Eligibility criteria

- (b) This Schedule does not apply to any existing employee who has a claim against the employer which is subject to the provisions of the *Workers' Compensation and Rehabilitation Act 2003*.

Supported wage rates

- (a) Employees to whom this Schedule applies will be paid the applicable percentage of the relevant minimum wage according to the following Table and Note:

Assessed capacity (see below)	Relevant minimum wage*
10%	10%
20%	20%
30%	30%
40%	40%
50%	50%
60%	60%
70%	70%
80%	80%
90%	90%

*Note: The minimum amount payable to an employee receiving a supported wage must not be less than \$82 per week.

- (b) Where an employee's assessed capacity is 10%, the employee must receive a high degree of assistance and support.

Assessment of capacity

- (a) For the purpose of establishing the percentage of the relevant minimum wage, the productive capacity of the employee will be assessed in accordance with the sws by an approved assessor, having consulted the employer and employee and, if the employee so desires, a union which the employee is eligible to join.
- (b) All assessments made under this Schedule must be documented in a sws wage assessment agreement, and retained by the employer as a time and wages record in accordance with the Act.

The assessment of the applicable percentage should be subject to annual or more frequent review on the basis of a reasonable request for such a review. The process of review must be in accordance with the procedures for assessing capacity under the sws.

Other terms and conditions of employment

Where an assessment has been made, the applicable percentage will apply to the relevant minimum wage only. Employees covered by the provisions of this Schedule will be entitled to the same terms and conditions of employment as other workers covered by this Award on a *pro rata* basis.

Workplace adjustment

If the employer wishes to employ a person under the provisions of this Schedule it must take reasonable steps to make changes in the workplace to enhance the employee's capacity to do the job. Changes may involve re-design of job duties, working time arrangements and work organisation.

Trial period

- (a) In order for an adequate assessment of the employee's capacity to be made, the employer may employ a person under the provisions of this Schedule for a trial period not exceeding 12 weeks, except that in some cases additional work adjustment time (not exceeding four weeks) may be needed.
- (b) During that trial period the assessment of capacity will be undertaken and the percentage of the relevant minimum wage for a continuing employment relationship will be determined.
- (c) The minimum amount payable to the employee during the trial period must be no less than the amount recorded in the Note under the Table (above).
- (d) Work trials should include induction or training as appropriate to the job being trialled.

- Column 2 and Column 5 prescribe the kilometre rate for vehicles in excess of 10 tonnes for any working distance in excess of the kilometres shown in Columns 3 and 6 for each period of ordinary weekly hours.
- Columns 3 and 6 prescribe the minimum number of working kilometres which must be performed before the excess kilometre rate as shown in Columns 2 and 5 applies.
- The hire rate to be paid shall be in accordance with the payload capacity of the vehicle which is determined by subtracting the tare mass from the gross vehicle mass registered under the *Transport Operations (Road Use Management - Vehicle Registration) Regulation 2010* and as indicated on the vehicle's registration certificate.

PART B - Part days or weeks

For any periods of more or less than the ordinary weekly hours and/or days of work prescribed elsewhere in this Award, a *pro rata* adjustment to the basic weekly rates as shown in Column 1 and Column 4 shall be made before calculating any additional kilometric payment.

The truck hire rate shall be calculated in accordance with the following formula:

$$THR = \{[WR - (700 \times S)] H/Z\} + [20 \times P \times S] + [S(600 \times H/Z)] + [Y \text{ (only if +ve, otherwise ignore)}]$$

Where:

$$Y = [D - (600 \times H/Z)] \times S$$

and where:

- THR: is the truck hire rate.
 WR: is the weekly rate (\$) (Column 1 or Column 4).
 S: is the kilometre rate (\$) (Column 2 or Column 5).
 H: is the actual time worked expressed in hours or part thereof.
 Z: is the ordinary weekly hours for a normal working week.
 P: is the number of days on which work is performed in the period.
 D: is the actual number of working kilometres performed during the hire period.

PART C - Hydraulic crane hire

An owner driver whose vehicle is fitted with a hydraulic crane shall be paid an additional hire rate component on days when the vehicle is engaged to perform work which requires the use of the crane, as follows:

Crane capacity	Rate Per Day \$	Recommended Truck Size
Up to 1 tonne metre	7.59	Up to 2-3 tonne
Over 1 tonne metre but less than or equal to 2 tonne metre	9.36	3-4 t to 5-6 t
Over 2 tonne metre but less than or equal to 3 tonne metre	15.46	6-7 t to 7-8 t
Over 3 tonne metre but less than or equal to 4 tonne metre	17.50	8-9 t to 10-11 t
Over 4 tonne metre	19.53	11-12 t and above

The hire rate component payable shall be determined by the crane capacity except where a crane is fitted which exceeds the legally recommended capacity for that vehicle. In such instances, the hire rate to be paid shall be the rate applicable to the maximum crane capacity recommended for that vehicle.

At times when the crane is not in use the vehicle weekly hire rate will be paid at the appropriate rate as specified in Part A of this Schedule calculated at the registered gross vehicle mass less vehicle tare.

PART D - Water tank and pump hire

When at the request or direction of the employer, an owner truck driver uses the employee's own water tank or the employee's own water tank and pump on the job, the employer shall pay the owner driver an additional \$3.96 per hour for each hour that the owner driver's tank or the employee's own water tank and pump are in use on the job.
