terminations, including a written statement of the reasons for the terminations, the number and categories of the employees likely to be affected, the number of workers normally employed and the period over which the terminations are intended to be carried out.

4.10 Workload management

4.10.1 The Business Planning Framework: a tool for nursing workload management (BPF), and any agreed variations, is the tool for managing nursing and midwifery resources and workload management. The parties also recognise that professional judgement is a valid criterion for deeming a definitive staffing level of nurses and midwives as being safe.

4.10.2 The business planning approach to nursing/midwifery resource management focuses on achieving a balance between service demand and the supply of nursing resources necessary to meet the identified demand.

4.10.3 The service profile will detail hours per patient day (or occasions of service where relevant) in each clinical unit and will be varied in accordance with changing acuity and activity. Notional, ward/unit based nurse:patient ratios will be defined. Patient safety and sustainable workloads will be the guiding principles in defining the nursing/midwifery hours required.

4.10.4 The BPF will be used daily to identify minimum, consistent and enforceable nursing/midwifery hours per patient day (or per occasion of service) for clinical units on a shift by shift basis.

4.10.5 A maximum number of available beds per clinical unit will be calculated by reference to the rostered productive hours and the Nursing Hours per Patient Day (NHPPD) for the clinical unit on any particular day.

4.10.6 Bed availability will be defined at the clinical unit level in accordance with the productive nursing hours available.

4.10.7 Any bed closure will occur within the context of the integrated bed management arrangements of the facility.

4.10.8 Training in the application of the BPF will be provided to develop specialists in the application of the tool across all facilities under the guidance of a dedicated project officer.

4.10.9 *Nursing Workload Committee*

Each District will establish a joint employer/union workloads committee (a Steering Committee or Nursing Consultative Forum can be agreed alternatives) to deal with issues of nursing/midwifery workload management. The committee or consultative forum will provide specialist advice, training and workload management review, in relation to the local application of the tool and with grievances or disputes relating to its application.

4.10.10 *Nursing workloads grievance procedure*

Any concern, grievance or dispute relating to nursing workload will be resolved by following the steps set out below. Any nurse/midwife, management or union representative may raise a grievance or dispute under this procedure.

(a) Step 1

If a concern or grievance is raised regarding a staffing issue it is to first be raised at ward/unit level with the Grade 7 nurse responsible for the purpose of ensuring that the BPF, a tool for nursing workload management, has been correctly applied. The discussion should take place within 24 hours.

(b) Step 2

If the grievance cannot be resolved at Step 1, the matter must be taken to the officer designated as the Nurse Executive (that is, Nursing Director - Nurse Grade 9 and above, depending on the nursing executive structure of the facility).

(c) Step 3

If the matter is still unable to be resolved at Step 2, it should be referred to the Workload Management Committee/Steering Committee/Nursing Consultative Forum for advice and recommendation. The matter should be referred to the next immediate meeting of the Committee/Forum. It would be expected that the Director of Nursing and the responsible union official would then confer on the recommendations, and that suitable action would be taken to resolve the grievance.

(d) Step 4

If the grievance cannot be resolved at Step 3, it will be referred to a specialist panel for the determination of an outcome. The specialist panel should be constituted and meet in a manner to most effectively and efficiently resolve the workload grievance. The specialist panel will be convened for the purpose and will include:

- (i) a nurse management nominee; and
- (ii) a union nominee.

Both the nurse management nominee and the union nominee must be a nurse trained in the application of the BPF.

(e) Step 5

If the grievance cannot be resolved at Step 4, either party may refer the matter to the Commission for its assistance which will include conciliation and, if necessary, arbitration.

PART 5 - WAGES AND WAGE RELATED MATTERS

5.1 Classifications of employees

5.1.1 Nursing and Midwifery Generic Level Statements - Generic Level Statements for all Nurse Grades are prescribed in Schedule 1 of this Award.

5.1.2 These statements reflect the degree of complexity and responsibility of duties, skills and knowledge proceeding from the lowest to the highest Nurse Grades.

5.2 Progression within classification levels

Progression within classification levels is based on meeting the following requirements:

5.2.1 Full-time employees

- (a) For all classifications for which there is more than one wage point, progression is by annual increments, having regard to the acquisition and utilisation of skills and knowledge through experience in the employee's practice setting/s over such period.
- (b) Upon promotion from one classification to another, or if the employee has advanced to the next wage point by some other method, progression to the next wage point within the new classification must only occur after a further 12 month period from the date of the new appointment.

5.2.2 Part-time employees

- (a) For all classifications for which there is more than one wage point, progression is by incremental advancement on the completion of 1200 hours or 12 months' service, whichever is the later. Both criteria must be satisfied having regard to the acquisition and utilisation of skills and knowledge through experience in the employee's practice setting/s over such period.
- (b) Upon promotion from one classification to another, or if the employee has advanced to the next wage point by some other method, progression to the next wage point within the new classification must only occur after a further 1200 hours or 12 months of continuous service whichever is the later. Both criteria must be satisfied from the date of the new appointment.

5.2.3 Casual employees

- (a) For all classifications for which there is more than one wage point, progression is by incremental advancement on the completion of 1200 hours or 12 months' continuous service with the same employer, whichever is the later. Both criteria must be satisfied having regard to the acquisition and utilisation of skills and knowledge through experience in the employee's practice setting/s over such period.

- (b) Upon promotion from one classification to another, or if the employee has advanced to the next wage point by some other method, progression to the next wage point within the new classification must only occur after a further 1200 hours or 12 months of continuous service whichever is the later. Both criteria must be satisfied from the date of the new appointment.
- (c) For the purpose of this clause, continuous service for a casual employee is considered to be broken if more than 3 months has elapsed between the end of one employment contract and the start of the next employment contract. Absences from work on public holidays do not break, or contribute to a break in the continuity of service.

5.3 Wage rates

The salaries payable to nurses and midwives are prescribed in Schedule 2 of this Award.

5.4 Queensland minimum wage

The rates of wages or salaries prescribed by this Award in respect to adult employees or employees who are seniors are deemed to include and to be expressed by reference to the Queensland Minimum Wage, declared for the time being and from time to time pursuant to the provisions of the *Industrial Relations Act 1999*. Unless otherwise ordered, wages and salaries are to be adjusted to comply with any variations to such Queensland Minimum Wage.

5.5 Nurses uniforms

- 5.5.1 Queensland Health will supply free of charge, uniforms of a type or design considered most suitable and that meet workplace health and safety standards as follows or, in lieu thereof, an employee will receive an allowance equal to Indexed Cost of Supply (ICS).
- 5.5.2 The ICS is calculated at the cost, from time to time, for an employee to purchase 5 uniform culottes and 5 uniform shirts from a supplier approved by the employer, for example: pursuant to a Standing Offer Arrangement.
- 5.5.3 The employer will ensure that the supply of nurses' uniforms will provide flexibility in the range of items supplied. Employees will be provided with a choice of different shirt styles and lower garments including, but not limited to shirts, polos, shorts, culottes, trousers, pants, skirts and dresses.
- 5.5.4 Where the employer provides a uniform, a nurse will be supplied with uniforms from a supplier approved by the employer to the value of the ICS. Without limiting this flexibility, the style of the uniforms will be determined by the employer, in consultation with the union.
- 5.5.5 Replacement of all items of uniform supplied is to be on a fair wear and tear basis.
- 5.5.6 Where the uniform allowance is paid in lieu of the supply of uniforms outlined in clause 5.5.4, such allowance is to be paid each pay day on a *pro rata* basis and will also be payable during periods of absence on sick, annual or other paid leave.

5.6 Accelerated advancement - registered nurses

- 5.6.1 Subject to clause 5.6.3, a Registered Nurse is entitled to progress one increment upon first appointment following registration with the Australian Health Practitioner Regulation Agency, or at any one time during that registered nurses' employment history as a Registered Nurse, on the attainment of postgraduate qualifications of at least 12 months' duration, or a bachelor degree.
- 5.6.2 An employee is eligible for accelerated advancement of one increment from the date they obtain their qualification.
- 5.6.3 A Registered Nurse who has been advanced once in accordance with clause 5.6.1 is not entitled to further advancement under this section.

5.7.4 *Continuing education credentials - accelerated advancement and qualifications allowance*

Registered nurses, Nurse Grade 5 to 7 inclusive and Directors of Nursing, Nurse Grade 10, Band 1, who hold a continuing education credential or advanced credential in accordance with this clause, and are engaged in a position the duties of which the credential is accepted by the employer to be directly relevant to the skills and competencies being used, are to be entitled to accelerated advancement and allowance entitlement in accordance with clause 5.7.4.

For the purposes of clause 5.7.4:

- (a) A "continuing education credential" is the qualification of a Graduate Certificate, Graduate Diploma, or a qualification of equivalent value recognised by the employer; or, a second degree relevant to the employee's current position.
- (b) A "continuing education advanced credential" is the qualification of a Masters or PhD degree relevant to the employee's current position.
- (c) A continuing education credential must be university-based or another credential of equivalent value specifically approved by the employer.
- (d) Upon acceptance by the employer of an employee's continuing education credential or advanced credential, the employee is entitled to accelerated advancement by one pay point within the employee's classification.
- (e) An employee holding a continuing education credential and entitled under clause 5.7.4(d) to accelerated advancement to the top pay point of the employee's classification, after 12 months' service at that pay point, is to be entitled to an allowance of 3.5% of the rate from time to time set for the seventh pay point of the Registered Nurse classification.
- (f) An employee holding a continuing education advanced credential and entitled under clause 5.7.4(d) to accelerated advancement to the top pay point of the employee's classification, after 12 months' service at that pay point, is to be entitled to an allowance of 5.5% of the rate from time to time set for the seventh pay point of Registered Nurse classification.

- (h) Subject to clauses 5.7.4(i), (j) and (l), an employee who is in receipt of a continuing education credential allowance or a continuing education advanced credential allowance is to retain such allowance upon appointment by promotion to a position classified as Clinical Nurse to Clinical Nurse Consultant, Nurse Unit Manager, Nurse Educator, Nurse Manager or Nurse Researcher.
- (i) An employee who has advanced within a particular level in accordance with clause 5.7.4(d) is to not be entitled to further accelerated advancement within that level or at a higher level by reason of a continuing education credential or advanced credential except that an employee, who, after being entitled in respect of a continuing education credential, attains possession of a continuing education advanced credential also accepted by the employer under clause 5.7.4(d), may be advanced without forfeiting a continuing education credential allowance retained from a less senior position. After 12 months' service at the top

pay point of the classification within which that advancement occurs, continuing education advanced credential allowance is to be payable.

- (j) No employee is to be entitled to hold at any one time more than one allowance under this clause.
- (k) Subject to clauses 5.7.4(i) and (p), entitlements under this clause accrue from the date on which the holding of the continuing education credential or advanced credential is accepted by the employer to be directly relevant to the skills and competencies being used for the duties of the employee's position.
- (l) An allowance payable under clause 5.7.4 is to be discontinued with effect from the date that the employer notifies the employee entitled to the allowance that the employer has ceased to accept that the holding of the credential or advanced credential is directly relevant to the skills and competencies being used for the duties of the employee's position.
- (m) Clinical Nurses, Clinical Nurse Consultants, Nurse Unit Managers, Nurse Managers, Nurse Educators and Nurse Researchers who, at the date of commencement of operation of clause 5.7.4, hold a relevant continuing education credential or continuing education advanced credential that is accepted by the employer under clause 5.7.4(k) are to be deemed to have been in receipt of either the continuing education credential allowance or the continuing education advanced credential allowance as at 1 July 2003 for the purposes of clause 5.7.4(h).
- (n) An allowance payable under clause 5.7.4 is to be deemed to be part of the employee's wage for all purposes.
- (o) An employee aggrieved by any decision made under clause 5.7.4, may raise a grievance. Such grievance is to be instituted by notice in writing to the employer within 21 days of receipt of advice of the decision. - (p) Subject to clause 5.7.4(q), a Registered Nurse is entitled to progress one increment on that person's first appointment following registration with the Australian Health Practitioner Regulation Agency, or at any one time during that person's employment history as a Registered Nurse, on attainment of the following:

- (q) A Registered Nurse who has been advanced once in accordance with clause 5.7.4(p) is not entitled to further advancement under this clause.

5.7.5 *Relieving in-charge and special duty allowance*

- (a) If on one entire shift or more, a Clinical Nurse, Nurse Grade 6 or above should normally be rostered, but is not rostered to work or is unavailable, a Registered Nurse is designated by the employer to act as the nurse to relieve as the in-charge nurse in place of the unavailable nurse.
- (b) The relieving in-charge employee designated by the employer will be paid an allowance of \$9.85 for each shift of ordinary hours worked, unless the relevant relieving employee is already being paid a higher rate of pay for the performance of higher or special duties. The allowance is paid as an hourly rate based on a 7.6 hour day.
- (c) If a Clinical Nurse, Nurse Grade 6 or above is "in-charge" of more than one unit/area and is rostered on duty, the allowance will not be paid to a Registered Nurse. However, the appropriate professional standards will apply to ensure that the employee could exercise their "in-charge" responsibilities appropriately across the clinical units for which they are responsible.
- (d) The allowance is also included for the purpose of calculating weekend penalties, overtime and public holidays only. The allowance is not to be included for shift penalties, superannuation or leave entitlements.

5.7.6 *Mental health environment allowance*

All employees working in "High Security" and/or "Medium Secure" Mental Health Units will be paid an allowance of \$18.75 per week.

- 5.8.3 Any payment other than by electronic funds transfer will be at the discretion of the employer.

5.9 Superannuation

- 5.9.1 The employer will contribute superannuation to QSuper in compliance with the *Superannuation Guarantee (Administration) Act 1992* (Cth) and the QSuper Deed.
- 5.9.2 The employer contribution to employee superannuation is to equal at least 9% of Ordinary Time earnings as defined by the *Superannuation Laws Amendment (2004 Measures No. 2) Act 2004*.
- 5.9.3 The employer will demonstrate to employees that the employer superannuation obligations have been met.

5.10 Salary packaging

The following definitions will apply for the purposes of clause 5.10:

- 5.10.1 "Fringe Benefits Tax" (FBT): Means tax imposed by the *Fringe Benefits Tax Act 1986*. The FBT Year refers to the employer's FBT return period of 1 April to 31 March each year.
- 5.10.2 "FBT Exemption Cap": The FBT exemption cap is a tax concession under the *Fringe Benefits Tax Assessment Act 1986* for limited categories of employers. The FBT exemption cap is not an employee entitlement. The manner of the application of the FBT exemption cap is determined by the employer in accordance with the FBT legislation. Under the FBT legislation, to be eligible for the FBT exemption cap at the time fringe benefits are provided, the duties of the employment of an employee must be exclusively performed in, or in connection with, a public hospital.
- 5.10.3 "Salary Sacrifice": Salary sacrifice is a system whereby a portion of an employee's gross salary or wage is paid as a benefit, before tax, rather than directly as salary, thereby usually reducing the amount of tax paid by the employee on the income. This is called salary sacrificing because it is sacrificing salary for a benefit and is at the discretion of the employee for the approved range of items. For example, if an employee who earns \$60,000 gross salary, sacrifices \$10,000, income tax would be payable only on \$50,000.
- 5.10.4 Salary sacrificing arrangements will be made available to eligible employees covered by this Award in accordance with Public Sector Industrial and Employee Relations (PSIER) Circular C1-10 and any other relevant PSIER Circulars issued from time to time. Categories of employees it will be made available to include:
 - (a) permanent full-time and part-time employees;
 - (b) temporary full-time and part-time employees; and
 - (c) long-term casual employees as determined by the Act.
- 5.10.5 Should an employee elect to sacrifice a portion of their salary to agreed benefits, the employee must submit a signed unamended Participation Agreement with the employer prior to commencing such arrangements.
- 5.10.6 Employees may elect to sacrifice the lesser of the following amounts:
 - (a) 50% of the salary payable under Schedule 2 of this Award; or
 - (b) where employees are eligible for the FBT exemption cap, up to the grossed up taxable value of benefits that ensures the FBT exemption threshold amount prescribed by legislation is not exceeded, or to 50% of salary, whichever is the lesser.
- 5.10.7 Despite clause 5.10.6(a), employees may sacrifice up to 100% of their salary for superannuation.

- 5.10.8 Where an employee who is ineligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for such FBT.
- 5.10.9 Under the FBT legislation, the FBT exemption cap applies to all taxable fringe benefits provided by the employer, whether through the salary sacrifice arrangements or otherwise. Where an employee who is eligible for the FBT exemption cap sacrifices benefits attracting FBT, the employee will be liable for any FBT caused by the FBT exemption threshold amount being exceeded as a result of participation in the salary sacrifice arrangements. To remove any doubt, any benefits provided by the employer separate from the salary sacrifice arrangements take first priority in applying the FBT exemption cap.
- 5.10.10 If any federal taxation laws passed by the Commonwealth Parliament or rulings by the Australian Taxation Office (ATO) in relation to salary sacrifice/packaging have the effect that the benefits of sacrifice/packaging for employees are reduced or eliminated at any time during the term of this Award, the employees' rights under this Award in respect of salary packaging will be varied accordingly and the rest of the Award will continue in force.
- 5.10.11 The employer will be under no obligation to negotiate or agree to any changes to this Award as a trade-off for salary sacrifice/packaging benefits that have been reduced or eliminated as a result of new or amended federal taxation laws or rulings by the Australian Taxation Office. The employee's right to sacrifice part of their salary is expressly made subject to any federal taxation laws affecting salary sacrifice arrangements or rulings of the Australian Taxation Office in relation to salary sacrifice arrangements that may be introduced or amended from time to time during the term of this Award.
- 5.10.12 The individual salary packaging arrangements of any employee will remain confidential at all times. Proper audit procedures will be put in place which may include private and/or Auditor-General reviews. Authorised union officials will be entitled to inspect any record of the employer and external salary packaging bureau service to ensure compliance with the salary sacrificing arrangements, subject to the relevant industrial legislation.
- 5.10.13 Where the employee has elected to sacrifice a portion of the payable salary under Schedule 2 of this Award:
- (a) Subject to ATO requirements, the sacrificed portion will reduce the salary subject to appropriate tax withholding deductions by the amount sacrificed (see definition of salary sacrifice).
 - (b) Any allowance, penalty rate, weekly workers' compensation benefit, or other payment, to which an employee is entitled under their respective award, act or statute which is expressed to be determined by reference to the employee's salary, will be calculated by reference to the gross salary that the employee would receive if not taking part in salary sacrificing arrangements.
 - (c) Salary sacrificing arrangements will be maintained during all periods of leave on full pay, including the maintenance of cash and non-cash benefits.
 - (d) The employee's salary for superannuation purposes and severance and termination payments will be the gross salary that the employee would receive if not taking part in salary sacrificing arrangements.
- 5.10.14 The following principles will apply to employees who avail themselves of salary sacrificing:
- (a) There will be no cost incurred by the employer, either directly or indirectly. As part of the salary package arrangements, the costs for administering the package via a salary packaging bureau service, and including any applicable FBT, will be met without delay by the participating employee.
 - (b) There will be no additional increase in superannuation costs or to FBT payments made by the employer that would not otherwise be payable had the employee not engaged in salary sacrificing.
 - (c) The employee may cancel any salary sacrificing arrangements by giving one month's notice of cancellation to the employer, and similarly the employer will give the employee one month's notice of termination.
 - (d) The employer strongly recommends that employees obtain independent financial advice prior to taking up a salary package.
 - (e) There will be no significant additional administrative workload or other ongoing costs to the employer.
 - (f) Additional administrative and FBT costs are to be met by the employee.
 - (g) Any increases or variations to taxation, excluding payroll tax, that result in additional costs will not be met by the employer and will be passed on to the employee as part of the salary package, if they wish to maintain the salary sacrifice arrangement.

5.11 Recognition of previous nursing experience

5.11.1 For the purpose of determining the rate of wages payable, an employee is to be given credit for all previous nursing experience at the relevant nursing level or higher.

Provided that previous nursing experience is to include time spent in obtaining additional nursing certificates/qualifications other than the general nursing certificate/qualification.

5.11.2 In calculating nursing experience for the purposes of clause 5.11, any period of employment (other than time spent in obtaining additional nursing certificates/qualifications) prior to an absence from nursing duties covered by a relevant nursing award or relevant nursing agreement registered with an industrial tribunal or for which a licence to practice was required is to be recognised in accordance with the matrix in clause 5.11.9.

5.11.3 In respect to casual and/or part-time experience, 1200 ordinary hours experience or 12 months in time, whichever is the later, in such casual and/or part-time capacity, will be deemed to be equivalent of one full year full-time experience for the purposes of clause 5.11.

5.11.4 On termination of employment in any health facility, each employee is to be given a certificate, signed by the Director of Nursing or otherwise authorised person, setting out the duration of employment and the capacity in which employed.

5.11.5 The onus of proof rests with the employee to present proof of past experience within a period of 4 weeks of commencement of duty. In cases where satisfactory proof has not been produced within 4 weeks, payment of salary for years of experience will only be paid from the date satisfactory proof has been produced.

5.11.6 In cases where documentary evidence is unable to be obtained, consideration may be given in special circumstances to the production of other evidence that is considered satisfactory to the employer. The employee may seek cooperation of the union to assist in obtaining or establishing such proof of previous experience still outstanding.

5.11.7 Without limiting any previous entitlement to have nursing experience recognised, the recognition of previous nursing experience in accordance with the matrix in clause 5.11.9 is to apply from the date of the making of this Award.

5.11.8 The temporary service of an employee who is permanently appointed will be counted towards the employee's length of service for all purposes, providing such service is continuous and immediately preceded the employee's appointment.

5.11.9 *Recognition of previous nursing experience matrix*

Years of nursing experience	Years of absence from nursing						
	<5 yrs	>5 yrs but <7 yrs	>7 yrs but <9 yrs	>9 yrs but <11 yrs	>11 yrs but <13 yrs	>13 yrs but <15 yrs	>15 yrs
Less than 1 yr	1	1	1	1	1	1	1
>1 yr but <2 yrs	2	1	1	1	1	1	1
>2 yrs but <3 yrs	3	2	1	1	1	1	1
>3 yrs but <4 yrs	4	2	1	1	1	1	1
>4 yrs but <5 yrs	5	3	2	1	1	1	1
>5 yrs but <6 yrs	6	3	2	1	1	1	1
>6 yrs but <7 yrs	7	4	3	2	1	1	1
>7 yrs but <8 yrs	7	5	4	3	1	1	1
>8 yrs but <15 yrs	7	6	5	4	3	1	1
>15 yrs but <25 yrs	7	7	6	5	4	3	2
>25 yrs	7	7	7	6	5	4	3

(a) The above matrix applies to a classification with 7 pay points.

(b) In applying this matrix to a classification with fewer than 7 pay points, the recognition of previous experience will apply consistent with the matrix up to the maximum pay point of the applicable classification. For example, if the matrix recognises previous experience for the purposes of this clause as 6 years, and the applicable classification has 4 pay points, the employee would be appointed to pay point 4.

PART 6 - HOURS OF WORK, BREAKS, OVERTIME, SHIFT WORK, WEEKEND WORK

- 6.1.4 Where circumstances exist in a hospital, facility, ward, or some discrete section of a hospital or facility that warrant a different method of working the 38 hour week other than that provided, the union and the employer may agree to vary the methods of working the 38 hour week for that particular hospital, facility, ward or discrete section of a hospital or facility.

6.2 Directors of nursing and assistant directors of nursing - hours

- 6.2.1 The "usual" hours of work for Directors of Nursing and Assistant Directors of Nursing are an average of 38 hours per week, 76 hours per fortnight or 152 hours in a 4 week period. However, to perform the job effectively, the employee may be required to work additional hours as appropriate.

6.4 Twelve hour shift arrangements

- 6.4.1 Where Queensland Health identifies a need to extend the shifts of ordinary hours of employees to support new models of care and/or the changing health needs, Queensland Health is to consult with the union and the employees concerned. Introduction of 12 hour shifts will be implemented after agreement with the union and a majority of the employees affected.
- 6.4.2 Prior to the commencement of a 12 hour shift arrangement, the parties are to establish a method for evaluation of the effectiveness of the proposed shift arrangement. Such evaluation is to include, but is not to be limited to, consideration of the following factors:

- (g) An employee may only work a maximum of 3 of either day or night 12 hour shifts in a row.
- (h) Except where work is performed in two 12 hour shifts per day over a period of 7 days per week and employees engaged in such work perform their duties in varying shifts allocated in rotation by the officer of the facility duly authorised in that regard, every employee so engaged in such shift work who has completed a full year of employment will be allowed additional annual leave at the rate of 38 hours per year in respect of the period during which such shifts have been worked, provided that the maximum entitlement to annual leave will be 6 weeks per annum.

Accrual of such time off will be to a maximum of 24 hours. Any time in excess of 24 hours must be paid at the overtime rates.

6.6.4 Meal Allowance

An employee, other than an employee who lives in, who is called upon to work overtime for more than one hour after their rostered ceasing time, and where the usual meal time occurs during such period of overtime, must be paid an allowance of \$12.10. This allowance is not to be paid where a meal is provided by the employer free of charge.

- 6.7.2 An employee is to be allowed a rest break of not less than 10 hours between the termination of one shift and the commencement of another provided that, upon agreement in writing between the employee and the employer, this break may be reduced to 8 hours. Where the required break of 10 hours (or 8 hours by agreement in writing) has not occurred, the employee will be paid double rates until released from duty for such a duration.
- 6.7.3 Furthermore, an employee who works so much overtime between the termination of ordinary work on one day and the commencement of ordinary work in the next day, that at least 10 consecutive hours off duty has not elapsed between those times, is to be released on completion of such overtime until they have had such an absence.

6.8 Rest pauses

- 6.8.1 Every employee covered by this Award is entitled to a rest pause of 10 minutes' duration in the employer's time in the first and second half of the working day. Such rest pauses are to be taken at such times to suit the convenience of the employer and so as not to interfere with the continuity of work where continuity, in the opinion of the employer, is necessary.
- 6.8.2 The employer may determine that the rest pauses may be combined into one 20 minute rest pause to be taken in the first part of the ordinary working day, with such 20 minute rest pause and the meal break arranged in such a way that the ordinary working day is broken up into 3 approximately equal working periods.

SCHEDULE 3 - MIDWIFERY MODELS OF CARE DEFINITIONS

S3.1 Models of care definitions

S3.1.1 "Midwifery Models of Care" are models of maternity services in which midwives are primary caregivers. These services may include midwife clinics, community midwifery, team midwifery and birth centres.

S3.1.2 "Continuity of Midwifery Care" is a consistent philosophy requiring an organisational structure around which this type of care is provided. Models of continuity of care fall into 2 general categories:

(a) Caseload; and

(b) Team Midwifery.

S3.1.3 "Caseload Midwifery Model" also referred to as "Group Practice" is a small group of midwives (2 or 3) with a focus on continuity of carer approach and who provide antenatal, intrapartum and postnatal care for a defined number of women.

S3.1.4 "Team Midwifery Model" is a team of midwives (6 - 8) who collaborate to provide antenatal, intrapartum and postnatal care for a defined group of women. It is a model of maternity care provided by a team of midwives who may provide continuity of care through pregnancy, labour and birth and early parenting.

S3.1.5 "Core Midwives" are midwives within a maternity unit who do not participate in team midwifery or caseload/group practice models. Core midwives may be based in one area (antenatal, labour and birth or postnatal) and may not necessarily follow the same group of women throughout the child bearing period.

S3.2 Local arrangements

S3.2.1 Before a midwifery model of care is developed in a facility, a working group should be established. The working group should include representative midwives, Queensland Health Managers, the Queensland Nurses' Union of Employees (QNU) and other key stakeholders to consider the appropriate midwifery model. The working group should take into consideration consumers' and community needs.

S3.2.2 Districts will develop local agreements to support the agreed midwifery model of care. Districts will review and analyse the service provided on an ongoing basis. The review process should be built into the local agreements. Local agreements must be sent to Human Resources Services Division and the QNU for final review before implementation.

S3.3 Industrial framework for a caseload model of care

S3.3.1 Participation

Participation in a caseload model of care will be voluntary. Midwives who do not participate in the caseload model will not be paid an annualised salary, as outlined in clause S3.3.4 and will be paid in accordance with the award/agreement provisions for time worked.

S3.3.2 Reversion

Midwives who participate in a caseload model and receive an annualised salary may revert to payment on the basis of time worked. In such cases the midwife should provide 4 weeks notice of their intention to return to payment on the basis of actual time worked. In exceptional circumstances the employer may waive the giving of 4 weeks' notice.

S3.3.3 Caseload

(a) The caseload will equate to an employee working 38 hours per week, that is, a full-time midwife, and will be based on a full-time midwife providing full care to 40 clients in a 12 month period. Part-time employees will be designated a caseload on a proportional basis.

(b) The parties acknowledge that the caseload of a midwife may vary depending upon the nature of the midwifery service, the skills mix of the midwives within the midwifery service and the risk profile of the

clients. Accordingly the determination of specific caseloads within a particular service will be determined during the consultation for the local agreement.

- (c) A rural/remote caseload model providing an extended service, such as lactation consultant, pap smear and/or immunisation provider, in addition to antenatal and postnatal care for at risk women (for example indigenous women or socially disadvantaged groups) may have a caseload less than 40 per year per full-time midwife.

S3.3.4 *Annualised salary*

- (a) Midwives working in a caseload model are to be paid an annualised salary in recognition of flexible patterns of work to provide continuity of care. The annualised salary is the ordinary rate of pay as set out in Schedule One and an all purpose loading of 27.5%, which is in compensation for ordinary hours worked and for the following:
 - (i) public holiday penalty rates;
 - (ii) Saturday shift penalty rates;
 - (iii) Sunday shift penalty rates;
 - (iv) afternoon shift penalty rates;
 - (v) night shift penalty rates;
 - (vi) meal allowances relating to overtime;
 - (vii) overtime payments, except as provided for in Clause S3.3.6(a), (excess hours), including recall payments;
 - (viii) on call allowances; and
 - (ix) annual leave loading on 5 weeks' annual leave.
- (b) Six months after a caseload model is adopted at a centre, the adequacy of the annualised salary loading will be reviewed in accordance with agreed criteria.
- (c) Midwives working in a team or core midwifery model are not eligible for an annualised salary.

S3.3.5 *Patterns of work*

- (a) Midwives working in a caseload model will organise their own hours of work in consultation with their Line Manager (Nursing), provided that they are able to meet the assessed needs of clients.
- (b) Midwives will not be required to work for periods longer than 8 hours and can choose to hand over care of the clients at that time. The midwife will have the discretion to work up to, but not longer than 12 hours to meet the needs of the client.
- (c) Each midwife will have a period of at least 8 hours, within any 24 hour period, continuously free of duty other than on call and recall.
- (d) Each midwife will have an average of 4 days off duty per fortnight, with at least 2 consecutive days free of planned work and on call or recall.
- (e) Midwives will not be permitted to work for more than 7 days in succession other than where the midwife is recalled to work.

S3.3.6 *Excess hours*

- (a) The hours of work will be averaged over an 8 week cycle. The first 30 hours worked in excess of 304 hours in an 8 week cycle will be taken as time off in lieu (TOIL). Hours worked in excess of 334 will be paid at the overtime rate of time and a-half for the first 3 hours and double-time thereafter. The midwife may elect to take TOIL instead of overtime payments.
- (b) A maximum of 30 hours TOIL may be carried from one 8 week cycle to the next. The Line Manager (Nursing) may approve TOIL above 30 hours in exceptional circumstances, provided the hours in excess of 30 are taken in the next work cycle.

S3.3.7 *Debit carryover*

- (a) A maximum TOIL debit of 16 hours is allowed at any one time and may be carried over from one 8 week cycle to the next.

S3.3.8 *Time records*

- (a) Midwives will be required to keep accurate records of all time worked including travel time, administrative work, staff development and other non-clinical activity.

S3.3.9 *Review of workloads*

- (a) Where a midwife works above or below the accepted range of hours (288 hours to 334 hours) the Line Manager (Nursing) is to review the midwife's hours of work and ensure that future hours do not fall above or below the accepted range of hours which underpin the annualised salary.

S3.3.10 *Annual leave*

- (a) Annual leave is 6 weeks per year and the all purpose loading provided in S.3.3.4 is paid for the entire period of leave.
