This Award shall apply to sugar mill workers in the sugar milling industry and chemists employed in sugar mills in the State of Queensland, other than chemists employed by CSR Limited and chemists in receipt of a salary which is equal to or greater than 120% of the appropriate classification rate prescribed for this class of employee in the locality concerned.

Where chemists are provided with a house, fuel and light free of charge, such shall be valued at \$2.50 per week for the purpose of computing salary.

1.7 Savings

No employee will have their remuneration or conditions of employment reduced because of this new Award and no accrued entitlement or incurred obligation is to be altered by the supersession of the previous Award.

Similarly no employer is under any new right or responsibility other than those arising from decisions emanating from Case B1733 of 1999 of the Commission in that matter.

Outside of those parameters any changes in previous Award benefits or obligations are intended to occur only as a result of arbitration or consent of the Award parties reached during negotiations in formulating the reviewed Award.

Should any anomalies or omissions result in the technical process of redrafting, reformatting and cross referencing Award provisions under section 130 of the Act the parties will meet to resolve any unintended consequences and may bring the matter to the Commission for determination.

PART 2 - FLEXIBILITY**2.1 Enterprise flexibility**

2.1.1 As part of a process of improvement in productivity and efficiency, discussion should take place at each enterprise to provide more flexible working arrangements, improvement in the quality of working life, enhancement of skills, training and job satisfaction and to encourage consultative mechanisms across the workplace.

2.1.2 The consultative processes established in an enterprise in terms of clause 2.1 may provide an appropriate mechanism for consideration of matters relevant to clause 2.1.1. Union delegates at the place of work may be

involved in such discussions.

- 2.1.3 Any proposed genuine agreement reached between an employer and employee/s in an enterprise is contingent upon the agreement being submitted to the Commission in accordance with the requirements of Chapter 6 of the Act and is to have no force or effect until approval is given.

2.2 Structural efficiency

2.2.1 Award modernisation

The parties:

- (a) Are committed to modernising the Award by developing Award conditions and employment practices which recognise and reflect the operations and requirements of the industry. Those operating factors and influences on the industry include the seasonal nature of the work, export orientation and price competitiveness, and geographic spread of sites.
- (b) Agree that the Structural Efficiency Principle will not be applied in a negative cost cutting manner.
- (c) Are prepared to discuss all matters raised by the employer or the Union for increasing productivity at industry and site levels. As such any discussions shall be premised on the understanding that the rights of either party are not limited and that any changes shall be subject to the following requirements:
 - (i) the changes sought shall not affect provisions reflecting State or industry standards;
 - (ii) where possible the changes will act to eliminate discriminatory provisions;
 - (iii) the majority of employees affected by the change must genuinely agree to the change;
 - (iv) no employee shall lose income as a result of the change;
 - (v) neither party shall unreasonably oppose any genuine agreement.
- (d) Agree that where site and industry level discussions are considering matters that may require an Award amendment, the Union must be invited to participate at those levels.
- (e) Agree that working parties will be established to undertake the Award modernisation process.

2.2.2 Consultation

- (a) The parties to this Award are committed to co-operating positively to increase the efficiency, productivity and competitiveness of the industries covered by this Award and to enhance the career opportunities and job security of employees in such industries.
- (b) At each plant or enterprise, an employer, the employees and their relevant Union or Unions commit themselves to establishing a consultative mechanism and procedures appropriate to the size, structure and needs of that plant or enterprise. Measures raised by the employer, employees or Union or Unions for consideration consistent with the objectives of clause 2.2.2(a) shall be processed through that consultative mechanism and procedures.

2.2.3 Enterprise Agreements

- (a) As part of the structural efficiency exercise and as an ongoing process, improvements in productivity and efficiency, discussion should take place at an enterprise to provide more flexible working arrangements, improvement in the quality of working life, enhancement of skills, training and job satisfaction, and positive assistance in the restructuring process and to encourage consultative mechanisms across the workplace to all employees in an enterprise and consideration of a single bargaining unit in all multi-Union or multi-award workplaces.
- (b) The consultative processes established in an enterprise in terms of this Award may provide an appropriate mechanism for consideration of matters relevant to clause 2.2.3. Union delegates at the place of work may be involved in such discussions.
- (c) Any proposed genuine agreement reached between an employer and employee(s) in any enterprise is contingent upon:
 - (i) a majority of employees affected genuinely agreeing to the changes;

- (ii) the agreement being consistent with the current State Wage Case principles;
 - (iii) the relevant Union or Unions (of employees or employers) being invited to participate in any discussions which involve alterations to Award conditions, (and may be a party to any resultant agreement);
 - (iv) changes sought in such agreements not affecting Award provisions reflecting currently established standards of the Commission;
 - (v) parties to such agreements acknowledging that the Commission does not intend that any employee should lose any existing entitlement to earnings, Award or overaward, for working ordinary hours of work as a result of any Award changes made as part of the implementation of the Structural Efficiency Principle.
- (d) The relevant Unions (of employees or employers) shall not unreasonably withhold consent to an agreement reached between the parties.
- (e) As the enterprise agreement purports to alter award conditions:
- (i) it is to be the subject of an application to the Commission for approval and is to have no force or effect until approval is given;
 - (ii) the relevant Unions (and where appropriate of employers) are to be advised of such an application, its contents and the date of hearing.
- (f) (i) Upon approval being given by the Commission the agreement shall be inserted as an Award provision (as a schedule or otherwise) and take precedence over any provision of the relevant and named Award to the extent of any inconsistency therewith.
- (ii) Thereafter the agreement will have the effect of an Award and is to be posted and displayed as required.
- (iii) If the agreement is not approved it shall have no force or effect but may be remitted to the parties for further consideration.
- (g) Upon exhaustion of dispute avoidance procedure processes any disputed areas are subject to conciliation, mediation or arbitration.

2.3 Commitment to work collectively

The parties to the Award are committed to work collectively towards continuing the past practice of joint Union/employer negotiations to help ensure Awards are progressively reviewed and restructured.

PART 3 - COMMUNICATION, CONSULTATION AND DISPUTE RESOLUTION

3.1 Grievance and dispute settling procedure

The objective of this procedure shall be to avoid disputes by the resolution of issues through measures based on consultation, co-operation and discussion and to avoid interruption to the performance of work and consequential loss of production and wages.

It is acknowledged that it is in the best interest of all parties that issues are identified and resolved in accordance with the agreed procedure.

It is acknowledged by the parties that the time taken in progressing issues through this procedure will depend to a large extent on the nature and seriousness of the issue. However, the parties agree that this procedure is to be followed before any action, likely to lead to disputation, is taken by either management or employees:

- 3.1.1 In the first instance any issue shall be discussed between the immediate supervisors and the employee, in company with, if appropriate, the employee's duly accredited workplace Union representative. Where the dispute concerns alleged actions of the immediate supervisor the employee/s and or their Union representative may bypass this level in the procedure.
- 3.1.2 If the issue is not resolved in the first step, the issue shall be discussed between the workplace Union representative and the next level of management or nominated representative of the Company.
- 3.1.3 If the grievance involves allegations of unlawful discrimination by a supervisor the employee may commence the grievance resolution process by reporting the allegations to the next level of management beyond that of the

supervisor concerned. If there is no level of management beyond that involved in the allegation the employee and/or the employee's Union representative may proceed directly to the process outlined at clause 3.1.5.

- 3.1.4 If the issue cannot be resolved by people at the workplace, an official of the appropriate Union shall be advised.
- 3.1.5 Any issue which cannot be resolved after the following procedure prescribed above may be referred by either party to the Commission.
- 3.1.6 Without prejudice to either party, whilst the above procedure is being followed, work shall continue normally, except in a case of a genuine safety issue, and neither party shall unduly delay the procedure.
- 3.1.7 Throughout all stages of the procedure all relevant facts shall be clearly identified and recorded.
- 3.1.8 The parties give their genuine commitment to the procedure, particularly in the context of the need to avoid interruption to the performance of work and the consequential loss of production of wages.
- 3.1.9 This dispute avoidance procedure shall not prejudice either party exercising their rights before the Commission.

3.2 Consultation

- 3.2.1 The parties to this Award are committed to co-operating positively to increase the efficiency, productivity and competitiveness of the industries covered by this Award and to enhance the career opportunities and job security of employees in such industries.
- 3.2.2 At each plant or enterprise, an employer, the employees and their relevant Union or Unions commit themselves to establishing a consultative mechanism and procedures appropriate to the size, structure and needs of that plant or enterprise. Measures raised by the employer, employees or Union or Unions for consideration consistent with the objectives of clause 3.2.1 shall be processed through that consultative mechanism and procedures.

PART 4 - EMPLOYER AND EMPLOYEES' DUTIES, EMPLOYMENT RELATIONSHIP AND RELATED ARRANGEMENTS

- (c) part-time (as prescribed in clause 4.3);
- (d) casual (as prescribed in clause 4.4).

4.2 Seasonal

For the purpose of a 38 hour week only, all sugar mill employees not specifically engaged as seasonal or as casual watchpersons, who are engaged after the first Monday of June in any one year and before the first Monday in June in the subsequent year, shall be deemed to be seasonals until the first Monday of June in that subsequent year.

4.3 Part-time employment

- 4.3.1 The introduction of part-time employment shall be done through the introduction of changes provisions in clause 4.9.
- 4.3.2 An employee may be engaged to work on a part-time basis involving a regular pattern of hours which shall average less than 38 hours per week.
- 4.3.3 (a) Before commencing part-time employment, the employee and employer must agree:
 - (i) upon the hours to be worked by the employee, the days upon which they will be worked and the commencing and finishing times for the work; and
 - (ii) upon the classification applying to the work to be performed in accordance with Part 5 of this Award.
- (b) Except as otherwise provided in this Award, a part-time employee is entitled to be paid for the hours

agreed upon in accordance with clause 4.3.3(a).

- (c) The terms of this agreement may be varied by consent.
- (d) The terms of this agreement or any amendment to it shall be in writing and retained by the employer. A copy of the agreement and any amendment to it shall be provided to the employee by the employer.

4.3.4 The terms of this Award shall apply *pro-rata* to part-time employees on the basis that ordinary weekly hours for full-time employees are 38.

4.3.5 *Overtime*

A part-time employee who is required by the employer to work in excess of the hours agreed upon in accordance with clauses 4.3.3(a) and (c) shall be paid overtime in accordance with clause 6.3.

4.3.6 *Public holidays*

Where the part-time employee's normal paid hours fall on a public holiday prescribed in clause 7.7 and work is not performed by the employee, such employee shall not lose pay for the day. Where the employee works on the holiday, such employee shall be paid in accordance with clause 7.7.

4.4 Casual employment

4.4.1 The introduction of casual employment shall be done through the introduction of changes provisions in clause 4.9.

4.4.2 A casual employee is to be one engaged and paid as such. A casual employee, for working ordinary time, shall be paid an hourly rate calculated on the basis of 1/38th of the relevant weekly wage for the level of work being performed plus a loading of 23%. This loading is not an all-purpose payment.

- (a) A casual employee, other than an irregular casual employee as defined in clause 4.4.5(a), who has been engaged by a particular employer on a regular and systematic basis and for several periods of employment under this Award during a period of 6 months shall thereafter have the right to elect to have the employee's contract of employment converted to full-time employment or part-time employment if the employment is to continue beyond the conversion process.
- (b) Every employer of such an employee shall give the employee notice in writing of the provisions of clause 4.4 within 4 weeks of the employee having attained such period of 6 months.

The employee retains the employee's right of election under clause 4.4 if the employer fails to comply with clause 4.4.2(b).

- (c) Any such casual employee who does not within 4 weeks of receiving written notice elect to convert the employee's contract of employment to full-time employment or part-time employment will be deemed to have elected against any such conversion.
- (d) Any casual employee who has a right to elect under clause 4.4.2(a), upon receiving notice under clause 4.4.2(b) or after the expiry of the time for giving such notice, may give 4 weeks' notice in writing to the employer that the employee seeks to elect to convert the employee's contract of employment to full-time or part-time employment, and within 4 weeks of receiving such notice the employer shall consent to or refuse the election but shall not unreasonably so refuse. Any dispute about a refusal of an election to convert a contract of employment shall be dealt with as far as practicable with expedition through the grievance procedure.
- (e) Once a casual employee has elected to become and been converted to a full-time employee or a part-time employee, the employee may only revert to casual employment by written agreement with the employer.
- (f) If a casual employee has elected to have the employee's contract of employment converted to full-time or part-time employment in accordance with clause 4.4.2(d), the employer and employee in accordance with clause 4.4 shall discuss and agree upon:
 - (i) which form of employment the employee will convert to, that is, full-time or part-time; and
 - (ii) if it is agreed that the employee will become a part-time employee, the number of hours and the pattern of hours that will be worked, as set out in clause 4.3.2:

Provided that an employee who has worked on a full-time basis throughout the period of casual employment has the right to elect to convert the employee's contract of employment to full-time

employment and an employee who has worked on a part-time basis during the period of casual employment has the right to elect to convert the employee's contract of employment to part-time employment, on the basis of the same number of hours and times of work as previously worked, unless other arrangements are agreed upon between the employer and employee.

Following such agreement being reached, the employee shall convert to full-time or part-time employment.

Where, in accordance with clause 4.4.2(d) an employer refuses an election to convert, the reasons for doing so shall be fully stated to and discussed with the employee concerned and a genuine attempt made to reach agreement.

Any dispute about the arrangements to apply to an employee converting from casual employment to full-time or part-time employment shall be dealt with as far as practicable with expedition through the grievance procedure.

- (g) By agreement between the employer and the majority of the employees in the relevant workplace, or section of it, or with the casual employee concerned, the employer may apply clause 4.4.2(a) as if the reference to 6 months is a reference to 12 months, but only in respect of a currently engaged individual employee or group of employees. Any such agreement shall be recorded in the time and wages records. Any such agreement reached with an individual employee may only be reached within the 2 months prior to the end of the period of 6 months referred to in clause 4.4.2(a).

4.4.3 (a) An employer when engaging a person for casual employment must inform the employee then and there that the employee is to be employed as a casual, stating by whom the employee is employed, the job to be performed and the classification level, the actual or likely number of hours required, and the relevant rate of pay.

- (b) The employer shall give to a casual employee who has been engaged for one or more periods of employment extending over 3 or more weeks in any calendar month, and whose employment is or is likely to be ongoing, a notice in writing signed by or on behalf of the employer stating:

- (i) the name and address of the employer;
- (ii) if the employee has been engaged by the employer to perform work on hire to another person or company or is regularly engaged to perform work on hire to other persons or companies, a statement to that effect;
- (iii) the job to be performed and the classification level on which the employee has been or is likely to be engaged;
- (iv) as far as practicable, the terms of the current engagement, including the likely number and likely pattern of hours required to be worked, the base hourly rate upon which the casual loading is calculated, the casual loading and the total casual rate; and
- (v) the contingency on which the engagement expires, or the notice, if any, that will be given to terminate any ongoing employment.

Schedule 7 to this Award provides a *pro forma* letter for compliance with the requirements of clause 4.4.

- (c) It shall be sufficient compliance with clause 4.4.3(b) if the employer gives such a note in writing upon or following the first occasion on which the casual employee has been so engaged for a period or periods extending over 3 or more weeks in any calendar month.

- (d) On each occasion a casual employee is required to attend work, the employee is entitled to payment for a minimum of 4 hours' work.

4.4.4 An employee must not be engaged and re-engaged to avoid any obligation under this Award.

4.4.5 (a) An "irregular casual employee" is one who has been engaged to perform work on an occasional or non-systematic or irregular basis.

- (b) The provisions of clause 4.4.2 do not apply to irregular casual employees.

4.4.6 *Casual watchperson*

- (a) Casual watchperson is an employee who is engaged on a casual hourly basis, and may include a sugar mill worker who is otherwise employed in a sugar mill but who also accepts a separate engagement to

perform watchman duties. Such employee shall be paid 23% in addition to the wage rate prescribed for a General Operator - Level 2.

- (b) Casual watchpersons may be employed, at any time during the 7 days of the week, with a minimum of 4 hours per engagement where the engagement does not exceed 4 hours and a minimum of 8 hours for engagement exceeding 4 hours.
- (c) All time worked by casual watchpersons in excess of 8 hours on any one day shall be paid for at overtime rates. For the purposes of clause 4.4.6(c) "day" means the period of 24 hours from the commencement of each engagement.
- (d) The allowance prescribed by clause 6.2.6 shall not apply to casual watchpersons.

4.5 Incidental or peripheral tasks

4.5.1 An employer may direct an employee to carry out such duties as are reasonably within the limits of the employee's skill, competence, and training, consistent with the classification structure of this Award and use such tools and equipment as may be required provided that the employee has been properly trained in the use of such tools and equipment.

4.5.2 Any direction issued by an employer pursuant to clause 4.5.1 shall be consistent with the employer's responsibility to provide a safe and healthy working environment.

4.6 Conditions of employment

All expenses incurred in engaging labour through labour agents shall be paid by the employer.

4.7 Anti-discrimination

4.7.1 It is the intention of the parties to this Award to prevent and eliminate discrimination as defined by the *Anti-Discrimination Act 1991* and the *Industrial Relations Act 1999* as varied from time to time, which includes:

- (a) discrimination on the basis of sex, marital status, family responsibilities, pregnancy, parental status, age, race, impairment, religion, political belief or activity, trade union activity, lawful sexual activity and association with, or relation to, a person identified on the basis of the above attributes;
- (b) sexual harassment; and
- (c) racial and religious vilification.

4.7.2 Accordingly in fulfilling their obligations under the grievance and disputes settling procedure in clause 3.1, the parties to this Award must take reasonable steps to ensure that neither the Award provisions nor their operation are directly or indirectly discriminatory in their effects.

4.7.3 Under the *Anti-Discrimination Act 1991* it is unlawful to victimise an employee because the employee has made or may make or has been involved in a complaint of unlawful discrimination or harassment.

4.7.4 Nothing in clause 4.7 is to be taken to affect:

- (a) any different treatment (or treatment having different outcomes) which is specifically exempted under the *Anti-Discrimination Act 1991*; or
- (b) an employee, employer or registered organisation, pursuing matters of discrimination, including by application to the Human Rights and Equal Opportunity Commission/Anti-Discrimination Commission Queensland.

4.8 Termination of employment

4.8.1 Statement of employment

An employer shall, in the event of termination of employment, provide upon request to the employee who has been terminated a written statement specifying the period of employment and the classification or type of work performed by the employee.

4.8.2 Termination by employer

- (a) An employer may dismiss an employee only if the employee has been given the following notice:

Period of Continuous Service	Period of Notice
Not more than 1 year	1 week
More than 1 year but not more than 3 years	2 weeks
More than 3 years but not more than 5 years	3 weeks
More than 5 years	4 weeks

- (b) In addition to the notice in clause 4.8.2(a), employees 45 years old or over and who have completed at least 2 years' continuous service with the employer shall be entitled to an additional week's notice.
- (c) Payment in lieu of notice shall be made if the appropriate notice is not given:
- Provided that employment may be terminated by part of the period of notice specified and part payment in lieu thereof.
- (d) In calculating any payment in lieu of notice the minimum compensation payable to an employee will be at least the total of the amounts the employer would have been liable to pay the employee if the employee's employment had continued until the end of the required notice period. The total must be worked out on the basis of:
- (i) the ordinary working hours to be worked by the employee; and
 - (ii) the amounts payable to the employee for the hours including for example allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.
- (e) The period of notice in clause 4.8.2 shall not apply in the case of dismissal for misconduct or other grounds that justify instant dismissal, or in the case of a casual employee, or an employee engaged by the hour or day, or an employee engaged for a specific period or tasks.

4.8.3 *Notice of termination by employee*

The notice of termination required to be given by an employee shall be the same as that required of an employer, save and except that there shall be no additional notice based on the age of the employee concerned. If an employee fails to give notice the employer shall have the right to withhold monies due to the employee with a maximum amount equal to the amount the employee would have received under clause 4.8.2.

4.8.4 *Time off during notice period*

During the period of notice of termination given by the employer, an employee shall be allowed up to one day's time off without loss of pay for the purpose of seeking other employment. This time off shall be taken at times that are convenient to the employee after consultation with the employer.

4.9 Introduction of changes

4.9.1 *Employer's duty to notify*

- (a) Where an employer decides to introduce changes in production, program, organisation, structure or technology, that are likely to have significant effects on employees, the employer shall notify the employees who may be affected by the proposed changes and, where relevant, their Union or Unions.
- (b) "Significant effects" includes termination of employment, major changes in the composition, operation or size of the employer's workforce or in the skills required; the elimination or diminution of job opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations and the restructuring of jobs:

Provided that where the Award makes provision for alteration of any of the matters referred to herein an alteration shall be deemed not to have significant effect.

4.9.2 *Employer's duty to consult over change*

- (a) The employer shall consult the employees affected and, where relevant, their Union or Unions about the introduction of the changes, the effects the changes are likely to have on employees (including the number and categories of employees likely to be dismissed, and the time when, or the period over which, the employer intends to carry out the dismissals), and the ways to avoid or minimise the effects of the changes (e.g. by finding alternate employment).

- (b) The consultation must occur as soon as practicable after making the decision referred to in clause 4.9.1.
- (c) For the purpose of such consultation the employer shall provide in writing to the employees concerned and, where relevant, their Union or Unions, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees, and any other matters likely to affect employees:

Provided that an employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.10 Redundancy

4.10.1 Consultation before terminations

- (a) Where an employer decides that the employer no longer wishes the job the employee has been doing to be done by anyone, and this is not due to the ordinary and customary turnover of labour, and that decision may lead to termination of employment, the employer shall consult the employee directly affected and where relevant, their Union or Unions.
- (b) The consultation shall take place as soon as it is practicable after the employer has made a decision, which will invoke the provisions of clause 4.10.1(a) and shall cover the reasons for the proposed terminations, measures to avoid or minimise the terminations and/or their adverse affects on the employees concerned.
- (c) For the purpose of the consultation the employer shall, as soon as practicable, provide in writing to the employees concerned and, where relevant, their Union or Unions, all relevant information about the proposed terminations including the reasons for the proposed terminations, the number and categories of employees likely to be affected, the number of workers normally employed and the period over which the terminations are likely to be carried out:

Provided that an employer shall not be required to disclose confidential information, the disclosure of which would be adverse to the employer's interests.

4.10.2 Transfer to lower paid duties

- (a) Where an employee is transferred to lower paid duties for reasons set out in clause 4.10.1 the employee shall be entitled to the same period of notice of transfer as the employee would have been entitled to if the employee's employment had been terminated under clause 4.10.
- (b) The employer may, at the employer's option, make payment in lieu thereof of an amount equal to the difference between the former amounts the employer would have been liable to pay and the new lower amount the employer is liable to pay the employee for the number of weeks of notice still owing.
- (c) The amounts must be worked out on the basis of:
 - (i) the ordinary working hours to be worked by the employee; and
 - (ii) the amounts payable to the employee for the hours including for example, allowances, loadings and penalties; and
 - (iii) any other amounts payable under the employee's employment contract.

4.10.3 Transmission of business

- (a) Where a business is, whether before or after the date of insertion of clause 4.10 in the Award. transmitted from an employer (transmittor) to another employer (transmittee), and an employee who at the time of such transmission was an employee of the transmittor of the business, becomes an employee of the transmittee:
 - (i) the continuity of the employment of the employee shall be deemed not to have been broken by reason of such transmission; and

- (f) recognise that in order to increase the efficiency, productivity and international competitiveness of the sugar industry, a greater commitment to training and skill development is required.

Such payments include wages payable pursuant to certified agreements, currently operating enterprise flexibility agreements, Queensland workplace agreements, award amendments to give effect to enterprise agreements and overaward arrangements. Absorption which is contrary to the terms of an agreement is not required.

Increases made under previous State Wage Cases or under the current Statement of Principles, excepting those resulting from enterprise agreements, are not to be used to offset arbitrated wage adjustments.

- (d) The wage rate listed above incorporates all existing all-purpose skill allowances that were previously paid under the old classification structure.
- (e) "Overaward payment" is defined as the amount (whether it be termed "overaward payment", "attendance bonus", "service increment", or any term whatsoever) which an employee would receive in excess of the "Award Wage" which applied immediately prior to the date of operation of any broadbanning adjustment awarded by the Commission for the classification in which the employee is engaged:

Such payment shall exclude overtime, shift allowances, penalty rates, allowances, fares and travelling time allowances and any other ancillary payment of a like nature.

Provided that Column 1 and Column 5 prescribe the basic fixed and operational costs to be reimbursed for tip trucks and non tip trucks respectively. These rates include a component for travelling to and from the recognised starting point.

Column 2 and Column 6 prescribes the kilometre rate for vehicles in excess of 10 tonnes for any working distance in excess of the kilometres shown in Columns 4 and 8 for each period of ordinary weekly hours.

Columns 4 and 8 prescribe the minimum number of working kilometres which must be performed before the excess kilometre rate as shown in Columns 2 and 6 applies.

Columns 3 and 7 prescribe the minimum weekly rate that shall be paid for each period of ordinary weekly hours except where such rate is less than that prescribed in Columns 1 and 5.

No load shall exceed the limit prescribed by or under any Queensland State Act.

For any periods of more or less than the ordinary weekly hours and/or days a *pro rata* adjustment to the basic weekly rate as shown in Column 1 Tip Trucks and Column 5 Non Tip Trucks shall be made before calculating any additional kilometric payment.

The truck hire rate shall be calculated in accordance with either of the following formulae whichever is the greater.

THR == The greater of A or B

where -

$$(i) \quad A == \left[\{WR - (700 \times S)\} \frac{H}{Z} \right] + [20 \times P \times S] + [S(600 \times \frac{H}{Z})] + [Y \text{ (only if +ve, otherwise ignore)}]$$

where -

$$Y == [D - (600 \times \frac{H}{Z})] \times S$$

(ii) $B = NR \times H/Z$

(iii) where -

THR is the truck hire rate.

WR is the weekly rate (\$) (Column 1 or Column 5).

S is the kilometre rate (\$) (Column 2 or Column 6).

H is the actual time worked expressed in hours or part thereof.

Z is the ordinary weekly hours for a normal working week.

NR is the non-reduction rate (Column 3 or Column 7).

6.1.3 PART C

Hydraulic crane hire - Owner Drivers whose vehicle is fitted with a hydraulic crane shall be paid an additional hire rate component on days when the vehicle is engaged to perform work which requires the use of the crane.

Crane capacity	Rate per day \$	Recommended truck size
Up to 1 tonne metre	7.59	Up to 2-3 tonne
Over 1 tonne metre but less than or equal to 2 tonne metre	9.36	3-4 t to 5-6 t

Over 4 tonne metre	19.53	11-12 t and above

The hire rate component payable shall be determined by the crane capacity except where a crane is fitted which exceeds the legally recommended capacity for that vehicle. In such instances, the hire rate to be paid shall be the rate applicable to the maximum crane capacity recommended for that vehicle.

At times when the crane is not in use the vehicle weekly hire rate will be paid at the appropriate rate as specified in Part A of this Schedule calculated at the registered Gross Vehicle Mass less Vehicle Tare.
